From the authors of the award-winning *The Pollan Family Table*, a beautiful flexitarian cookbook that offers more than 100 delicious, simple, seasonal recipes for a plant-based lifestyle. "Eat food, not too much, mostly plants." With these seven words, Michael Pollan—brother of Lori, Dana, and Tracy Pollan, and son of Corky—started a national conversation about how to eat for optimal health. Over a decade later, the idea of eating mostly plants has become ubiquitous. But what does choosing "mostly plants" look like in real life? For the Pollans, it means eating more of the things that nourish us, and less of the things that don't. It means cutting down on the amount of animal protein we consume, rather than eliminating it completely, and focusing on vegetables as the building blocks of our meals. This approach to eating—also known as a flexitarian lifestyle—allows for flavor and pleasure as well as nutrition and sustainability. In *Mostly Plants*, readers will find inventive and unexpected ways to focus on cooking with vegetables—dishes such as Ratatouille Gratin with Chicken or Vegetarian Sausage; Crispy Kale and Potato Hash with Fried Eggs; Linguine with Spinach and Golden Garlic Breadcrumbs; and Roasted Tomato Soup with Gruyere Chickpea "Croutons". Like any family, the Pollans each have different needs and priorities: two are vegetarian; several are cooking for a crowd every night. In *Mostly Plants*, readers will find

recipes that satisfy all of these dietary needs, and can also be made vegan. And the best part: many of these dishes can be on the table in 35 minutes or less! With skillet-to-oven recipes, sheet pan suppers, one pot meals and more, this is real cooking for real life: meals that are wholesome, flavorful, and mostly plant based.

Squeaky Clean Keto marries the principles of clean eating with the ketogenic diet, resulting in reduced inflammation, faster weight loss, and better overall health. It provides readers with the methods and principles of squeaky clean keto (no grains, dairy, alcohol, sweeteners, or nuts), 30 days of easy-to-follow meal plans, and over 130 delicious recipes that are big on flavor and will appeal to even the pickiest of eaters. This book will help readers lose weight, feel healthier, and identify whether or not certain common allergens are hindering their progress—all while eating an abundance of delicious foods that the entire family can enjoy. Squeaky Clean Keto makes weight loss on keto almost effortless, even for people who are self-proclaimed "slow losers." Food intolerances and inflammation caused by common keto foods like dairy, nuts, and sweeteners can slow weight loss, so when those things are completely removed from the diet, many see rapid results that they weren't getting on "regular" keto. After 30 days of squeaky clean keto, slowly reintroducing the potentially offending foods can shine a light on which foods may have been stalling weight loss. With this information in hand,

Breakfast & Brunch 101

One potato, two potato, three potato-four! Introducing the next book in our thriving 101 series, 101 Things to do With a Potato. Each year, the average American consumes close to 140 pounds of potatoes. With that in mind, nothing seems better than a cookbook featuring one of America's major food staples—the potato! "Mrs. 101" Stephanie Ashcraft has ingeniously created simple recipes that take potatoes to a whole new level. Try a Breakfast Burrito in the morning, sample the Sausage Corn Chowder for lunch, have the Italian Potato Chips as a mid-afternoon snack, for dinner try the Potato Crust Pizza, and then savor the Sweet Potato Cheesecake for dessert! Stephanie Ashcraft, author of the New York Times best-selling 101 Things to do With a Cake Mix, is a full-time mom who has created and collected recipes for years. She also teaches a monthly cooking class for Macey's Little Cooking Theater in Orem and Provo, Utah. She is currently living in Provo, Utah, with her family.
