and is a major contributor to cardiovascular disease, the leading cause of death in the United States. Through proper management the effects of hypertension can be minimized. Dr. William Manger's "101 Questions & Answers About Hypertension" is a comprehensive Q&A format book providing the reader all the information they need to help manage hypertension and prevent its often lethal effects. "101 Questions & Answers About Hypertension" answers all the most important questions about hypertension and its relationship to other diseases, from hypothyroidism and Alzheimer's to arteriosclerosis and preeclampsia, among others. It also has suggestions for positive lifestyle changes as well as information on alternative and traditional treatment options and questions related to change of life and the effectiveness of blood pressure machines in pharmacies, shopping malls, etc. Question 8 addresses the enormous magnitude of hypertension in the United States. Hypertension is a precursor to stroke and cardiovascular disease. Cardiovascular disease kills nearly 1 million Americans every year and cripples and disables the same; it's also responsible for more than 52 million lost workdays. In addition, every year more than one-million people suffer heart attacks and 600,000 suffer strokes, a large percentage of both proving fatal. However, Dr. Manger is convinced these statistics can be reduced. Inspired by the decrease in the incidence of heart attack and stroke, Manger saw that with improved medical management and healthy lifestyle changes, hypertension could be controlled and its complications minimized or prevented. He believes a close patient-doctor relationship and a clear understanding of what hypertension is and how to manage it is essential for bringing it under control and minimizing the risk of further health complications. Even though Manger is positive overall about statistics, still there is room for improvement: nearly 30% of people suffering from hypertension go undiagnosed and only 27% of the 50 million people with this condition have their blood pressure under control. "101 Questions & Answers About Hypertension" seeks to reduce the statistical gap by giving readers a comprehensive understanding of hypertension so they are able to knowledgeably communicate with their doctors and make informed decisions and choices to improve their health and reduce health risk.

### **101 Questions and Answers on the Biblical Torah**

Joseph Kelley has written a short, accessible, thorough introduction to, and overview of, Christian teaching on death, judgment, hell and heaven, called in theology the "four last things." Presented in the popular 101 Questions format, this book shows how these four topics, also referred to as "Christian eschatology," have their ancient roots in the sacred books of the Hebrew Scriptures, especially in the later writings known as apocalyptic literature. The New Testament receives and builds upon Jewish thought and piety, finding in Jesus Christ a new revelation about the meaning of death, the nature of judgment, and God's desire that all be saved and united through Christ in heaven. Kelley clearly presents the major theological ideas about the four last things that have emerged in Christian history, as well as the sacramental and pastoral practices surrounding death. Questions range from the simple What makes a cemetery Catholic? to Does the Church believe in reincarnation? to What do other religions say about judgment? and What does it mean to say that Jesus sits at God's right hand in heaven? This one-step guide to Catholic teaching on death, judgment, heaven, and hell is a one-of-a-kind book and will make informative, fascinating reading for high school, college, and graduate courses in theology, religion, psychology, social work, counseling, and ministry, especially death and dying courses. How well do we really know ancient Egypt? The world of the Egyptians seems strangely familiar to us: exhibitions of ancient art and archaeological discoveries in the desert sands continue to generate interest and amazement, while Egyptian motifs appear in architecture, literature, artworks, advertising, and film. Yet, this modern reception can sometimes preserve the myths and inaccuracies about ancient Egypt that derive from classical antiquity and the Renaissance. It is only in the past two hundred years that we have been able to read for ourselves ancient Egyptian texts and to reveal the true nature of its civilization through excavation. This modern discovery of ancient Egypt is now astonishing us with a culture of incomparable richness and remarkable diversity. In this book, the internationally acclaimed Egyptologist Thomas Schneider asks, "What are the 101 most important questions about ancient Egypt?" The questions he has chosen—and the answers he provides—challenge almost everything we thought we knew about the ancient civilization in the Nile valley. They range from the surprising ("Why did upper-class Egyptians never wear a beard?") to the profound ("Was ancient Egypt a culture of death?") and the provocative ("What do we not know about ancient Egypt?"). Schneider's answers will surprise, inspire, and challenge a wide range of readers. Ancient Egypt in 101 Questions and Answers provides a completely fresh way of looking at all aspects of ancient Egypt—from history, art, and everyday life to religion and ancient attitudes to death and the afterlife.

### **101 Questions & Answers on the Sacraments of Healing**

How can I pray better? How do I know God hears my prayers? How can I 'pray always, ' as Jesus commands? Why must I ask for things God already knows I need? Such were the questions that perplexed a young North African man, Augustine Aurelius (354-430), whose intense yearning for God led him into a profound and lifelong encounter with Christ in prayer. There Augustine found answers to these questions and to countless more answers not grounded in his own brilliance, but in prayer itself. In time, Augustine became a bishop and a Father of the Church, and has long been numbered among her saints. Yet of all the Church's saints, not one expresses the longing for God more beautifully, or explores the nature of prayer more helpfully, than St. Augustine. His words speak to us today as freshly as they did to his contemporaries. St. Augustine wrote many books, but never one devoted to prayer alone. Indeed, his teachings on prayer are scattered in many places. So from over 200 works, Fr. Cliff Ermatinger has gathered and translated Augustine's teachings on prayer, and now presents them here in a simple question-and-answer format. What emerges is nothing less than a rich new "catechism on prayer" by one of the Church's greatest saints.
