She's delivering a cake to the Dirty Angels motorcycle club's "homecoming" celebration for a member who just got out of prison. Little does she know baking that cake will change the rest of her life, not to mention, make her a target for a rival MC. When a decades old territory war threatens to rip them apart, Zak will do anything to keep Sophie, his club, and the town safe. But being from two different worlds, the threat they're under may not be worth the risk.

Nathan Ballingrud's Shirley Jackson Award winning debut collection is a shattering and luminous experience not to be missed by those who love to explore the darker parts of the human psyche. Monsters, real and imagined, external and internal, are the subject. They are us and we are them and Ballingrud's intense focus makes these stories incredibly intense and irresistible. These are love stories. And also monster stories. Sometimes these are monsters in their traditional guises, sometimes they wear the faces of parents, lovers, or ourselves. The often working-class people in these stories are driven to extremes by love. Sometimes, they are ruined; sometimes redeemed. All are faced with the loneliest corners of themselves and strive to find an escape. Nathan Ballingrud was born in Massachusetts but has spent most of his life in the South. He worked as a bartender in New Orleans and New York City and a cook on offshore oil rigs. His story "The Monsters of Heaven" won the inaugural Shirley Jackson Award. He lives in Asheville, North Carolina, with his daughter.

Concierto de Aranjuez

In my world, magic is an everyday thing. It's on street corners; it's in our schools, our homes and even our governments. Magic carpets share the sky with jets, international boxing shares air time with magical duellists. It's a whole mess, but then nobody consulted me before outing every mage on the planet. My twin brother is a Wizard, and thinks he's the only magician in the family. It's actually a little funny that he hasn't suspected anything different in the last seventeen years, what with my constantly needing to keep his idiot face out of danger and stupidity, but that's not today's problem. You see, someone's trying to kill him. It started off with a shadow monster that was all but immune to my magic attacking him at school, and it went steadily downhill from there, meandering through an encounter with a succubus (a species I was told categorically didn't exist anymore), to nearly getting abducted by murderous homeless men and blasted by the government's anti-magic police, and that was just Monday! While I'm trying to help the idiot, I'm also doing my level best to keep him from finding out about my own powers (which are frankly so sinister that I was terrified of my own shadow for the first decade of my life), and make sure that in my blundering about trying to solve a mystery I can't trust the Supernatural Crimes Authority to investigate correctly, I don't draw the attention of the people with horrific monsters at their beck and call. Family can be such a pain

Desperate to save her children, Amanda flees toward the South of France. Along the way, a refugee ship headed for Cuba offers another chance at escape and there, at the dock, Amanda is forced to make an impossible choice that will haunt her for the rest of her life. Once in Haute-Vienne, her brief respite is interrupted by the arrival of Nazi forces, and Amanda finds herself in a labor camp where she must once again make a heroic sacrifice. New York, 2015. Eighty-year-old Elise Duval receives a call from a woman bearing messages from a time and country that she forced herself to forget. A French Catholic who arrived in New York after World War II, Elise is shocked to discover that the letters were from her mother, written in German during the war. Based on true events and “breathtakingly threaded together from start to finish with the sound of a beating heart” (The New York Times Book Review), *The Daughter’s Tale* is an unforgettable family saga of love, survival, and redemption.

CCDE Study Guide

This book analyses the doctrinal structure and content of secondary liability rules that hold internet service providers liable for the conduct of others, including the safe harbours (or immunities) of which they may take advantage, and the range of remedies that can be secured against such providers. Many such claims involve intellectual property infringement, but the treatment extends beyond that field of law. Because there are few formal international standards which govern the question of secondary liability, comprehension of the international landscape requires treatment of a broad range of national approaches. This book thus canvasses numerous jurisdictions across several continents, but presents these comparative studies thematically to highlight evolving commonalities and trans-border commercial practices that exist despite the lack of hard international law. The analysis presented in this book allows exploration not only of contemporary debates about the appropriate policy levers through which to regulate intermediaries, but also about the conceptual character of secondary liability rules.

Film-induced Tourism

In this thorough investigation of Calvinist doctrine, John Leith defines the Reformer's teaching on Christian life in the context of his theology. He begins with a discussion of what it means to say that the purpose of Christian life is the glory of God. He then discusses Christian life in relation to four aspects of Calvinist thought: justification by faith alone; providence and predestination; history and the transhistorical; church and society. Leith's concluding statement summarizes the importance of this book. "Calvin's doctrine of the Christian life represents a magnificent effort to give expression to what it means to have to do with the living God every moment of one's life. No interpretation of the sola gloria Dei ["only God's glory"] has been more vivid and dynamic than Calvin's. For this reason he speaks to the needs of this generation, which, at least until recently, has been more frequently concerned about the glory of humankind than that of God and which has fallen victim to many false gods and vicious ideologies. Yet if Calvinism is to render its full service to our day, it must be interpreted in the context of the shared faith of the total Christian community. On the basis of Calvin's own principles, no human statement of Christian faith can ever be final and must be continually reformed by the Christian community's apprehension of the word of God as revealed in Jesus Christ."

This book explains how to monitor, test, and diagnose IPTV systems and services. Covered are the quantitative (packet loss, error rate) and qualitative (perceptual) quality measurement and control processes. Discover how quality of experience (QoE) can be very different than traditional quality of service (QoS) measurements. IPTV systems are complex multimedia communication systems and communicating through them involves the use of multiple layers, which can make testing and diagnostics more difficult. Discover how different layers in an IPTV system can interact and why multilayer testing may be used to evaluate and diagnose operation and performance issues. Learn about audio, video, and MPEG formats and what parts of them can be measured in IPTV systems. Audio quality characteristics including fidelity, frequency response, and signal to noise ratio are described. Key video quality characteristics such as error blocks, aliasing effects, object retention, and artifacts are explained. Discover the different types of network measurements such as packet loss, gap loss, and jitter and how they influence quality of service (QoS). The types of content measurements such as frame loss rate (FLR), synchronization loss, and audiovisual synchronization offset are explained. Command and control measurements such as channel change time, encoder initialization time, and connect time are described. The fundamentals of full reference, partial reference, and zero reference quality processes such as MDI, MPQM, and V-Factor are explained. Other types of quality measures including video, audio, synchronization, interaction (control), and other measurable values are explained. The different types of testing including laboratory, acceptance, conformance, field, and diagnostic testing are described along with some of the common types of IPTV test equipment that are used. You will learn about the different types of network monitoring devices and probes that are used in IPTV systems, what they can do, and how to understand and analyze the information they provide to determine the operation and performance of the IPTV system. Find out about test client software and how it can be installed in devices such as set top boxes which can measure and report back performance information to a network monitoring system. The Early Years collects the lyrics—formative and classic—from the first ten albums of this true bard of hard living. A celebration of both his words and of the artist himself, this lyrical biography charts the course from Wait's emotional debut album, Closing Time (1977), to the experimental stirrings in Heartattack and Vine (1991) and One from the Heart (1992). Here the words achieve a new potency, adding further dimension to this singularly gifted artist.

Impressionistic Study of Two Girls

142 black and white images - this book is ENTIRELY pictorial. From the first instant that I saw the work of Monet and Renoir in an art galley decades ago I was astonished and admired the work so intently that I resolved to create some images that would at least attempt the world of impressionism even though I must describe myself as much more of an 'Ansel Adams' acolyte. The following images are the result. For those who are interested in such things, all the images contained herein were taken with a wide variety of cameras ranging from a Nikon F3 35mm film camera through a Nikon N8008. The author began photography and photo-journalism in early 1963 when he accepted an offer from his local newspaper to write about and photograph sports events at the Arizona high school where he was a junior. After a stint in the service, he had an opportunity to study photography and printing techniques with Bernard Hoffman, a true gentleman and scholar, and one of the earliest staff photographers for Life Magazine. Since that time he has had thousands of photographs and hundreds of articles published by more than 60 national and international periodicals. He was also a contributing editor for one of them for more than ten years. Topics ran the gamut from professional sports, medicine, archeology, and photography to science. After twenty years away from Arizona he returned in 1985 and it has been the base from which all his photographic excursions are launched. Along with many others he has embraced digital photography but can still be seen, from time to time, peering through the ground glass of a large format camera, hoisting a large medium format 6x7, or indeed still using a 35mm film camera. The photographer currently has fine art photography on exhibit at The Center for Fine Arts in Globe, Arizona, and is currently represented by more than ten stock photo agencies where he has more than 13,000 photographs available for commercial use.

There's no doubt he's hiding from a checkered past, but he does well keeping everything to himself until the night his schooner capsizes, and he's stuck on a life raft with one of the passengers. Raine's young, she's cute, and Bastian would probably be into her if he wasn't suffering from alcohol withdrawal. As the days pass, DTs, starvation, and dehydration become the norm. Even the most closed person starts to open up when he thinks he's going to die, but when she realizes their traumatic pasts are connected, it's no longer the elements that have Bastian concerned. He has no idea how he's going to Survive Raine. "Shay Savage's website almost cockily proclaims that she writes "Fiction with Teeth." HA! Nothing cocky about the truth, my friends. I guarantee, that is maybe the **only** accurate way to sum up the dark, unsettling, exciting, unapologetic, fascinating, shocking, frank,

graphic, primal, crude, sexy, at times horrific, consistently compelling experience that is Surviving Raine!!" -Elizabeth (Sweptawaybyromance.com) There are moments in Surviving Raine that will make you laugh, make you cry, and make your heart (and other parts) clench. This is one you will definitely want to put on your TBR list! -Kassie and Lauren (fics2flicks.com)

The Daughter's Tale

John Calvin's Doctrine of the Christian Life

I used to think that my life was boring. I resigned myself to the rut I was stuck in. Then my entire existence was turned upside down. In the last six months, I've learned things that would get me committed to an asylum if I repeated them. First, I was kidnapped by vampires. Yes, vampires. Sounds crazy, right? My best friend, Donna, became one of the fanged after that little adventure and hooked up with a hot, Scottish vampire named Conner. They're even planning a wedding. Secondly, I learned not all vampires are evil. In fact, some of them are downright sexy. Alexander Dimitriades has it all. He's tall, dark, and handsome and manages to give me tingles in all the right place and also make me laugh. Unfortunately, to be with him, I would have to give up my humanity and I like being human. Then, there's the fact that the whole drinking blood thing gives me the heebie jeebies. To make matters worse, there are plans in motion to change the place vampires hold in the human world. And I'm caught in the middle, between the vampire I'm falling in love with and a group that wants to create a vampire dictatorship, with humans as slaves. Now, all I want is my calm, normal life back. As my friend, Ricki, likes to say, "Be careful what you wish for because it might come and bite you on the ass." I hate it when she's right. *This

Once upon a time, humankind ruled the world while lycans and vampires lived in secret. This is no longer that time. Rae Blood Day - the culmination of my training. The day I find out my fate. I will not cry. I will not beg. I will remain calm. Emotions are for the weak, and I am not weak. My name is Rae and I will survive this. But I never expected him to call my name. Kylan. Someone wants to frame me for immortal insanity? Be my guest, darling. I'll just pick a fighter as my bait, a consort with a hint of defiance. And when the culprit attempts to bite, I'll be the one who bites back. Because no one touches what's mine, including the fiery redhead at my side. Welcome to Kylan City. I dare you all to come out and play. **** Oh, no. This wasn't good. I couldn't afford for Kylan to be interested, not with immortality dancing at my fingertips. You can't want me, I thought. But how did I convey that? I do something. My jaw clenched in frustration, not knowing how to stop this - him. His grip on my chin tightened painfully, his growl vibrating my chest. It took me too long to realize why, to realize what I'd done. His tongue was trapped between my teeth. I'd just bitten him. I'd just bitten a royal vampire. And not just any royal vampire, but Kylan, the oldest royal in existence.
