The Speeches of Fannie Lou Hamer

In this fascinating book, Chris Abbott, the Deputy Director of a leading think tank, takes a close look at the ideas that have shaped modern society, and the power of those global beliefs to inspire people, for better or worse, to do great things. Abbott draws upon his political expertise to explain how our current understanding of concepts such as good and evil, equality and confrontation, peace and war, has its roots in pivotal moments of history. Those moments are captured in the words of a range of influential figures u from Emmeline Pankhurst, Dwight D Eisenhower and Ghandi, to Ronald Reagan, Tim Collins and Osama bin Laden. As well as providing transcripts, 21 Speeches that Shaped Our World explores themes such as 'might is right', 'with us or against us' and 'give peace a chance'. 100 Speeches That Changed the World

Is international terrorism really the single greatest threat to world security? Since the 9/11 attacks, many Western governments assume terrorism to be the greatest threat we face. In response, their dangerous policies attempt to maintain control and keep the status quo by using overwhelming military force. This important book shows why this approach has been such a failure, and how it distracts us from other, much greater, threats of climate change, competition over resources, marginalisation of the majority of the world and global militarisation. Unless urgent, coordinated action is taken in the next 5-10 years on all these issues it will be almost impossible to avoid the earth becoming a highly unstable place by the middle years of this century. Beyond Terror offers an alternative path for politicians, journalists and concerned citizens alike.

Speeches that Changed the World

Subversives traces the FBI's secret involvement with three iconic figures at Berkeley during the 1960s: the ambitious neophyte politician Ronald Reagan, the fierce but fragile radical Mario Savio, and the liberal university president Clark Kerr. Through these converging narratives, the award-winning investigative reporter Seth Rosenfeld tells a dramatic and disturbing story of FBI surveillance, illegal break-ins, infiltration, planted news stories, poison-pen letters, and secret detention lists. He reveals how the FBI's covert operations—led by Reagan's friend J. Edgar Hoover—helped ignite an era of protest, undermine the Democrats, and benefit Reagan personally and politically. At the same time, he vividly evokes the life of Berkeley in the early sixties—and shows how the university community, a site of the forward-looking idealism of the period, became a battleground in an epic struggle between the government and free citizens. The FBI spent more than \$1 million trying to block the release of the secret files on which Subversives is based, but

Rosenfeld compelled the bureau to release more than 250,000 pages, providing an extraordinary view of what the government was up to during a turning point in our nation's history. Part history, part biography, and part police procedural, *Subversives* reads like a true-crime mystery as it provides a fresh look at the legacy of the sixties, sheds new light on one of America's most popular presidents, and tells a cautionary tale about the dangers of secrecy and unchecked power.

Free Speech

Lee Bollinger is one of our foremost experts on the First Amendment--both an erudite scholar and elegant advocate. In this sweeping account, he explores the troubled history of a free press in America and looks toward the challenges ahead. The first amendment guaranteed freedom of the press in seemingly clear terms. However, over the course of American history, Bollinger notes, the idea of press freedom has evolved, in response to social, political, technological, and legal changes. It was not until the twentieth century that freedom of the press came to be understood as guaranteeing an "uninhibited, robust and wide-open" public discourse. But even during the twentieth century, government continually tried to erect barriers: the sedition laws of World War One, the use of libel law, the Pentagon Papers case, and efforts to limit press access to information. Bollinger utilizes this history to explore the meaning of freedom of the press in our globalized, internet-dominated era. As he shows, we have now entered uncharted

territory. What does press freedom mean when our news outlets can instantaneously disseminate information throughout the world? When foreign media have immediate access to the American market? Bollinger stresses that even though the law will surely evolve in the coming years, we must maintain our commitment to a press that is "uninhibited, robust, and wide-open," not only in America but everywhere. Given the new ability of foreign media to reach the United States via the Internet and vice versa, it is in America's national interest for press freedoms to expand overseas. While protecting the freedom of the press at home remains a crucial task, the next challenge is to help create a global public forum suitable for an increasingly interconnected world. Part of Oxford's landmark Inalienable Rights series, this book will set the agenda for how we think about the press in the twenty-first century.

Freedom of Expression in the 21st Century

In this rare peak into the personal life of the author of numerous bestselling novels, gain an understanding of David Foster Wallace and how he became the man that he was. Only once did David Foster Wallace give a public talk on his views on life, during a commencement address given in 2005 at Kenyon College. The speech is reprinted for the first time in book form in *This is Water*. How does one keep from going through their comfortable, prosperous adult life unconsciously? How do we get ourselves out of the

foreground of our thoughts and achieve compassion? The speech captures Wallace's electric intellect as well as his grace in attention to others. After his death, it became a treasured piece of writing reprinted in The Wall Street Journal and the London Times, commented on endlessly in blogs, and emailed from friend to friend. Writing with his one-of-a-kind blend of causal humor, exacting intellect, and practical philosophy, David Foster Wallace probes the challenges of daily living and offers advice that renews us with every reading.

Great Speeches

J.K. Rowling, one of the world's most inspiring writers, shares her wisdom and advice. In 2008, J.K. Rowling delivered a deeply affecting commencement speech at Harvard University. Now published for the first time in book form, VERY GOOD LIVES presents J.K. Rowling's words of wisdom for anyone at a turning point in life. How can we embrace failure? And how can we use our imagination to better both ourselves and others? Drawing from stories of her own post-graduate years, the world famous author addresses some of life's most important questions with acuity and emotional force.

The Acts of the Apostles

One of the great political writers of our time offers a manifesto for global free speech in the digital age. Never in human history was there such a chance for freedom of expression. If we have Internet access,

Where To Download 21 Speeches That Shaped Our World The People And Ideas Changed Way We Think Kindle Edition Chris Abbott

any one of us can publish almost anything we like and potentially reach an audience of millions. Never was there a time when the evils of unlimited speech flowed so easily across frontiers: violent intimidation, gross violations of privacy, tidal waves of abuse. A pastor burns a Koran in Florida and UN officials die in Afghanistan. Drawing on a lifetime of writing about dictatorships and dissidents, Timothy Garton Ash argues that in this connected world that he calls cosmopolis, the way to combine freedom and diversity is to have more but also better free speech. Across all cultural divides we must strive to agree on how we disagree. He draws on a thirteen-language global online project--freespeechdebate.com--conducted out of Oxford University and devoted to doing just that. With vivid examples, from his personal experience of China's Orwellian censorship apparatus to the controversy around Charlie Hebdo to a very English court case involving food writer Nigella Lawson, he proposes a framework for civilized conflict in a world where we are all becoming neighbors.

controversy over free speech on college campuses. On one side, there are increased demands to censor hateful, disrespectful, and bullying expression and to ensure an inclusive and nondiscriminatory learning environment. On the other side are traditional free speech advocates who charge that recent demands for censorship coddle students and threaten free inquiry. In this clear and carefully reasoned book, a university chancellor and a law school dean—both constitutional scholars who teach a course in free speech to undergraduates—argue that campuses must provide supportive learning environments for an increasingly diverse student body but can never restrict the expression of ideas. This book provides the background necessary to understanding the importance of free speech on campus and offers clear prescriptions for what colleges can and can't do when dealing with free speech controversies.

Beyond Terror

Most people who have heard of Fannie Lou Hamer (1917-1977) are aware of the impassioned testimony that this Mississippi sharecropper and civil rights activist delivered at the 1964 Democratic National Convention. Far fewer people are familiar with the speeches Hamer delivered at the 1968 and 1972 conventions, to say nothing of addresses she gave closer to home, or with Malcolm X in Harlem, or even at the founding of the National Women's Political Caucus. Until now, dozens of Hamer's speeches have been buried in archival collections and in the basements of movement veterans. After years of combing library archives, government documents, and private collections across the country, Maegan Parker Brooks and Davis W. Houck have selected twenty-one of Hamer's most important speeches and testimonies. As the first volume to exclusively showcase Hamer's talents as an orator, this book includes speeches from the better part of her fifteen-year activist career delivered in response to occasions as distinct as a Vietnam War Moratorium Rally in Berkeley, California, and a summons to testify in a Mississippi courtroom. Brooks and Houck have coupled these heretofore unpublished speeches and

testimonies with brief critical descriptions that place Hamer's words in context. The editors also include the last full-length oral history interview Hamer granted, a recent oral history interview Brooks conducted with Hamer's daughter, as well as a bibliography of additional primary and secondary sources. The Speeches of Fannie Lou Hamer demonstrates that there is still much to learn about and from this valiant black freedom movement activist.

Political Speeches

From “one of the most brilliant young psychologists of her generation” (Paul Bloom), a groundbreaking examination of how speech causes some of our deepest social divides—and how it can help us overcome them. We gravitate toward people like us; it’s human nature. Race, class, and gender shape our social identities, and thus who we perceive as “like us” or “not like us”. But one overlooked factor can be even more powerful: the way we speak. As the pioneering psychologist Katherine Kinzler reveals in *How You Say It*, the way we talk is central to our social identity because our speech largely reflects the voices we heard as children. We can change how we speak to some extent, whether by “code-switching” between dialects or learning a new language; over time, your speech even changes to reflect your evolving social identity and aspirations. But for the most part, we are forever marked by our native tongue—and are hardwired to prejudge others by theirs, often with serious consequences. Your accent alone can determine the economic opportunity or discrimination you encounter in life, making speech one of the most urgent social-justice issues of our day. Our linguistic differences present challenges, Kinzler shows, but they also can be a force for good. Humans can benefit from being exposed to multiple

languages—a paradox that should inspire us to master this ancient source of tribalism, and rethink the role that speech plays in our society.

Civil War Speeches

'Two things alone I long for: first, that when I die I may leave the Roman people free and second, that each person's fate may reflect the way he has behaved towards his country.' Cicero (106-43 BC) was the greatest orator of the ancient world and a leading politician of the closing era of the Roman republic. This book presents nine speeches which reflect the development, variety, and drama of his political career, among them two speeches from his prosecution of Verres, a corrupt and cruel governor of Sicily; four speeches against the conspirator Catiline; and the Second Philippic, the famous denunciation of Mark Antony which cost Cicero his life. Also included are *On the Command of Gnaeus Pompeius*, in which he praises the military successes of Pompey, and *For Marcellus*, a panegyric in praise of the dictator Julius Caesar. These new translations preserve Cicero's rhetorical brilliance and achieve new standards of accuracy. A general introduction outlines Cicero's public career, and separate introductions explain the political significance of each of the speeches. Together with its companion volume, *Defence Speeches*, this edition provides an unparalleled sampling of Cicero's oratorical achievements. ABOUT THE SERIES: For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe. Each affordable

volume reflects Oxford's commitment to scholarship, providing the most accurate text plus a wealth of other valuable features, including expert introductions by leading authorities, helpful notes to clarify the text, up-to-date bibliographies for further study, and much more.

The Seat of the Soul

The history of the world as witnessed through the most inspiring, rousing, and memorable speeches ever given. Throughout history, passionate orators have rallied nations, challenged accepted beliefs, and changed the course of history. Colin Salter has identified one-hundred of history's most inspirational, momentous, and thought-provoking speeches from ancient Rome and Athens to the 21st century and puts them into context, telling the stories behind the words that made history. A celebration of the power of spoken rhetoric at its finest, this book profiles the words of the world's greatest public speakers. The speeches covered span the spectrum from stirring calls to arms to impassioned pleas for peace, along with speeches that marked major historical events such as the abolition of slavery, women achieving the right to vote, and the expansion of civil rights. Each speech features a concise introduction along with detailed analysis accompanied by key illustrations and photographs. Highlighted speeches include: Elizabeth I's speech in preparation of the Spanish Armada (1588), Sojourner Truth's "Ain't I a Woman" (1851), Lincoln's Gettysburg Address (1863), Franklin D. Roosevelt, "Only thing we have to fear is fear

itself" (1933), Winston Churchill, "Blood, Sweat and Tears" (1940), Martin Luther King, "I Have a Dream" (1963), Harvey Milk's "Hope Speech" (1978), Margaret Thatcher's "The Lady's not for Turning" (1980), Nelson Mandela on his release from prison (1990), among many more.

Great Speeches Of Our Time

No television, no internet, no twitter. 150 years ago public opinion was shaped, not by 30-second sound bytes, banner ads, or 140-character messages. It was shaped by people climbing upon the stage and speaking persuasively to audiences large and small. One speech, carefully constructed, passionately given, and widely circulated, could and did turn obscure politicians into national figures. Civil War Speeches is a collection of passionate words spoken by the people most intimately involved in the great debates of their time. There is an unmistakable truth that one man's traitorous zealot is another man's passionate patriot. The difference is geography. To Southerners, Frederick Douglass and William Garrison, proponents of the abolition of slavery, were extremists threatening a cherished way of life. To Northerners, firebrands like William Loundes Yancy and Robert Barnwell Rhett were fanatics seeking to destroy the union of the states. Their war of words soon devolved into the bloodiest war in American history. These volumes chronicle the drama that was

Where To Download 21 Speeches That Shaped Our World The People And Ideas Changed Way We Think Kindle Edition Chris Abbott

played out over the 15-year period (1850-1865) leading up to and comprising the Civil War. Read chronologically, these speeches show the evolution of public sentiment, molded by the speakers that placed great masses on a collision course. There are no glorious, death-defying bayonet charges to be found in these volumes. The weapons used by the speakers were simple appeals to patriotism and the defense of home and hearth; it was a question of whose flag was to fly over whose country. Civil War Speeches is designed to be every reader's speech reference and every librarian's resource. The editors have made every effort to either obtain the original text, or to reconcile differing texts, to provide the reader the authentic words of the speakers. The only change we have made to the text is to carefully edit the essential sections presented into modern spelling and grammar. Civil War Speeches presents 37 important speeches (20 in the North's volume, 17 in the South's volume) each placed in its correct historic context by a biographical sketch of the speaker, a history of the speech, and a thorough bibliography. Edited for readers, writers, and researchers at all levels, Civil War Speeches provides the user with a right-at-the-fingertips, easy-to-access speech reference. A century and a half after the guns have fallen silent, and long after the speakers have gone to their graves, their words still have power to stir the American soul, North and South.

The Speech

In this “slim but powerful book,” the award-winning journalist shares the dramatic story surrounding MLK’s most famous speech and its importance today (Boston Globe). On August 28, 1963, Dr. Martin Luther King Jr. led the historic March on Washington for Jobs and Freedom, where he delivered the most iconic speech of the civil rights movement. In *The Speech*, Gary Younge explains why King’s “I Have a Dream” speech maintains its powerful social relevance by sharing the dramatic story surrounding it. Today, that speech endures as a guiding light in the ongoing struggle for racial equality. Younge roots his work in personal interviews with Clarence Jones, a close friend of Martin Luther King Jr. and his draft speechwriter; with Joan Baez, a singer at the march; and with Angela Davis and other leading civil rights leaders. Younge skillfully captures the spirit of that historic day in Washington and offers a new generation of readers a critical modern analysis of why “I Have a Dream” remains America’s favorite speech. “Younge’s meditative retrospection on [the speech’s] significance reminds us of all the micro-moments of transformation behind the scenes—the thought and preparation, vision and revision—whose currency fed that magnificent lightning bolt in history.” —Patricia J. Williams, legal scholar and theorist

The Speeches of Frederick Douglass

The anniversary edition of this beloved bestseller is celebrated in Prefaces by Oprah Winfrey and Maya

Angelou and contains a new Foreword by the author, website links, and a new Study Guide to help readers find even deeper meaning and fulfillment. The Seat of the Soul encourages you become the authority in your own life. It will change the way you see the world, interact with other people, and understand your own actions and motivations. Beginning with evolution, Gary Zukav takes you on a penetrating exploration of the new phase humanity has entered: we are evolving from a species that understands power as the ability to manipulate and control—external power—into a species that understands power as the alignment of the personality with the soul--authentic power. Our evolution requires each of us to make the values of the soul our own: harmony, cooperation, sharing, and reverence for Life. Using his scientist's eye and philosopher's heart, Zukav shows us how to participate fully in this evolution, enlivening our everyday activities and all of our relationships with meaning and purpose. The Seat of the Soul has sold millions of copies around the globe, and as it changes lives, more and more people begin to live by the values of the spirit. Indeed, a new world is emerging, and this book brings its message to you.

In Our Time

In Our Time brings together 40 of the most memorable, eloquent and influential speeches since 1945. From stark warnings against the threat of totalitarianism to celebrations of independence long fought for, and from rallying-calls for political change to passionate defences of moral principle, Hywel

Williams's choice of speeches is richly eclectic in scope. This is an anthology with many voices: dictators and democrats, liberals and conservatives, nationalists and internationalists, soldiers and peace-makers, popes and presidents. The oratorical skills of some of the greatest political figures of the late 20th and early 21st centuries are on eloquent display here: Churchill and de Gaulle, Kennedy and King, Nehru and Nasser, Mandela and Mao, Thatcher and Blair, Clinton and Obama. Each speech is accompanied by a biography of the speaker, a concise introduction setting it in historical context, and a brief account of its impact and consequences. Both inspiring and thought-provoking, *Great Speeches of our Time* offers a unique and fascinating perspective on world history since 1945.

Speak Like Churchill, Stand Like Lincoln

Great Speeches collects over forty of the most powerful and stirring addresses delivered in the English language. It captures the significant historical events of the past 400 years in the words of their participants, from those speeches given in times of war and sorrow, such as Winston Churchill's *This Was Their Finest Hour*, to those delivered at moments of hope, such as Barack Obama's election victory address. Other speeches include Charles I, "Statement at the Trial of Charles Stuart, King of England"; Susan B. Anthony, "On a Woman's Right to Vote"; John F. Kennedy, "Ich bin ein Berliner"; and Nelson Mandela, "Inaugural Address." These speeches are arranged in chronological order for easy

In this fascinating book, Chris Abbott, a leading political analyst, takes a close look at 21 key speeches which have shaped the world today. He examines the power of the arguments embedded in these speeches to inspire people to achieve great things, or do great harm. Abbott draws upon his political expertise to explain how our current understanding of the world is rooted in pivotal moments of history. These moments are captured in the words of a range of influential speakers including: Emmeline Pankhurst, Martin Luther King, Jr, Enoch Powell, Napoleon Beazley, Kevin Rudd, Alexander Solzhenitsyn, Ronald Reagan, George W. Bush, Osama bin Laden, Margaret Beckett, Winston Churchill, Salvador Allende, Margaret Thatcher, Tony Blair, Tim Collins, Mohandas Gandhi, Dwight D. Eisenhower, Robin Cook and Barack Obama. The speeches in this book are arranged thematically, linked by concepts such as 'might is right', 'with us or against us' and 'give peace a chance'. Each transcript is accompanied by an insightful commentary that analyses how the words relate to our modern society.

around the world (as evidenced by the success of TED itself, whose most popular talk has been viewed 31 million times). In his first book, *Talk This Way*, he shares his passion for public speaking and offers a master-class in how to do it - not just how to give a great TED talk, but how to stand up and speak persuasively in front of any size of audience, whether that is a school classroom, making a video blog, in a business meeting or at a conference. The book brings together his experience of over two decades as the curator of TED, in which time he has listened to over one thousand stage talks, with advice from 30 of his all-time favourite TED speakers.

Free Speech on Campus

Precisely because freedom of expression varies across countries and cultures and across media types, freedom of expression is discussed across a spectrum of geopolitical and technological contexts. Robert Trager and Donna L. Dickerson investigate the tensions between censorship and expression, to reveal how complex, culturally charged, and historically deep these tensions can be. Discussions are typically framed around social issues and set in contexts that allow readers to see connections between expression and commerce, politics, economics, class, race, and gender. The new frontier of digital communications, especially the Internet, is revealed as the latest battleground for law and social policy.

A collection of Barack Obama's greatest speeches, now including his farewell address, selected and introduced by columnist E.J. Dionne and MSNBC host Joy-Ann Reid. "It is a political partisan's dream to see them [Obama's words] so finely gathered here." - Washington Post

We Are the Change We Seek is a collection of Barack Obama's 27 greatest addresses: beginning with his 2002 speech opposing the Iraq War and closing with his emotional farewell address in Chicago in January 2017. As president, Obama's words had the power to move the country, and often the world, as few presidents before him. Whether acting as Commander in Chief or Consoler in Chief, Obama adopted a unique rhetorical style that could simultaneously speak to the national mood and change the course of public events. Obama's eloquence, both written and spoken, propelled him to national prominence and ultimately made it possible for the son of a Kenyan man and a white woman from Kansas to become the first black president of the United States. These speeches span Obama's career--from his time in state government through to the end of his tenure as president--and the issues most important to our time: war, inequality, race relations, gun violence and human rights. The book opens with an essay placing Obama's oratorical contributions within the flow of American history by E.J. Dionne Jr., columnist and author of *Why The Right Went Wrong*, and Joy Reid, the host of *AM Joy* on MSNBC and author of *Fracture*.

Comprehensively updated with many new speeches including Earl Spencer's lament to "The extraordinary and irreplaceable Diana", Nikita Khrushchev's secret speech of 1956 signalling the beginning of the end of Stalinist Russia, Patrick Pearse's rousing funeral oration that fanned the flames of the Easter Rising, Kevin Rudd's historic apology to Australia's mistreated Aborigines and Barack Obama's momentous US election night victory speech. Alongside these are the finest war cries of Winston Churchill, Martin Luther King's prophetic "I have a dream" and "I've seen the promised land" speeches, the inspiring words of JFK and impassioned pleas from Nelson Mandela-the first at his trial in 1964 and the second on his election as president of South Africa in 1994. In addition are historic speeches from Elizabeth I, Charles I, Oliver Cromwell, George Washington, Napoleon Bonaparte, Abraham Lincoln, Emmeline Pankhurst, Mahatma Gandhi, Vladimir Lenin, Neville Chamberlain, Adolf Hitler, Joseph Stalin, Franklin D. Roosevelt, Charles de Gaulle, General George S. Patton, J Robert Oppenheimer, Mao Zedong, Malcolm X, Richard M. Nixon, Pope John Paul II, Vaclav Havel, Elie Wiesel, Mikhail Gorbachev and many other great historical figures. *Speeches that Changed the World* presents over 50 momentous and thought-provoking speeches from throughout history. Complete with a potted biography of each speaker, and telling the story of why each oration was significant and what happened as a result, this is a gripping history of the world told through its greatest and most impassioned speeches.

Throughout history, great speeches have produced great change. From inciting violence and asserting control to restoring peace and securing freedom, nothing has the raw emotional power of a speech delivered at the right moment, in the right place, with the right content, and the right delivery. *50 Speeches That Made The Modern World* is a celebration of the most influential and thought-provoking speeches that have shaped the world we live in. With comprehensive, chronological coverage of speeches from the 20th and 21st centuries, taken from all corners of the globe, it covers Emmeline Pankhurst's patiently reasoned condemnation of men's failure to improve ordinary women's lives in 1908 through speeches by Vladimir Lenin, Mahatma Gandhi, David Ben-Gurion, Albert Einstein, Fidel Castro, Nikita Khrushchev, Ernesto 'Che' Guevara, Martin Luther King, Malcolm X, Nelson Mandela, Benazir Bhutto, Osama Bin Laden and Aung San Suu Kyi, right up to the most compelling oratory surrounding the 2016 US Presidential elections. Through the rallying propaganda speeches during World War II to the cautious rhetoric of the Cold War period, through challenging the status quo on issues of race, gender and politics to public addresses to the masses on the issues of AIDS and terrorism, through apologies, complaints, warmongering, scaremongering and passionate pleas, this book delivers the most important speeches of the modern era and why they still remain so significant. Each speech has an introduction explaining its setting, importance and impact as well as marginal notes filling in any background information.

21 Speeches That Shaped Our World

#1 New York Times Bestseller OPRAH'S BOOK CLUB PICK "Extraordinary." —Stephen King "This book is not simply the great American novel; it's the great novel of las Americas. It's the great world novel! This is the international story of our times. Masterful." —Sandra Cisneros También de este lado hay sueños. On this side, too, there are dreams. Lydia Quixano Pérez lives in the Mexican city of Acapulco. She runs a bookstore. She has a son, Luca, the love of her life, and a wonderful husband who is a journalist. And while there are cracks beginning to show in Acapulco because of the drug cartels, her life is, by and large, fairly comfortable. Even though she knows they'll never sell, Lydia stocks some of her all-time favorite books in her store. And then one day a man enters the shop to browse and comes up to the register with a few books he would like to buy—two of them her favorites. Javier is erudite. He is charming. And, unbeknownst to Lydia, he is the jefe of the newest drug cartel that has gruesomely taken over the city. When Lydia's husband's tell-all profile of Javier is published, none of their lives will ever be the same. Forced to flee, Lydia and eight-year-old Luca soon find themselves miles and worlds away from their comfortable middle-class existence. Instantly transformed into migrants, Lydia and Luca ride la bestia—trains that make their way north toward the United States, which is the only place Javier's reach doesn't extend. As they join the countless people trying to reach el norte, Lydia soon sees that everyone is running from something. But what exactly
