The Unsex'd Females

Written during a time of great political turmoil, social anxiety, and against the backdrop of the French Revolution, Wollstonecraft's argument continues to challenge and inspire. One of the earliest contributions to feminist philosophy, Wollstonecraft's powerful treatise on the value of women in society tackles many of the patriarchal attitudes prevalent in the eighteenth century. In addition to championing the notion that women enjoy all the same fundamental rights as men, Wollstonecraft argues that men benefit from treating their wives as companions rather than commodities. Touching upon many themes in women's education, A Vindications of the Rights of Woman remains a bold and powerful read.

Belabored

A Vindication of the Rights of Woman

A Vindication of the Rights of Woman written by the 18th-century British proto-feminist Mary Wollstonecraft, is one of the earliest works of feminist philosophy. In it, Wollstonecraft responds to those educational and political theorists of the 18th century who did not believe women should have an education. She argues that women ought to have an education commensurate with their position in society,

claiming that women are essential to the nation because they educate its children and because they could be "companions" to their husbands, rather than mere wives. Instead of viewing women as ornaments to society or property to be traded in marriage, Wollstonecraft maintains that they are human beings deserving of the same fundamental rights as men. Wollstonecraft was prompted to write the Rights of Woman after reading Charles Maurice de Talleyrand-Périgord's 1791 report to the French National Assembly, which stated that women should only receive a domestic education; she used her commentary on this specific event to launch a broad attack against sexual double standards and to indict men for encouraging women to indulge in excessive emotion. Wollstonecraft wrote the Rights of Woman hurriedly to respond directly to ongoing events; she intended to write a more thoughtful second volume but died before completing it. While Wollstonecraft does call for equality between the sexes in particular areas of life, such as morality, she does not explicitly state that men and women are equal. Her ambiguous statements regarding the equality of the sexes have since made it difficult to classify Wollstonecraft as a modern feminist, particularly since the word and the concept were unavailable to her. Although it is commonly assumed now that the Rights of Woman was unfavourably received, this is a modern misconception based on the belief that Wollstonecraft was as reviled during her lifetime as she became after the publication of William Godwin's *Memoirs of the Author of A Vindication of the Rights of Woman* (1798). The Rights of Woman was actually well received when it was first published in 1792. One biographer has called it "perhaps the most original book of [Wollstonecraft's] century".

A VINDICATION OF THE RIGHTS OF WOMAN / WITH STRICTURES ON POLITICAL AND MORAL SUBJECTS "Annotated" (Penguin Classics)

The challenges presented by feminism to traditional understandings of representation, normative values, power relations and the political are not simply the product of late-20th century thinking. *Feminist Moments*, in examining some of the pivotal texts in the history of feminist thought, demonstrates that these challenges emerge from a long and varied history of feminist writing. The volume brings together texts from literary and analytical works written by women and men, and from inside and outside the Western tradition, including Mary Wortley Montagu, Anna Wheeler and William Thompson, Nazira Zeineddine, Betty Friedan, Andrea Dworkin and Luisa Valenzuela. The volume is unique in offering close readings of key passages from the selected texts, making it ideal for classroom use; its original essays, all authored by specialists, will also be of interest to more advanced scholars. In juxtaposing and analysing a wide range of texts which despite their significance are rarely discussed together, *Feminist Moments* provides a fascinating historical narrative of feminist thought which will be highly valuable to students and scholars of the history of political thought, political philosophy and gender and literary studies.

Rights of Man

Designed for students with little or no background in ancient Greek language and culture, this collection of extracts from *The History of the Peloponnesian War*

includes those passages that shed most light on Thucydides' political theory--famous as well as important but lesser-known pieces frequently overlooked by nonspecialists. Newly translated into spare, vigorous English, and situated within a connective narrative framework, Woodruff's selections will be of special interest to instructors in political theory and Greek civilization. Includes maps, notes, glossary.

A Vindication of the Rights of Woman

The Great Debate

In *Belabored*, Lyz Lenz will "make you cry in one paragraph and snort-laugh in the next." (Chloe Angyal, contributing editor at MarieClaire.com) Written with a blend of wit, snark, and raw intimacy, *Belabored* is an impassioned and irreverent defense of the autonomy, rights, and dignity of pregnant people. Lenz shows how religious, historical, and cultural myths about pregnancy have warped the way we treat pregnant people: when our representatives enact laws criminalizing abortion and miscarriage, when doctors prioritize the health of the fetus over the life of the pregnant patient in front of them, when baristas refuse to serve visibly pregnant women caffeine. She also reflects on her own experiences of carrying her two children and seeing how the sacrifices demanded during pregnancy carry over seamlessly into the cult of motherhood, where women are expected to play the narrowly defined roles of "wife" and "mother" rather than be themselves. *Belabored* is an urgent call for us to trust women and let them choose what happens to their own bodies, from a writer who "is on a roll" (*Bitch Magazine*).

The New Womanhood

Mary Wollstonecraft's *A Vindication of the Rights of Woman* (1792) is the founding text of modern feminism. In this sourcebook, Adriana Craciun provides the ideal starting point for students new to Wollstonecraft's revolutionary work, providing carefully focused introductory materials combined with reprinted and newly annotated source documents. Key materials in this sourcebook include: *letters by Wollstonecraft and important contemporary documents *nineteenth-century responses to the text *twentieth-century critical readings *annotated key passages, cross-referenced to critical texts *suggestions for further reading. This is the essential guide to a key literary and political text.

A Vindication of Political Virtue

Wollstonecraft: A Vindication of the Rights of Men and a Vindication of the Rights of Woman and Hints

Drawing on all of Wollstonecraft's works, this 2003 book provides a compelling portrait of this profoundly influential thinker.

A Father's Legacy to His Daughters

Here, in one volume, are two classic treatises on individual freedom and inherent human worth from one of the most important and most overlooked thinkers of the late 18th century. Revolutionary in all senses of the word, *A Vindication of the Rights of Man*, first published in 1790, and *A Vindication of the Rights of Women*, which followed two years later, were written against the background of the French Revolution, the debate over which caused an uproar in both England and France. In passionate and beautifully witty language, Wollstonecraft rebukes the crumbling and ineffectual traditions that allowed rich men to dominate society, and offers a stirring call for a new kind of culture, one in which all citizensmen and women, moneyed and working class are granted equal opportunity to access wealth both material and spiritual. Well received in their day and still important resources for anyone wishing to understand the history of feminism as well as the development of liberal republican thought in the wake of the American and French revolutions, these are must-reads for students of cultural history. British writer and educator MARY WOLLSTONECRAFT (1759-1797), the mother of Frankenstein author Mary Wollstonecraft Shelley, espoused her then-radical feminist and liberal philosophies in other such works as *Thoughts on the Education of Daughters* (1787) and *History and Moral View of the Origins and Progress of the French Revolution* (1793).

Letters Written During a Short Residence in Sweden, Norway, and Denmark

A Vindication of the Rights of Whores

The unsex'd females by Richard Polwhele Richard Polwhele's ancestors long held the manor of Treworgan, 4 3/4 miles south-east of Truro in Cornwall, which family bore as arms: Sable, a saltire engrailed ermine. He was born at Truro, Cornwall, and met literary luminaries Catharine Macaulay and Hannah More at an early age. He was educated at Truro Grammar School, where he precociously published *The Fate of Llewellyn*. He went on to Christ Church, Oxford, continuing to write poetry, but left without taking a degree. In 1782 he was ordained a curate, married Loveday Warren, and moved to a curacy at Kenton, Devon. On his wife's death in 1793, Polwhele was left with three children. Later that year he married Mary Tyrrell, briefly taking up a curacy at Exmouth before being appointed to the small living of Manaccan in Cornwall in 1794. From 1806, when he took up a curacy at Kenwyn, Truro, he was non-resident at Manaccan: Polwhele angered Manaccan parishioners with his efforts to restore the church and vicarage. He maintained epistolary exchanges with Samuel Badcock, Macaulay, William Cowper, Erasmus Darwin, and Anna Seward. We are delighted to publish this classic book as part of our extensive Classic Library collection. Many of the books in our collection have been out of print for decades, and therefore have not been accessible to the general public. The aim of our publishing program is to facilitate rapid access to this vast reservoir of literature, and our view is that this is a significant literary work, which deserves to be brought back into print after many decades. The contents of the vast majority of titles in the Classic Library have been scanned from the original works. To ensure a high quality product, each title has been meticulously hand curated by our staff. Our philosophy has been guided by a desire to provide the reader with a book that is as close as possible to ownership of

the original work. We hope that you will enjoy this wonderful classic work, and that for you it becomes an enriching experience.

Mary, a Fiction

From Longman's Cultural Editions series, Wollstonecraft, edited by Anne K. Mellor and Noelle Chao, for the first time pairs Wollstonecraft's feminist tract, the first in English letters, A Vindication of the Rights of Woman, with her unfinished novel, The Wrongs of Woman, or Maria. By putting tract and novel together, this text presents a far richer and more complex discussion of Wollstonecraft's political and literary opinions. A wealth of cultural contexts bearing on the "wrongs" of woman (their social and political oppression) in the 18th century and on the development of the Gothic and realist novel further clarify these two texts. Handsomely produced and affordably priced, the Longman Cultural Editions series presents classic works in provocative and illuminating contexts-cultural, critical, and literary. Each Cultural Edition consists of the complete text of an important literary work, reliably edited, headed by an inviting introduction, and supplemented by helpful annotations; a table of dates to track its composition, publication, and public reception in relation to biographical, cultural and historical events; and a guide for further inquiry and study.

Mary Wollstonecraft and the Feminist Imagination

In an era of revolutions demanding greater liberties for mankind, Mary Wollstonecraft (1759–1797) was an ardent feminist who spoke eloquently for countless women of her time.

Feminist Moments

This edition features a shrewd, annotated abridgment of Mary Wollstonecraft's A Vindication of the Rights of Woman (1792) accompanied by an array of texts that help situate the Vindication in its political, historical, and intellectual contexts. Included are key selections from Wollstonecraft's other writings; from closely related works by Burke, Paine, Godwin, Rousseau, Macaulay, Talleyrand, and Brockden Brown; and from the 1789 Declaration of the Rights of Man and Citizen and de Gouges Declaration of the Rights of Woman and Female Citizen (1791).

A Vindication of the Rights of Women & a Vindication of the Rights of Men

Creating Romanticism

"Mary, A Fiction" is the only complete novel that Mary Wollstonecraft has ever written. She tells the tragic story of a heroine's successive "romantic friendships" with a woman and a man. "Emile", Jean-Jacques Rousseau's philosophical treatise on education, was one of the major literary influences on this book.

A Vindication of the Rights and Powers of the Board of

Aldermen

Mary Wollstonecraft's A Vindication of the Rights of Woman

For more than two centuries, our political life has been divided between a party of progress and a party of conservation. In *The Great Debate*, Yuval Levin explores the origins of the left/right divide in America by examining the views of the men who best represent each side of that debate: Edmund Burke and Thomas Paine. In a groundbreaking exploration of the roots of our political order, Levin shows that American partisanship originated in the debates over the French Revolution, fueled by the fiery rhetoric of these ideological titans. Levin masterfully shows how Burke and Paine's differing views continue to shape our current political discourse—on issues ranging from gun control and abortion to welfare and economic reform. Essential reading for anyone seeking to understand Washington's often acrimonious rifts, *The Great Debate* offers a profound examination of what conservatism, liberalism, and the debate between them truly amount to.

A Vindication of the Rights of Woman (Illustrated)

On Justice, Power, and Human Nature

An edition of two of Wollstonecraft's texts, *A Vindication of the Rights of Woman* (1792) and *A Vindication of the Rights of Men*.

The Wisdom of Life

This volume brings together the major political writings of Mary Wollstonecraft in the order in which they appeared in the revolutionary 1790s. It traces her passionate and indignant response to the excitement of the early days of the French Revolution and then her uneasiness at its later bloody phase. It reveals her developing understanding of women's involvement in the political and social life of the nation and her growing awareness of the relationship between politics and economics and between political institutions and the individual. In personal terms, the works show her struggling with a belief in the perfectibility of human nature through rational education, a doctrine that became weaker under the onslaught of her own miserable experience and the revolutionary massacres. Janet Todd's introduction illuminates the progress of Wollstonecraft's thought, showing that a reading of all three works allows her to emerge as a more substantial political writer than a study of *The Rights of Woman* alone can reveal.

Mary Wollstonecraft's A Vindication of the Rights of Woman

In 1790 came that "extraordinary outburst of passionate intelligence," Mary Wollstonecraft's reply to Edmund Burke's attack on the principles of the French Revolution entitled a "Vindication of the Rights of Men." In this pamphlet she held up to scorn Burke's defence of monarch and nobility, his merciless sentimentality. "It is one of the most dashing political polemics in the language," Mr. Taylor writes

enthusiastically, "and has not had the attention it deserves. . . . For sheer virility and grip of her verbal instruments it is probably the finest of her works. Some of her sentences have the quality of a sword-edge, and they flash with the rapidity of a practised duellist. It was written at a white heat of indignation; yet it is altogether typical of the writer that, in the midst of the work, quite suddenly, she had one of her fits of callousness and morbid temper, and declared she would not go on. With great skill Johnson persuaded her to take it up again; and with equal suddenness her eagerness returned, and the book was finished and published before any one else could answer Burke."

A Vindication of the Rights of Brutes

This book argues that the term 'Romanticism' should be more culturally-inclusive, recognizing the importance of scientific and medical ideas that helped shape some of the key concepts of the period, such as natural rights, the creative imagination and the sublime.

Vindication of the Rights of Women

Wollstonecraft, Mill, and Women's Human Rights

Brings together the complaints, opinions, and experiences of prostitutes throughout the world in an effort to speak out for the rights of prostitutes.

A Vindication of the Rights of Men; A Vindication of the Rights of Woman; An Historical and Moral View of the French Revolution

A vindication of the rights of women By Mary Wollstonecraft

A Vindication of the Rights of the Commons of England

Mary Wollstonecraft's *A Vindication of the Rights of Woman* is a treatise on overcoming the methods in which women in her time are oppressed and denied their capacity in society, with concomitant troubles for his or her families and society as a whole. The willpower is to Charles M. Talleyrand-Périgord, the late bishop of Autun whose views on woman education have been distasteful to Wollstonecraft. The creation units out her view that neglect of ladies' education is essentially guilty for the condition of grownup ladies. They are treated as subordinate beings who care only approximately being attractive, elegant, and meek, they buy into this oppression, and they do not have the equipment to vindicate their essential rights or the awareness that they're in such a situation. In the first bankruptcy Wollstonecraft promotes motive and rationality and discusses the deleterious results of absolute, arbitrary political power and the vices associated with riches and hereditary honors. Chapters two and three element the various approaches wherein girls are rendered subordinate. They are seldom unbiased and generally tend no longer to workout reason. Writers like Rousseau and Dr. Gregory choice that women stay digital slaves, enshrined in the home and

worried simplest with their "natural" proclivities of being modest, chaste, and beautiful. Women are taught to indulge their feelings and as a result have unhappy marriages because passion can't be sustained. Virtue have to not be relative to gender; as both women and men had been created through God and have souls, they have the identical type of propensity to exercising cause and expand virtue. Female dependence as seen in her day isn't always natural. Women's confinement inside the domestic and incapacity to participate within the public sphere results in their insipidness and pettiness. Wollstonecraft desires to inspire a "revolution in lady manners." In bankruptcy 4 she excoriates the premise that pleasure is the ultimate aim of a lady's lifestyles. Reason and common experience are generally neglected in prefer of emotion and sentiment, and younger girls are taught each early to problem themselves handiest with their people. Such developments are intricate for mothers, who either spoil their youngsters or ignore them. In addition, marriage should resemble friendship due to the fact husband and wife should be companions. In bankruptcy 5 Wollstonecraft lambastes the various writers who've perpetuated those thoughts. In bankruptcy six she explains the significance of early institutions for the improvement of character; for girls, fake notions and early impressions aren't tempered by information or nuance. Girls begin to decide on rakes to decent guys.

My Own Story

A Vindication of the Rights of Women

Ida Husted Harper's daughter argues for coeducation, marital reform, and greater participation for women in the professions and in civic work.

A Vindication of the Rights of Men

A novel and important argument that the articulation of women's rights was a necessary prerequisite to the development of a coherent and universal theory of human rights. This title was made Open Access by libraries from around the world through Knowledge Unlatched.

Space Between, The

This book introduces the major themes in Wollstonecraft's A Vindication of the Rights of Woman and aids the reader in understanding this key work.

The Routledge Guidebook to Wollstonecraft's A Vindication of the Rights of Woman

First published in 1787, this book provocatively challenged eighteenth-century attitudes towards women, and paved the way for modern feminist thinking. It argues that women can offer the most effective contribution to society if they are brought up to display sound moral values and character, rather than superficial social graces.

A Vindication of the Rights of Woman

There's this weird gap in life that's fuelled by cheap tacos and even cheaper tequila - also known as our twenties. It's a specific limbo between being a teenager and a Proper Adult, and though it's wildly confusing, often lonely, sometimes embarrassing and frequently daunting, there's also a whole lot of magic to be found in the chaos. It's a time when we're finding our own voices, cementing our relationships and starting to fulfil our big ambitions (or simply just working out what they are). Michelle Andrews and Zara McDonald, creators of the award-winning pop culture podcast Shameless, are two of the many twentysomething women trying to make sense of it all. They definitely don't have all the answers but they know that mapping out our place in the world is a little bit easier when we do it together. Brimming with wit and unflinching honesty, these are their stories and personal puzzles about life as twentysomethings- from heartbreak and mental health challenges to overcoming career setbacks and letting go of fear. (Not forgetting the deeper meaning behind the states of their fridges and why it's so damn good to ghost out of a friend's party.) Join Zara and Michelle as they figure out who they are now and who they want to be. You just might find tiny pieces of yourself in the space between the first page and the last.

Political Writings

Mary Wollstonecraft is generally recognized as one of the most influential figures in the early feminist movement. This volume contains two of her political writings, "A Vindication of the Rights of Men" (1790) and "A Vindication of the Rights of Woman" (1792).

Memoirs of the Author of A Vindication of the Rights of Woman

2020 Verso Radical Diary

Thoughts on the Education of Daughters

Nearly two hundred years ago, Mary Wollstonecraft wrote what is considered to be the first major work of feminist political theory: A Vindication of the Rights of Women. Much has been written about this work, and about Wollstonecraft as the intellectual pioneer of feminism, but the actual substance and coherence of her political thought have been virtually ignored. Virginia Sapiro here provides the first full-length treatment of Wollstonecraft's political theory. Drawing on all of Wollstonecraft's works and treating them thematically rather than sequentially, Sapiro shows that Wollstonecraft's ideas about women's rights, feminism, and gender are elements of a broad and fully developed philosophy, one with significant implications for contemporary democratic and liberal theory. The issues raised speak to many current debates in theory, including those surrounding

interpretation of the history of feminism, the relationship between liberalism and republicanism in the development of political philosophy, and the debate over the canon. For political scientists, most of whom know little about Wollstonecraft's thought, Sapiro's book is an excellent, nuanced introduction which will cause a reconsideration of her work and her significance both for her time and for today's concerns. For feminist scholars, Sapiro's book offers a rounded and unconventional analysis of Wollstonecraft's thought. Written with considerable charm and verve, this book will be the starting point for understanding this important writer for years to come.
