Designed for students at the intermediate level who are continuing to develop overall proficiency in Modern Standard Arabic, this book follows Mahdi Alish's popular "Ahlan wa Sahlan" beginner's text. The narrative follows two young characters whose personal journals provide not only reading passages for students but glimpses into various Arab cultures as the characters travel to Cairo, Jordan, and Syria. This revision includes revised communicative activities and grammar, an updated and expanded audio program, a companion website, and full-color design.

Coleridge's theories, insights and practical criticism underlie nearly all subsequent criticism in English. It was not only that he turned decisively away from eighteenth century views (clearly and usefully surveyed in the first chapter). His powerfully general theories of the imagination and of poetic language and structure provided permanent insights. He saw the plays as organic structures of poetic effects, the product of conscious artistry. These served Shakespeare's deep human insight, both psychological and moral. Dr Badawi provides a lucid analysis of the elements of Coleridge's criticism of Shakespeare, demonstrating the relationship with his criticism generally, and bringing out its originality, its validity and its influence on our concepts of poetic language, dramatic form and our response to the whole medium.

Arabic Stories for Language Learners—a language learning experience for beginner to intermediate students of the Arabic language. The traditional stories of a country are invaluable at providing insight into understanding the culture, history and language of a people. A great way to learn Arabic, the sixty-six stories found in Arabic Stories for Language Learners present the vocabulary and grammar used everyday in Arabic-speaking countries. Pulled from a wide variety of sources that have been edited and simplified for learning purposes, these stories are presented in parallel Arabic and English, facilitating language learning in the classroom and via self-study. Each story is followed by a series of questions in Arabic and English to test comprehension and encourage discussion. Arabic Stories for Language Learners brings Arab culture to life in a colorful and immediate way. Regardless of whether or not you have a working knowledge of Arabic, this book gives readers a tantalizing introduction to the wisdom and humor of these ancient desert-dwelling peoples. The downloadable in audio helps students of Arabic improve their pronunciation and inflection, and immerses non-students into the uniquely Arabic storytelling style.

### **The Language Educator**

For decades, students learning the Arabic language have begun with Modern Standard Arabic (MSA) and then transitioned to learning spoken Arabic. While the MSA-first approach neither reflects the sociolinguistic reality of the language nor gives students the communicative skills required to fully function in Arabic, the field continues to debate the widespread adoption of this approach. Little research or evidence has been presented about the effectiveness of integrating dialect in the curriculum. With the recent publication of textbooks that integrate dialect in the Arabic curriculum, however, a more systematic analysis of such integration is clearly becoming necessary. In this seminal volume, Mahmoud Al-Batal gathers key scholars who have implemented integration to present data and research on the method's success. The studies address curricular models, students' outcomes, and attitudes of students and teachers using integration in their curricula. This volume is an essential resource for all teachers of Arabic language and those working in

Called "a major innovator in his art form" by The New York Times, Baghdad-born poet Abdul Wahab Al-Bayati broke with over fifteen centuries of Arabic poetic tradition to write in free verse and became world famous in the process. *Love, Death, and Exile: Poems Translated from Arabic* is a rare, bilingual facing-page edition in both the original Arabic text and a highly praised English translation by Bassam K. Frangieh, containing selections from eight of Al-Bayati's books of poetry. Forced to spend much of his life in exile from his native Iraq, Al-Bayati created poetry that is not only revolutionary and political, but also steeped in mysticism and allusion, moving and full of longing. This collection is a superb introduction to Al-Bayati, Arabic language, and Arabic literature and culture as well. On Al-Bayati's death in 1999, The New York Times obituary quoted him as saying once that his many years of absence from his homeland had been a "tormenting experience" that had great impact on his poetry. "I always dream at night that I am in Iraq and hear its heart beating and smell its fragrance carried by the wind, especially after midnight when it's quiet."

Pozas and Victor present a set of practical guidelines for communicating professionally with Mexicans, both in Mexico and abroad, providing many photographs as examples. The Seven Keys to Communicating in Mexico follows the model of presenting key cultural concepts used in the earlier books by Kelm and Victor on Brazil and (with Haru Yamada) on Japan. Olivia Hernandez-Pozas, Orlando Kelm, and David Victor, well-respected research professors and seasoned cross-cultural trainers for businesspeople, guide readers through Mexican culture using Victor's LESCANT Model (an acronym representing seven key cross-cultural communication areas: Language, Environment, Social Organization, Contexting, Authority, Nonverbal Behavior, and Time). Each chapter addresses one of these topics and demonstrates how to evaluate the differences among Mexican, US, and Canadian cultures. In the final chapter the authors bring all of these cultural interactions together with a sample case study about business interactions between Mexicans and North Americans. The case study includes additional observations from North American and Mexican business professionals who offer related suggestions and recommendations.
