legislative policy; her remarkable ability to translate complicated copyright concepts and their implications into plain English; her willingness to study, understand, and take seriously what ordinary people think copyright law means; and her creativity in formulating alternatives to the copyright quagmire. -PAMELA SAMUELSON, Professor of Law and Information Management; Director of the Berkeley Center for Law & Technology, University of California, Berkeley

In 1998, copyright lobbyists succeeded in persuading Congress to enact laws greatly expanding copyright owners' control over individuals' private uses of their works. The efforts to enforce these new rights have resulted in highly publicized legal battles between established media and new upstarts. In this enlightening and well-argued book, law professor Jessica Litman questions whether copyright laws crafted by lawyers and their lobbyists really make sense for the vast majority of us. Should every interaction between ordinary consumers and copyright-protected works be restricted by law? Is it practical to enforce such laws, or expect consumers to obey them? What are the effects of such laws on the exchange of information in a free society? Litman's critique exposes the 1998 copyright law as an incoherent patchwork. She argues for reforms that reflect common sense and the way people actually behave in their daily digital interactions. This paperback edition includes an afterword that comments on recent developments, such as the end of the Napster story, the rise of peer-to-peer file sharing, the escalation of a full-fledged copyright war, the filing of lawsuits against thousands of individuals, and the June 2005 Supreme Court decision in the Grokster case. Jessica Litman

(Ann Arbor, MI) is professor of law at Wayne State University and a widely recognized expert on copyright law.

planning, estate planning, property management) • Government Benefits (Social Security, SSI, veterans' benefits) • Personal (housing, elder abuse, guardianship) • Practical Advice for the Attorney (client relationships, ethical considerations) Rely on expert legal analysis to explain all the significant issues and resolve the intricate problems that arise in this evolving area of practice. Professional guidance from top experts Rebecca C. Morgan, past President of the National Academy of Elder Law Attorneys, and David M. English, a leading estate planning authority, helps you anticipate your clients' requirements and plan for their future. Every chapter begins with common client questions, followed by comprehensive legal analysis, including detailed planning notes, examples, and practical advice. This volume analyzes all relevant case law and legislation and explains the numerous and often complex administrative steps required to achieve the client's goals. The volume is national in scope, and includes state-specific discussions of significant deviations from the federal rules. Convenient cross-references to Tax, Estate & Financial Planning for the Elderly: Forms & Practice, the companion forms set, lead to sample forms and checklists for every practice need. Tax, Estate & Financial Planning for the Elderly offers simple, direct guidance through the myriad regulations, forms, and agencies encountered in an elder law practice. Expert commentary offers easy-to-find, easy-to-understand answers to common elder law questions, and practice notes highlight key practice tips.

## **The Journal of the Kansas Bar Association**

The sudden passing of Justice Antonin Scalia shook America. After almost thirty years on the Supreme Court, Scalia had become as integral to the institution as the hallowed room in which he sat. His wisecracking interruptions during oral arguments, his unmatched legal wisdom, his unwavering dedication to the Constitution, and his blistering dissents defined his leadership role on the court and inspired new generations of policymakers and legal minds. Now, as Republicans and Democrats wage war over Scalia's lamentably empty Supreme Court seat, Kevin Ring, former counsel to the U.S. Senate's Constitution Subcommittee, has taken a close look at the cases that best illustrate Scalia's character, philosophy, and legacy. In *Scalia's Court: A Legacy of Landmark Opinions and Dissents*, Ring collects Scalia's most memorable opinions on free speech, separation of powers, race, religious freedom, the rights of the accused, abortion, and more; and intersperses Scalia's own words with an analysis of his legal reasoning and his lasting impact on American jurisprudence. "I don't worry about my legacy," Scalia once told an audience at the National Archives. "Just do your job right, and who cares?" Now that "the lion of American law has left the stage," as the U.S. Attorney General put it, it is for the rest of America to worry about his legacy—and to care.

### **City Magazine**

Offers legal advice on creating a customized prenuptial agreement that covers understanding state laws, clarifying financial responsibilities, and protecting assets, and features a new chapter on agreements for same-sex couples.

### **Clarissa and Her Readers**

This publication addresses factors that promote or inhibit successful provision of the four key international public goods: financial stability, international trade regime, international diffusion of technological knowledge and global environment. Without these goods, developing countries are unable to compete, prosper or attract capital from abroad. The need for public goods provision is also recognized by the Millennium Development Goals, internationally agreed goals and targets for knowledge, health, governance and environmental public goods. The Report addresses the nature of required policies and institutions using the modern principles of collective action.

## **Arizona Estate Administration Answer Book**

In this pioneering work Siraj Sait and Hilary Lim address Islamic property and land rights, drawing on a range of socio-historical, classical and contemporary resources. They address the significance of Islamic theories of property and Islamic land tenure regimes on the 'webs of tenure' prevalent in the Muslim societies. They consider the possibility of using Islamic legal and human rights systems for the development of inclusive, pro-poor approaches to land rights. They also focus on Muslim women's rights to property and inheritance systems. Engaging with institutions such as the Islamic endowment (waqf) and principles of Islamic microfinance, they test the workability of 'authentic' Islamic proposals. Located in human rights as well as Islamic debates, this study offers a well researched and constructive appraisal of property and land rights in the Muslim world.

## **Last Will and Testament**

Written by an experienced attorney who frequently speaks on various family law topics, Prenuptial Agreements Line by Line is a comprehensive examination of the crucial components included in a sample prenuptial agreement for the family law practitioner, general practice attorney, paralegal, mediator, or law student. This book explains the reasoning behind different clauses in a prenuptial agreement,

including those that address the division of marital and separate assets, consideration, spousal support, attorneys fees and costs, alternative dispute resolution, and confidentiality to help meet the specific needs of each client. The sample agreement contained in this book outlines a variety of options and alternatives in drafting a prenuptial agreement, including some ways spousal support can be addressed, how property and debt division might be tackled, as well as potential confidentiality issues and potential agreements on alternative dispute resolution. While this agreement is not designed to include every possible provision, it acts as a useful starting point for the drafting of an enforceable contract. Prenuptial Agreements Line by Line is a valuable resource for anyone who has ever helped draft or negotiate a prenuptial agreement.
