Sir William Temple, diplomat, statesman, and writer, retired to his garden in the 1680s and wrote what has become one of the key texts, not only of gardening, but also of the English aesthetic. It was he who introduced the idea of the charm of irregularity, and who gave it the allegedly Chinese name sharawadgi. The English style of landscape gardening can be traced in a direct line to this essay, which has not been in print for over 95 years.

From the Pulitzer Prize winning author of Andersonville comes the story of an unforgettable moment in American history: the historic meeting between General Robert E. Lee and General Ulysses S. Grant that led to the surrender of Lee's Army of Northern Virginia--and ultimately to the end of the Civil War. MacKinlay Kantor's book for young readers captures all the emotions and drama of those few days in April 1865: Lee's mingled sorrow and relief, Grant's generosity toward his late opponent and the nearly starving Confederate soldiers; and the two commanders' negotiation of surrender terms intended to help heal the wounds of more than four years of the most violent conflict in American history.

W. E. B. Du Bois was editor and principal author of *The Negro Church*, first published in 1903. A groundbreaking study, this volume is the first in-depth treatment of African-American religious life. It is the first sociological book on religion in the United States. It is the first empirical study of religion conducted by Black scholars. It is a landmark historical text on African-American religion and mores of a century and more ago. A new introduction provides the contextual backdrop for understanding the religious scholarship and faith of Du Bois. The appearance of this text for a new generation of students, scholars, researchers, and communities of faith is cause to celebrate. Recognition of *The Negro Church* is long overdue and justly deserved. "The entire scholarly community and all concerned Americans welcome the reprint of *The Negro Church*. W. E. B. Du Bois, the most brilliant intellectual ever produced by the United States, penned this social scientific study in 1903. Not only is this the first academic engagement with the black church and black religion. It is also the first text on sociology of religion in American history. Thus Du Bois understood the centrality of black people to the US narrative. Similarly, he understood the centrality of the black church for black communities. Here is scholarship at its best--engaged, theoretical work making a difference in everyday lives. Alton B. Pollard III has offered a masterful introduction for the twenty-first-century reader." -Dwight N. Hopkins author of *Being Human: Race, Culture, and Religion* "No one can have a respectable knowledge of African American Christianity who has not read Woodson's *The History of the Negro Church* (1921) and Du Bois's earlier sociological study of the same subject, *The Negro Church* (1903). Now we have a much anticipated new edition of the latter book by one of the late C. Eric Lincoln's brightest proteges, Alton B. Pollard, the dean of

the Divinity School of Howard University. Pollard's explanatory and expansive introduction is alone worth the price of the book, making Du Bois's path-blazing opus live again as an indispensable guide to understanding the scope, depth, and paradoxes of classic Black religion and theology today." -Gayraud S. Wilmore ITC, Honorably Retired "In editing and providing commentary on *The Negro Church*, Alton B. Pollard III has provided a valuable and accessible resource for Du Bois scholars and students that is also of interest for general readers." -Carol B. Duncan Wilfrid Laurier University W. E. B. Du Bois is a towering figure in African-American and US twentieth-century social, cultural, political, and intellectual life. He was a pioneering social scientist, leading literary light, political progressive, and precursor to the modern Black-led movement for freedom in the African Diaspora and on the African continent. DuBois's spiritual disciples and descendants among the world's communities of African descent are numerous. Alton B. Pollard III is Dean and Professor of Religion and Culture at Howard University School of Divinity and is the author of *Mysticism and Social Change: The Social Witness of Howard Thurman*.

Physiology of Sport and Exercise

In this honest and stunning novel, now a major motion picture directed by Barry Jenkins, James Baldwin has given America a moving story of love in the face of injustice. Told through the eyes of Tish, a nineteen-year-old girl, in love with Fonny, a young sculptor who is the father of her child, Baldwin's story mixes the sweet and the sad. Tish and Fonny have pledged to get married, but Fonny is falsely accused of a terrible crime and imprisoned. Their families set out to clear his name, and as they face an uncertain future, the young lovers experience a kaleidoscope of emotions—affection, despair, and hope. In a love story that evokes the blues, where passion and sadness are inevitably intertwined, Baldwin has created two characters so alive and profoundly realized that they are unforgettably ingrained in the American psyche.

Out of colonial Natchitoches, in northwestern Louisiana, emerged a sophisticated and affluent community founded by a family of freed slaves. Their plantations eventually encompassed 18,000 fertile acres, which they tilled alongside hundreds

of their own bondsmen. Furnishings of quality and taste graced their homes, and private tutors educated their children. Cultured, deeply religious, and highly capable, Cane River's Creoles of color enjoyed economic privileges but led politically constricted lives. Like their white neighbors, they publicly supported the Confederacy and suffered the same depredations of war and political and social uncertainties of Reconstruction. Unlike white Creoles, however, they did not recover amid cycles of Redeemer and Jim Crow politics. First published in 1977, *The Forgotten People* offers a socioeconomic history of this widely publicized but also highly romanticized community -- a minority group that fit no stereotypes, refused all outside labels, and still struggles to explain its identity in a world mystified by Creolism. Now revised and significantly expanded, this time-honored work revisits Cane River's "forgotten people" and incorporates new findings and insight gleaned across thirty-five years of further research. This new edition provides a nuanced portrayal of the lives of Creole slaves and the roles allowed to freed people of color, tackling issues of race, gender, and slave holding by former slaves. *The Forgotten People* corrects misassumptions about the origin of key properties in the Cane River National Heritage Area and demonstrates how historians reconstruct the lives of the enslaved, the impoverished, and the disenfranchised.

Irreverent, dark, laugh out loud, *London Lies* is a roller coaster of a book with as many faces as the City it describes. But when all is said and done, every one of the authors is a liar. From the mean streets of Hackney to sleepy South London suburbs, from boho Bloomsbury to City wine bars, *London Lies* is a tour of the capital as you've never seen it before. What happens when a girl on her way to work is propositioned by a frog? When a man breaks into London Zoo to fight a hippo?
