Grammar for English Language Teachers

Teacher Language Awareness (TLA) is an area of increasing interest to those involved in language teacher education. This book provides an introduction to the nature of TLA, assesses its impact upon teaching and its potential impact on learning. The book focuses specifically on grammar. It aims to encourage teachers and others involved in language education to think more deeply about the importance of TLA and to adopt a more principled approach to the planning of those parts of their programmes associated with it.

Teacher Training Essentials

This text explores the theory and application of the Internet in the traditional classroom environment; from using the Web and e-mail to creating Web projects and running e-mail exchanges.

Practical English Usage Third Edition

Provides information and advice on independent travel programs, study abroad, and foreign employment

Conversation

Provides a ground-breaking attempt to unite discussions on the pedagogical implications of the global spread of English, and lobby for change.

Bilingualism and Special Education

"Learner English is a well-established and successful reference book for teachers of British English. This new edition builds on the success of the original book. It has been rewritten and extended to provide information on the typical problems and error-patterns of a wide range of learners of English from particular language backgrounds. It compares the relevant features of the students' own language with English, helping teachers to predict and understand the problems that students have. The new book has twenty-two chapters dealing with learners who speak Dutch-Flemish, Scandinavian languages (except Finnish), German, French, Italian, Spanish, Catalan, Portuguese, Greek, Russian, Polish, Farsi, Arabic, Turkish, South Asian languages (with a separate chapter on Dravidian languages), West African languages, Swahili, Malay/Indonesian, Japanese, Chinese, Korean and Thai. An audio cassette and audio CD are available separately. These contain authentic examples of the various accents described in the book."

The Internet and the Language Classroom

CLIL (Content and Language Integrated Learning) has emerged since the millennium as a major trend in education. Written by Do Coyle, Philip Hood and David Marsh and drawing on their experience of CLIL in secondary schools, primary schools and English language schools across Europe, this book gives a comprehensive overview of CLIL. It summarises the theory which underpins the teaching of a content subject through another language and discusses its practical application, outlining the key directions for the development of research and practice. This book acknowledges the uncertainty many teachers feel about CLIL, because of the requirement for both language and subject knowledge, while providing theoretical and practical routes towards successful practice for all.

Background to Teaching

The CELTA Course is the only CELTA preparation course endorsed by Cambridge ESOL. It provides full coverage of the CELTA syllabus in a ready-to-use course. The CELTA Course is divided into user-friendly sections: * Input sessions (40 units on 'The learners and their contexts', 'Classroom teaching', 'Language awareness', and 'Professional development') * Teaching practice * Classroom observation * Written assignments and tutorials * 'Resource file' The Trainee Book includes a range of material to be used in input sessions, helpful advice about the course, and a wealth of useful reference material. The Trainer's Manual includes suggestions on how to best use the material with trainees, as well as help and advice on how to prepare trainees for teaching practice, lesson observations, written assessment and tutorials.

Issues in Testing Business English

"The growth in English language teaching worldwide and the related increase in teacher training programmes of all kinds highlight the need for greater accountability in the assessment of teachers. The need for formal summative

assessment has taken on greater importance in training programmes and requires procedures which do not always sit easily with the development process, while transparency of assessment procedures is also increasingly demanded by the candidates themselves. This edited volume discusses key issues in assessing language teachers' professional skills and knowledge and provides case study illustrations of how teacher knowledge and teaching skills are assessed at pre-service and in-service levels within the framework of the Cambridge English Teaching Qualifications. The volume provides: - discussion of ways in which the changing nature of English language teaching has impacted on teacher education and assessment - examples of specific assessment procedures for both teaching knowledge and practical classroom skills - accounts of the ways in which the Cambridge English Teaching Qualifications have been integrated into and adapted for local contexts. This is the first volume of its kind wholly dedicated to language teacher assessment and as such will be of interest to language teachers and teacher educators as well as to researchers and postgraduate students"--

Language Awareness in the Classroom

English Grammar in Use with Answers, Thai Edition

The CELTA Course Trainer's Manual

This book aims to help teachers to develop their knowledge of grammar, provide a source of grammar lessons and instigate new ways of planning and organising lessons.

Cambridge Academic English C1 Advanced Student's Book

This new edition of Teach EFL is the ultimate practical reference guide to teaching English as a Foreign Language. 'Riddell's book is a classic - it answers all those questions new language teachers have.covers an amazing amount in a clear accessible way.' David Carr, Director of Teacher Training International House London This book is packed with information on: -effective teaching techniques. -sound classroom management. -practical lesson planning. -successful job hunting and career development. This is an indispensable book for all new and experienced EFL teachers: a step-by-step guide on what to teach and how to teach it. This edition has been fully revised to include: -up-to-date information on technology as an aid to learning. -comprehensive information on the increasingly popular task-based learning. -invaluable advice on making the transition from learning to teaching. -clear guidance on ongoing professional development. -useful examples of teaching in different international contexts. Rely on Teach Yourself, trusted by learners for over 75 years.

CLIL

Teaching English Abroad

Los ocho capítulos que conforman este libro tratan sobre el desarrollo del profesorado, y se incluyen los siguientes temas: el desarrollo y mantenimiento de sus habilidades; la aplicación de la práctica reflexiva; el desarrollo de habilidades de pensamiento y el fomento de la autonomía de los estudiantes en la enseñanza del Inglés como lengua extranjera; la realización de investigaciones educativas; el desarrollo de técnicas de evaluación; la comprensión y la corrección de los errores de los alumnos; y la preparación para el prácticum. Cada capítulo incluye tareas para consolidar la información, así como actividades de evaluación más exhaustivas. The eight chapters in this book address the question of teacher development, including maintaining and developing teacher skills; applying reflective teacher practice; developing thinking skills and fostering student autonomy in ELT; carrying out educational research; developing assessment techniques; understanding and correcting students' errors and preparing for your Practicum. Each chapter includes tasks for consolidating the information and more extensive assessment tasks. Temas centrales: Maintaining and Developing Professional Skills. Reflective Practice: Assessing Ourselves as Teachers o Research Methods in Second Language Acquisition. Guidelines for Error Correction in the EFL Classroom. Teaching Thinking Skills in Foreign Language Learning. Exploring Language Learner Autonomy in the Context of ELT. Introducing Language Assessment and Testing. Practicum.

ELT Playbook Teacher Training

Language Awareness in the Classroom addresses the central educational question of the impact that explicit language knowledge has on learning and language learning. A substantial Introduction defines the issues and key concepts and relates them to contemporary educational policy and practice in Europe and internationally. The papers are organised into four thematic sections: the extent and nature of language awareness in teacher education; school-based language awareness programmes; tertiary education initiatives and modes of evaluation of language awareness programmes.

English Unlimited Upper Intermediate a and B Teacher's Pack (Teacher's Book with DVD-ROM)

Applied Linguistics and Language Teacher Education is aimed at applied linguists who are interested in understanding more about the learning of novice teachers in their classes. The 21 studies in this volume provide information on the complexity of novice teachers learning and use of knowledge in a variety of applied linguistics classes such as SLA, Syntax, Pragmatics, Sociolinguistics, Phonetics and Phonology, L2 Reading and Writing, Testing, and Content Based Instruction. These studies were conducted in a variety of contexts, from North and South America to Europe, Asia and Australia, and look at the preparation of teachers of English, Spanish and Chinese. The book also includes a state-of-the-art summary of research on knowledge acquisition and use which provides applied linguists with a solid basis for developing their ideas about their students learning and use of the knowledge presented in their classes.

Teaching Tenses

With only 1% of CELTA course participants worldwide failing the course, you would be forgiven for thinking it was just a case of enrolling. However, a quick internet search about the intensity of the course will show that it is not to be taken lightly. Follow Anxious Annie, Chilled-out Charlie, Fastidious Felicity and Harassed Henry through their course and let them help you to make sure yours is one you can look back on fondly. The Ultimate Guide to CELTA includes: - Advice on how to make sure you are offered a place on a course - Background information covering all aspects of the CELTA course - Tips on how to ensure you get the most from your course - Checklists to refer to during your course - Trainees' diary entries

Classroom Management Techniques

Comprehensive course divided into 20 units, each focusing on a different grammar point. With glossary of grammar points, various exercises, illustrations, examples, and answers. Suitable for self-study, building vocabulary, and developing grammar skills.

Teaching English Grammar

English Unlimited is a six-level (A1 to C1) goals-based course for adults. Centred on purposeful, real-life objectives, it prepares learners to use English independently for global communication. The Teacher's Pack consists of a Teacher's Book with DVD-ROM. As well as clear teaching notes, the Teacher's Book offers lots of extra ideas and activities to suit different classroom situations and teaching styles. The DVD-ROM provides a range of extra printable activities, a comprehensive testing and assessment program and clear mapping of the syllabus against the CEF 'can do' statements. It also includes the videos from the Self-study Pack DVD-ROM for classroom use.

Teaching Geography

This book provides a comprehensive account of conversation in English and its implications for the ELT classroom. After a general overview and definition of conversation it provides the reader with a systematic description of conversational English, from the vocabulary of conversation, to grammar, discourse and genre. This is followed by an informed account of the development of conversation in both first and second language acquisition. It then describes a range of methodological approaches, procedures and techniques for teaching conversation in English. On this basis, an integrated approach to the teaching of conversation is provided, along with practical classroom applications.

Teacher Language Awareness

The purpose of this book English, like all languages, is full of problems for the foreign learner. Some of these points are easy to explain - for instance, the formation of questions, the difference between since and for, the meaning of after all. Other problems are more tricky, and cause difficulty even for advanced students and teachers. How exactly is the present perfect used? When do we use past tenses to be polite? What are the differences between at, on and in with

expressions of place? We can say a chair leg - why not * a cat leg? When can we use the expression do so? When is the used with superlatives? Is unless the same as if not? What are the differences between come and go, between each and every, between big, large and great, between fairly, quite, rather and pretty? Is it correct to say There's three more bottles in the fridge? How do you actually say $3 \times 4 = 12$? And so on, and so on. Practical English Usage is a guide to problems of this kind. It deals with over 600 points which regularly cause difficulty to foreign students of English. It will be useful, for example, to a learner who is not sure how to use a particular structure, or who has made a mistake and wants to find out why it is wrong. It will also be helpful to a teacher who is looking for a clear explanation of a difficult language point. There is very full coverage of grammar, as well as explanations of a large number of common vocabulary problems. There are also some entries designed to clarify more general questions (e.g. formality, slang, the nature of standard English and dialects) which students and teachers may find themselves concerned with.

Focus on Form in Classroom Second Language Acquisition

Learning to Teach English Second Edition (2014) is now available. The second edition is thoroughly revised and comes with a DVD, including recordings of real lessons.

The TKT Course CLIL Module

A three-level (B1+ to C1) integrated skills course for higher education students at university or on foundation courses. The C1 Advanced Student's Book consolidates academic study skills. Students' analytical skills are challenged with an increased range of authentic written and spoken academic texts. From essay organisation, taking notes, group discussion to writing references and paraphrasing texts, the students are presented with a wealth of practice opportunities to enhance all academic skills at this level. The course further develops independent learning skills and critical thinking through 'Study tips' sections and allows for personalisation of learning in the 'Focus on your subject' sections. Lecture and seminar skills units provide authentic practice in listening to lectures and participating in seminars.

Learner English

This book raises the issue of what a teacher needs to know about English in order to teach it effectively. It leads teachers to awareness of the language through a wide range of tasks which involve them in analysing English to discover its underlying system.

Listening in the Language Classroom

This volume presents the current state of the TESOL (Teaching English to Speakers of Other Languages) practicum in 13 countries, including Armenia, Australia, Chile, Costa Rica, Croatia, England, Indonesia, Japan, Malta, Poland, South Korea, Sweden and the USA. Together the contributions offer a unique and contemporary view of

how teachers are being educated and brought into the TESOL worldwide community of practice. This is the first publication to present diverse models/frameworks of the TESOL practicum from several international teaching contexts, focusing on exemplary practicum cases in the selected countries.

An A-Z of English Grammar & Usage

" A selection of 30 tasks to help trainers to reflect on what they do These include transitioning from teaching to training, planning training, giving spoken and written feedback after observations, and running workshops and input sessions"--Back cover.

Alternative Travel Directory, 1998

This is 'the' teacher training course for teachers and trainee teachers preparing for the Cambridge ESOL Teaching Knowledge Test - CLIL module.

Inglés. Investigación, innovación y buenas prácticas = Teacher Development

In a completely thoroughly edition of 'An A-Z of English Grammar and Usage' - an established favourite among teachers - Geoffrey leech and his colleagues provide teachers and learners of English with a unique reference grammar. Accessible, easy-to-use, dictionary-like format. Comprehensive coverage of English grammar in over 600 fully cross-referenced entries. - common grammatical key words, such as 'more', 'what', 'unless' 'can'. - Main terms for talking about grammar, meaning and usage, such as 'indirect object', 'pronoun', 'tag question'. - Extra language and communicative ehelp, such as 'greetings', 'introductions', 'punctuation', 'letter writing', e-mails'. Simple and clear explanations, supported by real-life examples, diagrams, and entertaining new illustrations Helpful notes on style, intonation, and British and American usage.

Global Englishes for Language Teaching

This is an adaptation of Essential Grammar in Use for Thai elementary learners.

Teach English as a Foreign Language: Teach Yourself (New Edition)

This book challenges the orthodox approach to the teaching of second language listening, which is based upon the asking and answering of comprehension questions. The book's central argument is that a preoccupation with the notion of 'comprehension' has led teachers to focus upon the product of listening, in the form of answers to questions, ignoring the listening process itself. The author provides an informed account of the psychological processes which make up the skill of listening, and analyses the characteristics of the speech signal from which listeners have to construct a message. Drawing upon this information, the book proposes a radical alternative to the comprehension approach and provides for intensive small-scale practice in aspects of listening that are perceptually or

cognitively demanding for the learner. Listening in the Language Classroom was winner of the Ben Warren International Trust House Prize in 2008.

Tracing the Development of Language Awareness

Ready-to-go activities for teacher trainers running pre- and in-service training courses. For busy teacher trainers who practise what they preach: trainees will benefit from learning about methodology in training sessions which are in themselves models of good teaching practice.

Current Perspectives on the TESOL Practicum

A guide to English. Suitable for initial training courses, and for practising ELT teachers, it covers developments in ELT and includes a DVD featuring a full lesson as well as demonstrations of practical teaching techniques.

Assessing Language Teachers' Professional Skills and Knowledge

Traditional language teaching typically results in limited foreign language proficiency. Communicative approaches tend to produce greater fluency, but less accuracy. A potential solution to this dilemma is focus on form. Focus on form respects students internal linguistic syllabus, drawing their attention to problematic linguistic features during communicative activities, and thus providing an alternative to methodologies which treat accuracy and fluency separately. This volume examines theoretical foundations, empirical research, and a range of possible pedagogical implementations of focus on form in classroom language teaching.

The Ultimate Guide to Celta

Learning to Teach English

"Classroom Management Techniques offers a huge range of down-to-earth, practical techniques that will help teachers make the most of their teaching space and get students working in more focused ways. The book helps teachers anticipate and avoid problems in the classroom, allowing more time to be devoted to useful, meaningful activities."--Publisher.

About Language

An invaluable resource helping teachers at all levels of experience to develop their understanding of English grammar. Grammar for English Language Teachers is designed to help practising and trainee teachers to develop their knowledge of English grammar systems. It encourages teachers to appreciate factors that affect grammatical choices, and evaluates the 'rules of thumb' presented to learners in course materials. Consolidation exercises provide an opportunity for teachers to test these rules against real language use and to evaluate classroom and reference

materials.

Applied Linguistics and Language Teacher Education

Fully revised new edition of the definitive guide to short and long-term opportunities around the world for both trained and untrained teachers in the booming field of teaching English as a foreign language. Contains substantial chapters on finding work in over 20 countries where EFL is a major industry including lists of language schools which hire English teachers. Plus full information on how to become qualified, the role of recruitment agencies, what to take etc.

Teaching Grammar from Rules to Reasons

Demand is steadily growing for language tests with a specialized focus which will suit the needs of key professional domains as diverse as business, law, the airline industry, and teacher education. This book explores the testing of language for specific purposes (LSP) from a theoretical and a practical perspective, with a particular focus on the testing of English for business purposes. A range of tests - both past and present - is reviewed, and the development of business English testing at Cambridge ESOL is discussed. The description of the revision of the Business English Certificates (BEC) forms a major part of the book and offers a unique insight into an approach to large-scale ESP test development and revision.

How English Works

From leading geography educator Phil Gersmehl, this volume presents a complete conceptual framework and many hands-on ideas for effective geography instruction in today's middle and secondary classrooms. The focus is on the "whats" and "hows" of helping students develop spatial thinking skills while learning about the land, climate, economy, and culture of places around the world. Nearly 100 engaging activities are provided in reproducible transparency masters that can be photocopied from the book or projected from the accompanying CD-ROM, which also contains information about national and state geography standards and animations that model the skills discussed. Featuring standards-based curriculum materials and assessments, this is an ideal pre-service or in-service text as well as a practical resource that teachers will want to bring back to their classrooms.

Learning Teaching

This book has a practical focus in that it examines the effectiveness of alternatives to traditional assessment and pedagogical practices for bilingual children. However, a central theme of the book is that progress can be made in improving practice only by means of a thorough re-examination of the assumptions underlying the entire special education enterprise, and particularly the diagnostic-prescriptive medical model that dominates much current practice. It argues that despite its laudable intentions, much special education practice with respect to bilingual students is fundamentally misdirected. Concrete suggestions are made both for changing the structure of special education services for bilingual students

and for instituting more appropriate assessment and pedagogical practices.
