### Don't Pack Your Bags Yet!

Now in paperback, multi-awarded national hit Simple Church shares a clear message from case studies of 400 North American congregations: Church is done best when it's kept simple.

### 101 Weapons of Spiritual Warfare

Here for the first time in print is the story of a small group who dared to confront Adolf Hitler and the Third Reich with the love of Jesus Christ. Avoiding covert resistance on the one hand and complicity and compromise on the other, the Rhon Bruderhof, under the courageous leadership of Eberhard Arnold, boldly witnessed to the politics of the Kingdom of God in Nazi Germany. Although "less than a gnat to an elephant," in Arnold's words, they believed that as God's ambassadors love could overcome hatred—even of Adolf Hitler himself. This is an amazing account of a community who stayed true to the nonviolent way of the Cross, and how, despite relentless Nazi opposition, God protected and victoriously led them along the way.

## **The Power Of Tongues**

They insist they are just a group of friends, yet they funnel millions of dollars through tax-free corporations. They claim to disdain politics, but congressmen of both parties describe them as the most influential religious organization in Washington. They say they are not Christians, but simply believers. Behind the scenes at every National Prayer Breakfast since 1953 has been the Family, an elite network dedicated to a religion of power for the powerful. Their goal is "Jesus plus nothing." Their method is backroom diplomacy. The Family is the startling story of how their faith—part free-market fundamentalism, part imperial ambition—has come to be interwoven with the affairs of nations around the world.

## **Rogue State**

101 Weapons of Spiritual Warfare Never in the history of the world has there been an era of war, both physical and spiritual, like this era. This is a tougher era of warfare. More people are under bondage now, more than in any other period of human history. There are cases of deep bondage, uncommon attacks against the family and horrendous occurrences in the lives of individuals. The devil has wreaked a lot of havoc upon humanity. The bible has described in vivid terms that God is aware of the high spate of demonic hostilities. Hence the Holy Spirit has released the prophetic revelations in this book in order to place us in good stead for a unique role in this end times. This manual is the first of its kind. This is the apex of deliverance. We are the threshold of a revival of spiritual warfare. The sweeping and the far reaching effect shall be best described as awesome!

### **Real-Life Discipleship Training Manual**

This work is a series of sermons produced by Emeritus Professor Hans Mol, and based on Biblical texts, the Commentaries of John Calvin on these texts, and on Calvin's Institutes of the Christian Religion. Mol is Australia's pre-eminent scholar in the sociology of religion, particularly in Australia. His 1971 volume, Religion in Australia, was the first attempt at statistical analysis of religion in Australia, which was also internationally significant. Parallel to Mol's interest in the sociology of religion has been his interest in Calvin. Indeed the theological basis of his life has been as a Calvinist. Here in this volume he brings both of these interests together. His sermons, preached over the years in Canberra, seek to apply the teachings of Calvin to a world-view in which the scientific study of religion, and indeed the wider study of sociology, are of central significance. In these sermons, he succeeds considerably in this. The volume is a substantial contribution to scholarship, in that the combination of these two factors has only rarely been attempted. Thus, the volume has originality and will have enduring value. It is especially appropriate that it should be published at this time, in preparation for the 500th Anniversary of Calvin's birth (1509-2009).

### **How to Pray Effectively**

Do you really want the mission to succeed? Are you prepared to live within clear boundaries? Are you ready to align yourself with a greater purpose? Do you have what it takes? Winning on Purpose offers leaders a way to organize congregations for success by creating structures that enable church life and health. As a comprehensive and powerful application of the biblical call to mission, Winning on Purpose sets forth the Accountable Leadership strategy. This model of leadership brings together standards for mission, boundaries, and accountability, and then shows how these standards come to life through the performance of four key players: the board, the pastor, the staff, and the congregation. ## **Calvin for the Third Millennium**

Before the entrance of sin, Adam enjoyed open communion with his Maker; but since man separated himself from God by transgression, the human race has been cut off from this high privilege. By the plan of redemption, however, a way has been opened whereby the inhabitants of the earth may still have connection with heaven. God has communicated with men by His Spirit, and divine light has been imparted to the world by revelations to His chosen servants. "Holy men of God spake as they were moved by the Holy Ghost." 2 Peter 1:21. During the first twenty-five hundred years of human history, there was no written revelation. Those who had been taught of God, communicated their knowledge to others, and it was handed down from father to son, through successive generations. The preparation of the written word began in the time of Moses. Inspired revelations were then embodied in an inspired book. This work continued during the long period of sixteen hundred years,—from Moses, the historian of creation and the law, to John, the recorder of the most sublime truths of the gospel. The Bible points to God as its author; yet it was written by human hands; and in the varied style of its different books it presents the characteristics of the several writers. The truths revealed are all "given by inspiration of God" (2 Tim. 3:16); yet they are expressed in the words of men. The Infinite One by His Holy Spirit has shed light into the minds and hearts of His servants. He has given dreams and visions, symbols and figures; and those to whom the truth was thus revealed, have themselves embodied the thought in human language. The ten commandments were spoken by God Himself, and were written by His own hand. They are of divine, and not of human composition. But the Bible, with its God-given truths expressed in the language of men, presents a union of the divine and the human. Such a union existed in the nature of Christ, who was the Son of God and the Son of man. Thus it is true of the Bible, as it was of Christ, that "the Word was made flesh, and dwelt among us." John 1:14. Written in different ages, by men who differed widely in rank and occupation, and in mental and spiritual endowments, the books of the Bible present a wide contrast in style, as well as a diversity in the nature of the subjects unfolded. Different forms of expression are employed by different writers; often the same truth is more strikingly presented by one than by another. And as several writers present a subject under varied aspects and relations, there may appear, to the superficial, careless, or prejudiced reader, to be discrepancy or contradiction, where the thoughtful, reverent student, with clearer insight, discerns the underlying harmony. As presented through different individuals, the truth is brought out in its varied aspects. One writer is more strongly impressed with one phase of the subject; he grasps those points that harmonize with his experience or with his power of perception and appreciation; another seizes upon a different phase; and each, under the guidance of the Holy Spirit, presents what is most forcibly impressed upon his own mind—a different aspect of the truth in each, but a perfect harmony through all. And the truths thus revealed unite to form a perfect whole, adapted to meet the wants of men in all the circumstances and experiences of life. God has been pleased to communicate His truth to the world by human agencies, and He Himself, by His Holy Spirit,

qualified men and enabled them to do this work. He guided the mind in the selection of what to speak and what to write. The treasure was intrusted to earthen vessels, yet it is, none the less, from Heaven. The testimony is conveyed through the imperfect expression of human language, yet it is the testimony of God; and the obedient, believing child of God beholds in it the glory of a divine power, full of grace and truth.

## **The Great Controversy**

A Nazareth Manifesto is an eloquent and impassioned ecumenical proposal for re-envisioning Christianity's approach to social engagement away from working "for" the people to being "with" them. Questions the effectiveness of the current trend of intervention as a means of fixing the problems of people in distressed and disadvantaged circumstances. Argues that Jesus spent 90% of his life simply being among the people of Nazareth, sharing their hopes and struggles, therefore Christians should place a similar emphasis on being alongside people in need rather than hastening to impose solutions. Written by a respected priest and broadcaster and renowned Christian ethicist and preacher. Supported by historical, contemporary, exegetical and anecdotal illustrations.

## **Simple Church**

Christian Science as a religious denomination was banned and persecuted under the Nazis, reinstated under the Soviet Military Administration in eastern Germany after World War II, and then once again forbidden to organize by the new East German state (German Democratic Republic, or GDR) in 1951. Reasons for this decision were first the alleged danger to public health posed by its spiritual healing activities and second its close American connections. Over the following decades, despite persecution by the East German secret police ("Stasi"), small groups of Christian Scientists continued to meet in private homes, disguising their religious gatherings as birthday parties or similar social events. They also found various ways to smuggle in Christian Science literature they needed for informal religious services and to carry on spiritual healing. There were occasional arrests, interrogations, and even rare prosecutions, but these isolated underground activities went on without serious interruption. Efforts by East German Christian Scientists to get the 1951 decision reversed, supported from a distance by the Mother Church in Boston, were repeatedly rebuffed during the 1960s and '70s. Official attitudes began to moderate in the mid-1980s, however, as a result of the evolving international climate, personnel changes in the State Secretariat for Church Affairs, the growth of dissident activities within mainstream GDR churches, and the intercession of the U.S. Embassy in East Berlin. Parallel with more conciliatory policies toward other religious minorities such as Mormons and Jews, GDR authorities came to see Christian Scientists as an inoffensive minority whose toleration might actually improve East Germany's image. With the active support of the Ministry for State Security, they were granted special permission to receive religious literature from Boston in 1985. Later, a week before the Berlin Wall opened in 1989, Christian Science was officially recognized as a legal denomination-the only such recognition ever formally granted by the GDR government to a new religious organization. The concessions made to Christian Science illustrate the degree to which the GDR in its final days was willing to compromise ideology in hopes of gaining stability and legitimacy. Seen objectively, it seems inconsistent for a regime committed to an atheist philosophy to accept spiritual healing as a safe alternative to medicine. The decision to recognize Christian Science appears to have been influenced not only by political considerations, however, but also by the positive impression made by the character and quiet determination of the Christian Scientists themselves. In that respect, the tiny community of Christian Scientists made their own contribution to East Germany's "gentle revolution."

## **The Black Panther Party**

The Black Panther Party represents Black Panther Party members' coordinated responses over the last four decades to the failure of city, state, and federal bureaucrats to address the basic needs of their respective communities. The Party pioneered free social service programs that are now in the mainstream of American life. The Party's Sickle Cell Anemia Research Foundation, operated with Oakland's Children's Hospital, was among the nation's first such testing programs. Its Free Breakfast Program served as a model for national programs. Other initiatives included free clinics, grocery giveaways, school and education programs, senior programs, and legal aid programs. Published here for the first time in book form, The Black Panther Party makes the case that the programs' methods are viable models for addressing the persistent, basic social injustices and economic problems of today's American cities and suburbs.

## **Successful Home Cell Groups**

“Fascinating sheds light on the history of the twentieth century for everyone.”—New York Times Book Review Now, with an updated preface, the latest edition of the definitive biography of Pope John Paul II that explores how influential he was on the world stage and in some of the most historic events of the twentieth century that can still be felt today. *Witness to Hope* is the authoritative biography of one of the singular figures—some might argue the singular figure—of our time. With unprecedented cooperation from John Paul II and the people who knew and worked with him throughout his life, George Weigel offers a groundbreaking portrait of the Pope as a man, a thinker, and a leader whose religious convictions defined a new approach to world politics—and changed the course of history. As even his critics concede, John Paul II occupied a unique place on the world stage and put down intellectual markers that no one could ignore or avoid as humanity entered a new millennium fraught with possibility and danger. The Pope was a man of prodigious energy who played a crucial, yet insufficiently explored, role in some of the most momentous events of our time, including the collapse of European communism, the quest for peace in the Middle East, and the democratic transformation of Latin America. With an updated preface, this edition of *Witness to Hope* explains how this “man from a far country” did all of that, and much more—and what both his accomplishments and the unfinished business of his pontificate mean for the future of the Church and the world.

## **The New York Times Manual of Style and Usage**

This is a print on demand edition of a hard to find publication. Explores whether sufficient data exists to examine the temporal and spatial relationships that existed in terrorist group planning, and if so, could patterns of preparatory conduct be identified? About one-half of the terrorists resided, planned, and prepared for terrorism relatively close to their eventual target. The terrorist groups existed for 1,205 days from the first planning meeting to the date of the actual/planned terrorist incident. The planning process for specific acts began 2-3 months prior to the terrorist incident. This study examined selected terrorist groups/incidents in the U.S. from 1980-2002. It provides for the potential to identify patterns of conduct that might lead to intervention prior to the commission of the actual terrorist incidents. Illustrations.
