Confessions of an English Doctor

The Confessions of a Beachcomber

The Confessions of an English Opium-eater

Unnecessary death rarely happens at the hands of doctors, but it does happen. Sometimes the cause is medical error. But sometimes the cause is politics. The issues underlying many medical catastrophes are numerous: a power struggle between providers, uncertainty over who's in charge, hesitation to practice good medicine for fear of being fired, specialization run amok, part-time doctoring. Doctors often prefer to ignore the problems, but patient safety demands that they be aired. And so does the future of the medical profession. Beneath the politics lies confusion: Doctors no longer know who they are. They don't know how much authority they should wield. They don't know what distinguishes them from other healthcare professionals. They don't what about being a doctor should make them proud. When doctors lack a firm sense of who they are, the whole of medicine lacks an essential core, giving rise to personal and professional politics—and catastrophes. Patients may

be relying on a system that has veered off course. In dramatic and revealing stories of patients in the operating room and interactions with colleagues, Ronald W. Dworkin traces his path from medical school to anesthesiology residency to his early years in private practice, with the experiences of his father and grandfather, also doctors, hovering overhead, in his quest to answer the question: What is a Doctor? Sometimes funny, sometimes scary, sometimes poignant, the story of what it means to be a doctor in today's medical setting comes to life, as Dworkin outlines the contours, the challenges and rewards, of modern medicine, and how it must be rescued in order to preserve the profession and protect patients from disasters.

Perfect Health

Confessions of a Medicine Man

Consuming Confessions

This book probes the ethical structure of contemporary medicine in an argument accessible to lay readers, healthcare professionals, and ethicists alike.

Confessions of an Opium-eater

The Eclectic Magazine of Foreign Literature, Science, and Art

Revealing that modern medicine's methods are often more dangerous than the diseases they are designed to diagnose and treat, Dr. Mendelsohn explains the risks of annual physical examinations, drugs, and unnecessary surgery, and compares home and hospitalbirths

Maryland Medical Journal

Confessions fulfill a spiritual hunger, according to Dr. Sharon Hymer. She stresses that to achieve intimacy with others, confession is necessary in the realization that we are not isolated and alone. In Consuming Confessions, Dr. Hymer explores confession's historical psychological and spiritual dimensions. The author has appeared on national television programs, including Oprah Winfrey.

NPNF1-01. The Confessions and Letters of St. Augustine, with a Sketch of his Life and Work

A gimmick-free game plan for feeding your body what it was designed to eat—includes recipes! In order to lose weight safely and easily, you must change the way you view diet and weight loss: Losing weight is not just about getting thinner . . . it's about improving your overall health. This program is not about calorie-counting or deprivation, but about eating an abundance of good, healthy food and understanding what your body needs. By concentrating on getting healthy instead of dieting, you will not just lose weight but radiate health and vitality. Combining scientific findings and common sense, Mary-Ann Shearer clears up the confusion surrounding various diets and explains what we need to eat in order to gain total health: What is the “perfect food” our bodies are designed to eat? Do we really need animal protein in order to be healthy? What is the truth about healthy fats? How does fasting help the body heal? Perfect Health not only explains what we should eat and why, but also offers valuable suggestions on how to integrate this new way of eating into your lifestyle. Included is a section featuring delicious, easy-to-

This volume is accurately annotated, including * an extensive biography of the author and his life
Confessions (Latin: Confessiones) is the name of an autobiographical work, consisting of 13 books, by St. Augustine of Hippo, written between AD 397 and AD

Read Online Confessions Of A Medicine Man An Essay In Popular Philosophy

398. Modern English translations of it are sometimes published under the title *The Confessions of St. Augustine* in order to distinguish the book from other books with similar titles. Its original title was "Confessions in Thirteen Books", and it was composed to be read out loud with each book being a complete unit. The work outlines Augustine's sinful youth and his conversion to Christianity. It is widely seen as the first Western autobiography ever written, and was an influential model for Christian writers throughout the following 1000 years of the Middle Ages. It is not a complete autobiography, as it was written in his early 40s, and he lived long afterwards, producing another important work (*City of God*); it does, nonetheless, provide an unbroken record of his development of thought and is the most complete record of any single person from the 4th and 5th centuries. (from wikipedia.com)

Witchcraft Confessions and Accusations

Religious Confessions and Confessants

Confessions of an English Opium-Eater remains its author's most famous and frequently-read work and one of the period's central statements about both the power and terror of imagination. De Quincey describes the intense "pleasures" and harrowing "pains" of his opium use in lyrical and dramatic prose. A notorious success since its 1821 publication, the work has been an important influence on philosophers, theorists, and psychologists, as well as

literary writers, of the nineteenth and twentieth centuries. But *Confessions* is only one part of a larger confessional project conceived by De Quincey over the course of his writing career. Gathered together in this edition, these texts provide a fascinating glimpse of early nineteenth-century British aesthetic, medical, psychological, political, philosophical, social, racial, national, and imperialist attitudes. This edition includes the 1821 text of *Confessions*, its important sequel *Suspiria de Profundis* (1845), and its sequel, *The English Mail-Coach* (1849), as well as extensive appendices.

The London Medical and Surgical Journal

The Christian observer [afterw.] The Christian observer and advocate
