or buy a product. All you have to do is change your mind." --Steven Pressfield
TURNING PRO IS FREE, BUT IT'S NOT EASY. When we turn pro, we give up a life that we may have become extremely comfortable with. We give up a self that we have come to identify with and to call our own. TURNING PRO IS FREE, BUT IT DEMANDS SACRIFICE. The passage from amateur to professional is often achieved via an interior odyssey whose trials are survived only at great cost, emotionally, psychologically and spiritually. We pass through a membrane when we turn pro. It's messy and it's scary. We tread in blood when we turn pro. WHAT WE GET WHEN WE TURN PRO. What we get when we turn pro is we find our power. We find our will and our voice and we find our self-respect. We become who we always were but had, until then, been afraid to embrace and live out.

detailed technical descriptions of the tools of navigation—a compass, an altimeter, a GPS system, and a sextant—this handbook shows how to use these tools either individually or in combination with each other to navigate any area. Twenty-one real-life scenarios provide practical wisdom for even the most intrepid navigator.
