"NASA began to doctor photos three years before the Apollo missions landed men on the moon" Our space shuttles routinely blast-off into orbit, to revolve around the earth. There is not a single doubt that man has made it into space. However, there is much doubt as to whether any man has ever gone beyond the radiation shield provided by the Van Allen Belt, which completely surrounds the planet. As the reader will learn from the chapter titled "Sunstroke," once beyond that Van Allen shield, space is riven with deadly radiation from the sun and other galactic bodies. "NASA Mooned America!" is a unique book, and as such, it requires a different format. The old adage "a picture is worth a thousand words" still holds true, and so the author, the legendary and controversial conspiracy researcher Ralph René, has produced four pages of NASA-derived photos that will absolutely prove that NASA began to doctor photos three years before the Apollo missions allegedly landed men on the moon. "The book that started the whole moon hoax craze" -MUFON Journal "A classic work about a classic conspiracy" -UFO Magazine "A theory that still holds water today" -Jesse Ventura

Alien Agenda

The truth begins here Author and award-winning Journalist Jim Marrs has

uncovered compelling new evidence regarding extraterrestrials-that alien life forms have not only visited our planet in the past, but are among us right now. Drawing on numerous eyewitness accounts, highly classified CIA reports, and his own meticulous research, Marris marshals an impressive array of facts to confirm the reality of UFOs--as well as the depth of the government campaign to keep America in the dark. Here is information unavailable in any other single source, including: Intriguing insights into the 1947 Roswell crash and the U.S. military's efforts to suppress all public inquiries Detailed accounts of UFO landing sites in South America and of abductions in the U.S. Vivid descriptions of UFOs by Apollo astronauts-in their own words Tantalizing clues to the alien timetable for revealing their plans here And much more!
