HASTH REKHA VIGYAN

The Buddha and His Dhamma was B.R. Ambedkar's last work. Published posthumously, it presented a radical reorientation of Buddhist thought and literature, aptly called navayana. It deals with Ambedkar's conceptualization of Buddhism and the possibilities it offered for liberation and upliftment of the Dalits. It presents his reflections on the life of the Buddha, his teachings, and the spread of Buddhism by interweaving anecdotes with detailed analyses of the religion's basic tenets. The author also includes important elements of the Buddhist canon and tradition to make the teachings more accessible. In the first critical and annotated edition of this work, the editors address the on-going debate on Ambedkar's interpretation of the Buddha's dhamma by focusing on the accuracy of his citations and providing missing sources. They also discuss Ambedkar's modification of source materials. The introduction contextualizes the scholarly work related to the text.

Teach Yourself Bengali Complete Course (Book Only)

Light on Life brings the insight and wisdom of Indian astrology to the Western reader. Jyotish, or Indian astrology, is an ancient and complex method of exploring the nature of time and space and its effect upon the individual. Formerly a closed book to the West, the subject has now been clarified and explained by Hart de Fouw and Dr. Robert Svoboda, two experts and long-term practitioners. In Light on Life they have created a complete and thorough handbook that can be appreciated and understood by those with very little knowledge of astrology.

The Benham Book Of Palmistry

When it was originally published (as The Laws of Scientific Hand Reading), Benham's book immediately transformed the image of palm reading from a huckster's trick to a practice with a firm scientific basis. It quickly became an essential reference work for anyone serious about palm reading. The Essential Work shows and explains all facets of palmistry thoroughly in language anyone can understand. The Essential Work brings Benham's original text back in print. It also updates many of the graphics, (more than 400 illustrations and photographs), which have become obscured through numerous printings. Benham's words remain as viable today as they were 100 years ago, as they form the foundation of modern palmistry.

A New English-Hindustani Dictionary

Light on Life: An Introduction to the Astrology of India

He was the Jeane Dixon of the early 20th century, psychic advisor to world-famous names in politics, entertainment, and royalty. But he lied about his own name, calling himself-when not answering to "Cheiro"- "Count Louis Hamon" though he was of rather more humble origin. So it's your call: Can trust him to accurately assess your character based solely on the month of your birth? In this book, first published in 1912, he "reveals": . which birth month is known for producing people who are "excellent in diplomacy," who "dazzle their listeners by their wit and brilliancy" . which month sees the arrival of those "inclined to become wrapped up in themselves and their own ideas" . when "very lonely" people are born . which month produces "good literary critics" . and more. Irish occultist Cheiro-aka WILLIAM JOHN WARNER (1866-1936)-wrote a number of books, including Palmistry for All and Cheiro's Guide to the Hand. Among his famous followers were Mark Twain and Oscar Wilde.

Cheiro's Book of Astrology

Everyone knows that "the face can wear a mask," that a person may be a good actor and put on a certain expression that may deceive even the best judgment. But hands cannot change as the result of a mere effort to please; the character they express is the real nature of the individual—the true character that has been formed by heredity or that has grown up with the person by long years of habit. The characteristics alluded to below are those which may be easily observed and which are aids to a rapid judgment of character and which I have never before been able to give to the public in such a concise way. The more elaborate details concerning the ultimate success of the person one is talking to, their more intimate character and their future development will be found in their proper place, in this book.

The Fourth Phase of Water

Secrets of the Millionaire Mind reveals the missing link between wanting success and achieving it! Have you ever wondered why some people seem to get rich easily, while others are destined for a life of financial struggle? Is the difference found in their education, intelligence, skills, timing, work habits, contacts, luck, or their choice of jobs, businesses, or investments? The shocking answer is: None of the above! In his groundbreaking Secrets of the Millionaire Mind, T. Harv Eker states: "Give me five minutes, and I can predict your financial future for the rest of your life!" Eker does this by identifying your "money and success blueprint." We all have a personal money blueprint ingrained in our subconscious minds, and it is this blueprint, more than anything, that will determine our financial lives. You can know everything about marketing, sales, negotiations, stocks, real estate, and the world of finance, but if your money blueprint is not set for a high level of success, you will never have a lot of money—and if somehow you do, you will most likely lose it! The good news is that now you can actually reset your money blueprint to create natural and automatic success. Secrets of the Millionaire Mind is two books in one. Part I explains how your money blueprint works. Through Eker's rare combination of street smarts, humor, and heart, you will learn how your childhood influences

have shaped your financial destiny. You will also learn how to identify your own money blueprint and "revise" it to not only create success but, more important, to keep and continually grow it. In Part II you will be introduced to seventeen "Wealth Files," which describe exactly how rich people think and act differently than most poor and middle-class people. Each Wealth File includes action steps for you to practice in the real world in order to dramatically increase your income and accumulate wealth. If you are not doing as well financially as you would like, you will have to change your money blueprint. Unfortunately your current money blueprint will tend to stay with you for the rest of your life, unless you identify and revise it, and that's exactly what you will do with the help of this extraordinary book. According to T. Harv Eker, it's simple. If you think like rich people think and do what rich people do, chances are you'll get rich too!

Matching of charts for marriage is a very important area of astrology. Matching becomes indispensable if we realise that there are more factors than meet the eye that go to make a marriage not only happy but also lasting. This volume on the important subject of horoscope matching is meant to give a correct idea of the complex process involved in it. It is a complete and comprehensive guide to the intricate art of matching charts. Nowhere in the world except, perhaps, in India have marriages survived lifelong for generations. This book endeavours to show in a clear and simple manner the useful and practical truth that underlies the so-called occult study of reading character and disposition by the "period of birth", and the meaning of the number of each day and the influence of such things on human life. It will, I hope, be seen in reading these pages how perfect is the mechanism of the Universe, by which certain characteristics, and even details as to health, may be traced by a study of such things. In the present book I have drawn largely from my own experiences in this study of character, and I may safely state that there is not a rule I have given concerning character tendencies or health, which has not been thoroughly verified by me in my own work, which has extended in a professional way over a period of more than forty years.
