That question was quickly answered after reflecting on the past maybe ten years or beyond, as well as recently, through the media watching how many public figures and celebrities are coming to prison for the first time. Should prisons attempt reform and uplift inmates or, by means of principled punishment, deter them from further wrongdoing? This debate has raged in Western Europe and in the United States at least since the late eighteenth century. Joseph F. Spillane examines the failure of progressive reform in New York State by focusing on Coxsackie, a New Deal reformatory built for young male offenders. Opened in 1935 to serve "adolescents adrift," Coxsackie instead became an unstable and brutalizing prison. From the start, the liberal impulse underpinning the prison's mission was overwhelmed by challenges it was unequipped or unwilling to face—drugs, gangs, and racial conflict. Spillane draws on detailed prison records to reconstruct a life behind bars in which "ungovernable" young men posed constant challenges to racial and cultural order. The New Deal order of the prison was unstable from the start; the politics of punishment quickly became the politics of race and social exclusion, and efforts to save liberal reform in

postwar New York only deepened its failures. In 1977, inmates took hostages to focus attention on their grievances. The result was stricter discipline and an end to any pretense that Cocksackie was a reform institution. Why did the prison fail? For answers, Spillane immerses readers in the changing culture and racial makeup of the U.S. prison system and borrows from studies of colonial prisons, which emblemized efforts by an exploitative regime to impose cultural and racial restraint on others. In today's era of mass incarceration, prisons have become conflict-ridden warehouses and powerful symbols of racism and inequality. This account challenges the conventional wisdom that America's prison crisis is of comparatively recent vintage, showing instead how a racial and punitive system of control emerged from the ashes of a progressive ideal.

A former parole officer shines a bright light on a huge yet hidden part of our justice

system through the intertwining stories of seven parolees striving to survive the chaos that awaits them after prison in this illuminating and dramatic book. Prompted by a dead-end retail job and a vague desire to increase the amount of justice in his hometown, Jason Hardy became a parole officer in New Orleans at the worst possible moment. Louisiana's incarceration rates were the highest in the US and his department's caseload had just been increased to 220 "offenders" per parole officer, whereas the national average is around 100. Almost immediately, he discovered that the biggest problem with our prison system is what we do—and don't do—when people get out of prison. Deprived of social support and jobs, these former convicts are often worse off than when they first entered prison and Hardy dramatizes their dilemmas with empathy and grace. He's given unique access to their lives and a growing recognition of their struggles and takes on his job with the hope that he can change people's fates—but he quickly learns otherwise. The best Hardy and his colleagues can do is watch out for impending disaster and help clean up the mess left behind. But he finds that some of his charges can muster the miraculous power to save themselves. By following these heroes, he both stokes our hope and fuels our outrage by showing us how most offenders, even those with the best intentions, end up back in prison—or dead—because the system systematically fails them. Our focus should be, he argues, to give offenders the tools they need to re-enter society which is not only humane but also vastly cheaper for taxpayers. As immersive and dramatic as *Evicted* and as revelatory as *The New Jim Crow*, *The Second Chance Club* shows us how to solve the cruelest

problems prisons create for offenders and society at large.

Acclaimed journalist Ted Conover sets a new standard for bold, in-depth reporting in this first-hand account of life inside the penal system at Sing Sing. When Ted Conover's request to shadow a recruit at the New York State Corrections Officer Academy was denied, he decided to apply for a job as a prison officer himself. The result is an unprecedented work of eyewitness journalism: the account of Conover's year-long passage into storied Sing Sing prison as a rookie guard, or "newjack." As he struggles to become a good officer, Conover angers inmates, dodges blows, and attempts, in the face of overwhelming odds, to balance decency with toughness. Through his insights into the harsh culture of prison, the grueling and demeaning working conditions of the officers, and the unexpected ways the job encroaches on his own family life, we begin to see how our burgeoning prison system brutalizes everyone connected with it. An intimate portrait of a world few readers have ever experienced, *Newjack* is a haunting journey into a dark undercurrent of American life.
