Curious George Builds a Tree House

"The wonderful cathedral of Notre-Dame de Paris, one of the greatest achievements of European civilization, was on fire. The sight dazed and disturbed us

profoundly. I was on the edge of tears. Something priceless was dying in front of our eyes. The feeling was bewildering, as if the earth was shaking." --Ken Follett In this short, spellbinding book, international bestselling author Ken Follett describes the emotions that gripped him when he learned about the fire that threatened to destroy one of the greatest cathedrals in the world--the Notre-Dame de Paris. Follett then tells the story of the cathedral, from its construction to the role it has played across time and history, and he reveals the influence that the Notre-Dame had upon cathedrals around the world and on the writing of one of Follett's most famous and beloved novels, *The Pillars of the Earth*. Ken Follett will donate his proceeds from this book to the charity La Fondation du Patrimoine.

Future Human Evolution

Sub influența charismaticului lor profesor de limbi clasice, un grup de tineri inadaptați, inteligenți și excentrici de la un colegiu de elită din New England descoperă un mod de a gândi și de a trăi cum nu se poate mai diferit de existența banală a contemporanilor lor. Dar când depășesc granițele moralității, viața lor se schimbă profund și pentru totdeauna, și descoperă cât de greu poate fi să trăiești cu adevărat și cât de ușor este să ucizi. Donna Tartt, câștigătoare a Premiului Pulitzer pentru romanul *Sticletele*, s-a impus ca o autoare extrem de talentată cu *Istoria secretă*, un roman remarcabil -convingător și elegant, dramatic și ludic, un adevărat clasic contemporan.

Omul obsedat de cărți - Editura Nemira

in Orasul Papilor o intamplare hazlie isca zarva mare. La Curtea Spaniei Infanta petrece cu acrobatii si giumbuslucuri iar lacrimile se arata printre hohote de ras. intr-o manastire din Rusia descinde o principesa ce tulbura viata calugarilor. in desert un om imblanzeste o salbaticiuine. intr-un restaurant parizian amintirea unei iubiri din trecut dar nu si iubirea se intoarce intr-o seara. in tinuturile verzi ale Angliei ucigasii se ascund unde nici nu banuiesti. Vara e mereu altfel. sapte crampeie de viata sapte piese dintr-un puzzle cu care sa te joci in vacanta. sapte povesti din sapte tinuturi ale imaginatiei care te asteapta sa redescoperi placerea lecturii. Ghizi vor fi Cehov Wilde Daudet Balzac Maupassant Turgheniev Chandler. Coordonator Dana Ionescu "

Institutul

La miezul noptii, într-o casă de pe o stradă liniștită din suburbiile orașului Minneapolis, părinții lui Luke Ellis sunt omorâți și el e aruncat într-o mașină. Totul, în mai puțin de două minute. Luke se trezește la Institut, într-o cameră foarte asemănătoare cu cea din casa lui, însă fără ferestre. Dincolo de uși sunt alte uși. Dincolo de uși sunt alți copii cu talente speciale, care au ajuns acolo la fel ca el. În această instituție sinistă, directorul urmărește să amplifice puterile supranaturale ale copiilor, ca ei să devină arme guvernamentale. Pe măsură ce tot mai mulți dispar, Luke își dă seama că trebuie să evadeze. Dar nimeni nu a scăpat vreodată din Institut. „King ne uimește cu

cea mai înspăimântătoare poveste despre copii care se confruntă cu răul de la IT încoace. Intrând în mintea personajelor-copii, King redă amenințarea și intimitatea fricii cu o intensitate extraordinară.”

When you've lived your whole life in secret because of a dark myth, what happens when the myth starts to come to life?

Istoria Secretă

This book lays out the history of eugenics movement and the politics which continues to rage around it. "The human rights of the future generations" are discussed.

Flacăra

When a meteorite lands in Surrey, the locals don't know what to make of it. But as Martians emerge and begin killing bystanders, it quickly becomes clear—England is under attack. Armed soldiers converge on the scene to ward off the invaders, but meanwhile, more Martian cylinders land on Earth, bringing reinforcements. As war breaks out across England, the locals must fight for their lives, but life on Earth will never be the same. This is an unabridged version of one of the first fictional accounts of extraterrestrial invasion. H. G. Wells's military science fiction novel was first published in book form in 1898, and is considered a classic of English literature.

Rumanian Review

A Man of Parts

This book assists in breaking through treatment resistance and defensiveness. Dozens of reproducible handouts, experiential activities, exercises, self-discovery tools and more are included.

The World Set Free

“Crux Ansata” is a fervent attack on the Roman Catholic Church and Pope Pius XII written by H. G. Wells at the height of the Second World War. Within it, Wells uses his position and popularity to bolster British morale, praising the English spirit whilst

simultaneously condemning the "spreading octopus" of the Church and its "Shinto alliance." Contents include: "Why Do We Not Bomb Rome?", "The Development Of The Idea Of Christendom", "The Essential Weakness Of Christendom", "Heresies Are Experiments In Man's Unsatisfied Search For Truth", "The City of God", "The Church Salvages Learning", "Charlemagne", "Black Interlude", "The Launching Of The Crusades By The Church", et cetera. Herbert George Wells (1866 - 1946) was a prolific English writer who wrote in a variety of genres, including the novel, politics, history, and social commentary. Today, he is perhaps best remembered for his contributions to the science fiction genre thanks to such novels as "The Time Machine" (1895), "The Invisible Man" (1897), and "The War of the Worlds" (1898). Although never a winner, Wells was nominated for the Nobel Prize in Literature a total of four times. Many vintage books such as this are becoming increasingly scarce and expensive. We are republishing this book now in an affordable, modern, high-quality edition complete with a specially commissioned new biography of the author.

Sensul vieții

Featured title on PBS's The Great American Read in 2018 Having devoted his studies to optics and

refraction, an impulsive scientist named Griffin has rendered himself invisible. Unable to reverse the effects, his struggle to survive grows desperate until he realizes that there are benefits to living out of the public eye. Increasingly isolated, he soon spirals into a life of crime and degenerates into madness. He can't see that he has become his own worst enemy. Exploring the loss of identity and the willful disappearance of conscience and morality, H. G. Wells crafted one of his most suspenseful and cautionary tales, which continues to intrigue to this day. AmazonClassics brings you timeless works from the masters of storytelling. Ideal for anyone who wants to read a great work for the first time or rediscover an old favorite, these new editions open the door to literature's most unforgettable characters and beloved worlds. Revised edition: Previously published as *The Invisible Man*, this edition of *The Invisible Man* (AmazonClassics Edition) includes editorial revisions.

Geo Vasile ne propune o selecție riguroasă de 100 de prozatori și esești aleși din întreaga istorie a literaturii. Elementul inedit, provocator și inevitabil în acest context este selectarea și plasarea, evident, justificată, a unor reductibili prozatori și esești români în contextul generos și selectiv deopotrivă al concertului universal al literațiilor. Astfel, alături de autori precum Paul Auster, Saul Bellow, Mario Vargas

Llosa, Julio Cortázar, Henri Miller, Philip Roth etc., sunt așezați Nicolae Breban, Augustin Buzura, Petru Cimpoeșu și mai tinerii săi colegi, argumentația adusă în arena de litere de istoricul și criticul literar Geo Vasile fiind una perfect justificată, iar criteriul de selecție – unul atotputernic: valoarea.

Die rumänische Dramatik nach 1945

Crux Ansata - An Indictment of the Roman Catholic Church

Published in 1904 *The Food of the Gods* is a forgotten H.G. Wells classic; it is sci-fi and dystopia at its best written by the creator and master of the genre. Following extensive research in the field of ?growthOCO, Mr Bensington and Professor Redwood light upon a new mysterious element, a food that causes greatly accelerated development. Initially christening their discovery ?The Food of the GodsOCO, the two scientists are overwhelmed by the possible ramifications of their creation. With Aunt Jane refusing to give house room to their experiments, Mr Besington is forced to take his laboratory out into the wide world, and chooses a farm at Hicklebyrow in Kent that offers him the chance to test his new substance on chickens, which duly grow monstrous, six or seven times their usual size. With the farmer, Mr Skinner, failing to contain the spread of the Food, chaos soon reigns as reports come in of the local populationOCO's encounter with monstrous wasps, earwigs and rats. When the chickens escape, they

leave carnage in their wake. Keen not to be outdone, the Skinners and Redwoods have both been feeding their children the compound illicitly ? their eventual offspring will constitute a new age of giants. Public opinion rapidly turns against the scientists and society as a whole rebels against the worldOCO's new flora and fauna. Daily life has changed shockingly and now politicians are involved, trying to stamp out the Food of the Gods and the giant race. Comic and at times surprisingly touching and tragic, WellsOCO's story is a cautionary tale warning against the rampant advances of science but also of the dangers of greed and political infighting and shameless vote-seeking."

The War of the Worlds

I was a foundling. But until I was eight years of age I thought I had a mother like other children, for when I cried a woman held me tightly in her arms and rocked me gently until my tears stopped falling. I never got into bed without her coming to kiss me, and when the December winds blew the icy snow against the window panes, she would take my feet between her hands and warm them, while she sang to me. Even now I can remember the song she used to sing. If a storm came on while I was out minding our cow, she would run down the lane to meet me, and cover my head and shoulders with her cotton skirt so that I should not get wet. When I had a quarrel with one of the village boys she made me tell her all about it, and she would talk kindly to me when I was wrong and praise me when I was in the right. By these and many other things, by the way she spoke to me and looked

at me, and the gentle way she scolded me, I believed that she was my mother. My village, or, to be more exact, the village where I was brought up, for I did not have a village of my own, no birthplace, any more than I had a father or mother—the village where I spent my childhood was called Chavanon; it is one of the poorest in France. Only sections of the land could be cultivated, for the great stretch of moors was covered with heather and broom. We lived in a little house down by the brook.

Coco: Miguel and the Grand Harmony

"La Música exists in many places—in the twang of a guitar, in the beat of a drum, even in the whistling wind and the morning bird's song. She brings color and life wherever she goes, connecting people to a grand harmony. And in the town of Santa Cecilia, she is everywhere. But when La Música discovers a boy with longing in his heart and no music in his home, she vows to help him find his passion. Join award-winning author Matt de la Peña and Pixar artist Ana Ramírez in this story inspired by the Disney Pixar film *Coco*—a story about friendship, family, and the power of music. "

Bibliografia Republicii Socialiste România

The H. G. Wells Trilogy

"The World Set Free" is a novel by H. G. Wells, written in 1913 and first published in 1914. The plot concerns the advent and use of terrible and immensely-powerful nuclear weapons the likes of which the world has never seen before, exploring the idea of technological advance as a means of human progress. A fascinating and prophetic novel, "The World Set Free" is highly recommended for fans of vintage speculative fiction. Herbert George Wells (1866 - 1946) was a prolific English writer who wrote in a variety of genres, including the novel, politics, history, and social commentary. Today, he is perhaps best remembered for his contributions to the science fiction genre thanks to such novels as "The Time Machine" (1895), "The Invisible Man" (1897), and "The War of the Worlds" (1898). Many vintage books such as this are becoming increasingly scarce and expensive. We are republishing this book now in an affordable, modern, high-quality edition complete with a specially commissioned new biography of the author.

Do You Dream of Terra-Two?

A riveting novel about the remarkable life—and many loves—of author H. G. Wells. H. G. Wells, author of *The Time Machine* and *War of the Worlds*, was one of the twentieth century's most prophetic and creative writers, a man who immersed himself in socialist politics and free love, whose meteoric rise to fame brought him into contact with the most important

literary, intellectual, and political figures of his time, but who in later years felt increasingly ignored and disillusioned in his own utopian visions. Novelist and critic David Lodge has taken the compelling true story of Wells's life and transformed it into a witty and deeply moving narrative about a fascinating yet flawed man. Wells had sexual relations with innumerable women in his lifetime, but in 1944, as he finds himself dying, he returns to the memories of a select group of wives and mistresses, including the brilliant young student Amber Reeves and the gifted writer Rebecca West. As he reviews his professional, political, and romantic successes and failures, it is through his memories of these women that he comes to understand himself. Eloquent, sexy, and tender, the novel is an artfully composed portrait of Wells's astonishing life, with vivid glimpses of its turbulent historical background, by one of England's most respected and popular writers.

Alaska. Singur în sălbătie

George is tired of following the house rules—he wants a place of his own where he can draw on the walls and eat corn on the cob with his feet! He decides to build a tree house in the yard, but quickly learns that

creating a house from scratch just might take more than a pile of plywood and a handful of nails. What he needs is a design plan to make it work. This Green Light Reader based on Curious George, the Emmy Award-winning PBS TV show, also includes bonus activities to help build on the construction theme with a matching materials game and a make-your-own sponge blocks craft.

Notre-Dame

'A major new voice. Read Temi Oh today. Everybody will be reading her tomorrow' Stephen Baxter. author of World Engines 'A brilliant, beautiful debut. Reading it will change your heart' Christian Kiefer, author of Phantoms * The Long Way to a Small, Angry Planet meets The 100 in this unforgettable debut by a brilliant new voice. * A century ago, scientists theorised that a habitable planet existed in a nearby solar system. Today, ten astronauts will leave a dying Earth to find it. Four are decorated veterans of the 20th century's space-race. And six are teenagers, graduates of the exclusive Dalton Academy, who've been in training for this mission for most of their lives. It will take the team twenty-three years to reach Terra-Two. Twenty-three years spent in close quarters. Twenty-three years with no one to rely on but each other. Twenty-three years with no rescue possible, should something go wrong. And something always goes wrong. * Don't miss one of Cosmopolitans books by people of colour to get excited about in 2019, called 'a tightly wound epic' that 'will change your heart' by Christian Kiefer, author of Phantoms. * WHY

READERS DREAM OF TERRA-TWO . . . 'An ambitious 500-page coming-of-age blockbuster . . . Oh is excellent at portraying the aching sense of loss on a one-way trip to the stars' Guardian 'A tightly wound, emotional epic that asks important questions about humanity, goodness, belief, technology, love, friendship, and duty. At what point is grabbing hold of one's destiny ultimately an attempt to escape some other? Like all great writers, Temi Oh refuses the easy answer, instead ruminating upon the question itself. This novel is a brilliant, beautiful debut. Reading it will change your heart.' Christian Kiefer, author of *Phantoms* 'One of the most absorbing books I have ever read' 'This book seemed to take over my life whilst I was reading it - if I wasn't actually reading, I was thinking about it' 'I'm in love with this book . . . It is a beautiful, sprawling, literary delight with an unforgettable cast undertaking an unforgettable journey.' 'For fans of the character-driven *The Long Way to a Small, Angry Planet* series, *Terra-Two* is perfect . . . A strong, haunting, character-driven story . . . This book and its characters will stay with you for a long time.' 'Do You Dream of Terra-Two succeeds both as a great sci-fi story and a brilliant drama . . . Even though you expect things to go wrong in this story, they still wrong foot you when they do. 5*.' 'Beautifully written . . . It's inspirational to read' 'I would love to be able to write like Temi Oh. I should start taking notes . . . Highly recommended!'

Catalogue of the H. G. Wells Collection in the Bromley Public Libraries

Where better to rebuild and face one's fears than in 1906 San Francisco, a city rising from the ashes? Ruby Marshall, a young widow, is certain she'll discover new purpose assisting her brother Robert with his cancer research, but she doesn't anticipate finding new love. Dr. Gerald Larkspur dreams of filling his empty home with family, but he'd always hoped it would be a wife and children. In the aftermath of the great earthquake, the rooms are overflowing with extended family and friends left homeless by the disaster. When Robert's widowed sister arrives, the close quarters seem close indeed. Ruby and Gerald's fledgling romance is put at risk when Gerald develops symptoms of the very disease they're striving to cure. Together they must ask—is it worth a second chance at love when time might be short?

The Hidden Twin

Beyond the Ashes

Un specialist în supraviețuirea în sălbăcie pornește în cea mai îndrăzneță expediție a vieții lui: însoțit doar de doi câini, va parcurge aproape 1.000 de kilometri pe schiuri prin Alaska, traversând lanțul muntos Brooks. Va avea la dispoziție un GPS și un telefon prin satelit, își va transporta singur proviziile și va ține un jurnal zilnic. Alături de terierii Jimmy și Will, Dave Metz străbate vaste întinderi de tundră și ținuturi acoperite de păduri, trece râuri înghețate și creste înzăpezite. Pe lângă pericolul reprezentat de urși și de haitele de lupi, va avea de înfruntat foamea,

epuizarea și frigul Nordului. Mai important însă decât performanța, susține el, este că a putut să admire frumusețea nealterată a naturii sălbatice și să se simtă pe deplin liber.

Careul de fugă

Short Letter, Long Farewell

Romanțe pentru mai târziu și alte poezii

H. G. Wells was one of the most influential science fiction writers of all times. His three most important novels *The Time Machine*, *The War of the Worlds*, and *The Island of Dr. Moreau* still seem as fresh today as when he first wrote them. *The Time Machine* explores human nature. The Time Traveler finds himself in 802,701 A.D., where he meets the peaceful Eloi and encounters the violent Morlocks. Wells uses these two descendants of man to explore evil and its causes, drawing conclusions that might surprise you in this riveting tale that has stood the test of time. This deluxe edition has the deleted portion of chapter eleven that ran in the original serialization, but was removed by Wells for book publication; it runs after the story as the "Gray Man." In addition to the "Gray Man" this edition also contains the full text of "The Chronic Argonauts" Wells' first time travel story which he borrows liberally from for *The Time Machine*. In *War of the Worlds* Mankind finds itself in a fight for its very survival when invaders from Mars land on Earth.

Using their vastly superior technology the Martians make short order of all the great powers of Earth, laying waste to everything in their path. The novel follows an unnamed man as he flees for his life while trying to locate his wife in the shattered ruins of Earth. Powerful and insightful. Island of Doctor Moreau: Edward Prendick finds himself adrift at sea, a lone survivor of a ship wreck. He spends more than a week drifting without food or water. Pendrick consigns himself to death, but fate intervenes and delivers him to an unknown Island. The terrors that await him on Doctor Moreau's island are far worse than what he has just been rescued from or anything that he could imagined.

God the Invisible King

Ariel does not know who he is, where he is from, or what is his purpose in life. The chance to get the answers comes in the form of a strange experiment, in which Ariel receives the ability to fly.

Nobody's Boy

By Nobel Prize Winner Peter Handke Short Letter, Long Farewell is one the most inventive and exhilarating of the great Peter Handke's novels. Full of seedy noir atmospherics and boasting an air of generalized delirium, the book starts by introducing us to a nameless young German who has just arrived in America, where he hopes to get over the collapse of his marriage. No sooner has he arrived, however, than he discovers that his ex-wife is pursuing him. He

flees, she follows, and soon the couple is running circles around each other across the length of America--from Philadelphia to St. Louis to the Arizona desert, and from Portland, Oregon, to L.A. Is it love or vengeance that they want from each other? Everything's spectacularly unclear in a book that is travelogue, suspense story, domestic comedy, and Western showdown, with a totally unexpected Hollywood twist at the end. Above all, *Short Letter, Long Farewell* is a love letter to America, its landscapes and popular culture, the invitation and the threat of its newness and wildness and emptiness, with the promise of a new life--or the corpse of an old one--lying just around the corner.
