## The Big Book of Reiki Symbols

O Dr. Chujiro Hayashi é discípulo do fundador do Reiki, o Dr. Mikao Usui. Ele desenvolveu o seu próprio estilo de Reiki e foi professor de Hawayo Takata, que introduziu o Reiki no ocidente. Entretanto, o Dr. Hayashi também ensinou o Reiki a estudantes japoneses, como Chiyoko Yamaguchi, nascida em 1920 e que ainda hoje pratica essa arte, tendo recebido como aluno Frank Arjava Petter, que aprendeu com ela o sistema original do Reiki Hayashi. Este livro traz a história do Dr. Chujiro Hayashi, a partir de novas pesquisas, ilustrada com fotos inéditas; Os principais exercícios do sistema de Reiki Hayashi, que também inclui técnicas nunca antes ensinadas no Ocidente; a Técnica da Circulação Sangüínea; documentos raros, tais como certificados originais do Dr. Hayashi e seqüências de fotos em cores.

## Reiki for Life

Reiki, Yoga, Meditation and Yagyas, presents a case for practicing these ancient disciplines. While many people are meditating, some have had difficulties with meditation because they were not doing Hatha Yoga. It is essential to do yoga & meditation to obtain the best results. Reiki is useful as an added adjunct to keep the body healthy and also open the inner channels, often called the meridians or nadis. Yagyas are the third aspect of the yoga, meditation triangle. The purpose of yagyas is to strengthen ones spiritual connection to the Higher Power, however, yagyas effect all areas of an individual: the body, mind and spirit. These Hindu ceremonies can reduce problems even if youve had them for decades. This book provides practical tips about these disciplines and how they can help anyone achieve higher states of consciousness/Enlightenment in one lifetime.

### **Reiki Manual for First Degree (Shoden): Reiki Healing for Beginners, in the Japanese Style**

Reiki: The True Story is a comprehensive investigation of Reiki as both a healing practice and a lifelong path of spiritual awakening. Author and Reiki expert Don Beckett weaves together a new story about Reiki's origins and its founder's true vision. The foundation of this book is the teachings of a group of Reiki founder Makao Usui's original students, who held their master's knowledge in secrecy for more than seventy years. After a general introduction to Reiki, Beckett presents a thorough history of the discipline (including the testimony of some of Usui's students) as well as an in-depth manual for practice. The author rounds out his exploration with material from world renowned, contemporary Reiki Masters, Beckett's own insights into the nature of Reiki energy, as well as information about the chakra system, yin and yang, and the Five Transformations. The book concludes with a chapter entitled "Beyond Reiki," which bridges knowledge of Reiki with the lesser-known practice of Johrei. Thorough explanations coupled with cutting-edge discoveries about Reiki's past make this a compelling volume for novice and experienced practitioners alike.

### **Reiki**

### **The Original Reiki Handbook of Dr. Mikao Usui**

### **A técnica de Reiki do Dr. Hayashi**

This is something different. Rather than being a book about Reiki for the general public to read, this is a copy of the actual

training manual given to First Degree students of Reiki Evolution, the well-known UK Reiki training organisation. The manual is different for several reasons. Firstly, it is easy-to-read, down-to-earth and really comprehensive, a complete and clear guide to the practice of Reiki at First Degree, ideal for people finding out about Reiki for the first time, and ideal for practitioners and Master alike. The manual is all about Reiki, and Reiki alone, rather than about various New Age practices that have crept into Reiki over the years, like crystals and Angels and spirit guides. And rather than presenting the Western style of Reiki that is covered in most Reiki books on the market (usually described as traditional Usui Reiki ), this manual focuses on the form of Reiki that was taught by Reiki s founder, Mikao Usui, in the 1920s in Japan, and is based on information coming from a group of elderly students of Reiki s founder. In its original form Reiki was not so much a treatment method as a simple self-healing and self/spiritual-development method which could potentially be used on other people. So in this manual you will learn authentic energy practices that you can use on yourself each day to further your self-healing and your spiritual development, you will focus on the Reiki precepts (in their original form, not the altered Western version), and you will learn about the role of mindfulness in the original system. The manual presents a wealth of background information about Reiki, including an up to date history of Reiki, and you will also learn a simple and non-dogmatic approach to working on yourself and treating others. Many people attending Reiki courses do not receive any sort of a course manual, or perhaps just a few sheets of paper, and the Reiki Evolution Shoden manual will be of great help to those who have already learned Reiki, but who want to have more of a solid introduction to the subject, or who want to learn more about the system that Reiki s founder was teaching, rather than the Western version taught on most Reiki courses. It also provides a comprehensive introduction to Reiki for those who are interested in finding out about Reiki for the first time.

### **The Reiki Sourcebook**

"Reiki, a technique for stress reduction that also promotes healing, allows everyone to tap into an unlimited supply of "life energy." The system of Reiki that became popular in the West was developed by Mikao Usui Sensei, a Japanese Buddhist, in 1922-23 It creates many beneficial effects including relaxation and feelings of peace, security and well being. Many have reported miraculous results. Hospitals and doctors' offices are beginning to include it as part of their therapy, and this new edition describes several successful approaches now being used across the country to integrate Reiki into patient care. This revised and expanded edition includes important new information on the theory and practice of Reiki, including the

Japanese Reiki techniques taught by Usui Sensei as well as the Hayashi Healing Guide. Also included are pictures of the Usui Memorial in Tokyo and of Kurama Yama, the sacred mountain where Reiki was rediscovered. This book is a must for anyone wanting the latest information on Reiki. Its referenced history of Reiki contains the most detailed and verifiable information currently available. ### **Usui Reiki Level Two Manual**

After seventeen years as a practitioner and teacher of Reiki, Sister Eileen has been astonished by the sheer number of people who have continued to stream through the door. People of all ages and traditions have come seeking their healing and finding it as Eileen did when she first embarked on this foreign road that soon became home to her. Eileen has come to recognize through her many years of practice that there is an inherent healing power within each of us and that the gift of Reiki is able to activate it. In her training manual, Eileen brings with her a core community of Reiki practitioners from different traditions and backgrounds that journey alongside her and recognize, as she does, the simplicity, wonder and beauty of God's universal gift for our time. The healing stories are too numerous to count but she does include specific testimonials within her training manual that speak for the thousands of others who have been healed through the doorway of Reiki. In this way, Eileen's Level I and II training manual, becomes a living testimony as she thoroughly covers all the information required to be a successful and competent Reiki practitioner. Written with inspiration and clarity, Eileen takes the reader on an amazing journey into the dynamic world of the inner self. Like a fresh current of air, she presents her material in an appealing and easily digestible manner. The uniqueness of Eileen's Reiki training manual lies in her ability to weave the Christ conscious healing dimension into it just as an alchemist would when producing gold. In this way, Eileen shows how the revered eastern practice of Reiki discovered by Dr. Mikao Usui, a Japanese Buddhist, in the early 20th century can blend perfectly with a Christian heritage of healing where the one enhances the other. At the same time, she shows how this simple, profound method of healing transcends cultural and religious boundaries in a way that makes this universal gift of Life Force Energy accessible to anyone. Often people who encounter Reiki for the first time experience an

inner bliss and harmony which leads them to explore the gift more fully. Others go away from the treatment or training feeling restored, refreshed and renewed. Reiki, the universal Life Force Energy of God, is not a new invention or modern day fad. Its roots are planted deep in ancient history. In the Old Testament, Life Force Energy was spoken about eloquently and has been pulsating through the whole of creation from the beginning of time. Even science and the world of medicine are looking at this complementary form of healing called "Reiki" with fresh new eyes. Its worldwide impact can no longer go unnoticed. About the Author: Eileen Curteis, a Sister of Saint Ann, is a Reiki Master teacher and practitioner, who has taught and treated thousands of people over the last seventeen years at Queenswood, a former retreat and spirituality centre in Victoria, British Columbia. Preceding this, Eileen was a teacher, principal and educator for twenty-seven years. Her greatest passion lies in the literary arts. She has authored ten books to date and through the years has become an accomplished poet, artist, writer, as well as being a producer of six CDs and three films.

### **Reiki**

A comprehensive guide to the first and second degrees of Usui Reiki Ryoho as well as Reiki's history and Western evolution

- Details hand positions, self-healing exercises, spiritual development meditations, and the Japanese Reiki techniques introduced in the first degree, shoden, and the second degree, okuden
- Provides a thorough introduction to the five levels of byosen, the energetic mechanism used to scan an individual's energy field and locate areas of disharmony
- Examines the core teachings of Reiki founder Usui Mikao and offers a new comprehensive exploration of Reiki's history and evolution
- Explores tools and techniques adapted by Western lineages, such as working with crystals and the chakras

Bridging Eastern and Western lineages to reclaim Reiki's roots as both a healing art and a spiritual practice, Nicholas Pearson offers a new comprehensive exploration of Reiki's history and evolution, the foundations of Usui Reiki Ryoho theory and practice, and the original techniques and modern tools of both the first degree, shoden, and second degree, okuden. He explores the etymology of key Reiki terminology and presents a complete discussion of the origins of the symbols used in the second degree, providing new historical, cultural, and spiritual context. He examines the core teachings of Reiki founder Usui Mikao, who taught that Reiki Ryoho enacted healing at the soul level, as well as insights from other important Reiki masters such as Hawayo Takata. Explaining what Reiki is and how it heals, the author outlines the six core characteristics that all varieties of Reiki share, including initiations and the Five Precepts. He details effective hand positions, self-healing exercises, spiritual development meditations, and the Japanese Reiki techniques introduced in first degree and second degree practice. He also explores a number of other techniques that have been adapted by Western lineages, such as aura sweeping, chakra tune-ups, and charging and programming crystals with Reiki. He provides a thorough introduction to the five levels of byosen, the energetic mechanism used to scan an individual's energy field and locate areas of disharmony, allowing you to increase your ability to sense centers of toxic imbalance as well as begin dislodging them, thereby

increasing the effectiveness of Reiki treatment. Offering Reiki tools to transform your life from the inside out, Pearson shows how Reiki Ryoho is a healing system that focuses on the inner and spiritual aspects of your being first, allowing you to polish the heart so it reflects the shining light of the soul.
