How to Vacation and Travel Safely..and Come Back Alive begins with the real life story of how author Earnest Hart, Jr. was held captive in Thailand while visiting for a series of kickboxing matches. Hart felt vulnerable in this foreign land where the

government was run by a military that imposed their will upon the foreign contestants with Uzis and intimidation. Forced to realize that the world we live in is as dangerous outside of the ring as it is inside, Hart continued his martial arts training and added to his knowledge by studying all available material related to security. I didn't get a bit of sleep that night. I sat up in my bed with my back to the wall, looking at the door and hoping no one would come through it. I started to wonder if I was ever going to get back to the U. S. alive. No one outside of Thailand really knew where I was. The most important questions I went over many times during that night were, How could I have prevented this from happening, and how do I get out of this situation? Since 9/11, personal safety has never been more paramount. Hart's book is an in-depth look at the realities of traveling in the new millennium and managing to stay safe in spite of the many obstacles that may arise. Focusing on important principles for individuals and families to help prepare themselves for real life encounters, the author lays out a detailed yet easy to understand plan for the readers to follow and make a part of their traveling and everyday routines. Earnest Hart, Jr. is a world-class martial arts champion, physical fitness trainer, actor and seminar specialist. He regularly presents workshops and lectures, captivating his audiences with details of his life experiences and providing them with straight talk about their personal safety. Real people face real fears! Dr. Hicks inspires you to discover that God has designed a way to help you cope with the fears in your life. There are many statements in Scripture that either explicitly or implicitly teach us not to fear. What you may not have discovered is that for every one of those there is a promise from God to help you overcome the fear. With each devotional you will find a "fear not" and a "promise" from Scripture. As you discover and appropriate those promises, your fears should begin to subside. You will find yourself identifying with the stories that illustrate Bible truths about fear; be encouraged as you discover a blend of the spiritual and the therapeutic in coping with fear; and confront your personal fears and discover God's overcoming promises through each Scripture-rich, life-applied devotional.

One of the most difficult things for us to do is picture ourselves dead, lying in a casket, about to be placed six feet under the earth. The reason why is because we are all, to some degree, afraid of death. So do you know what we do? We simply choose not to think about it. I mean death can be scary to think about because in the last few moments of our life, we have to deal with the inevitable question: Will God allow me to enter through those pearly gates into the heavenly city? Or will he cast me into hell, into unquenchable fire? So the real question is How can a person be sure, absolutely certain, that when they die, they will spend eternity in heaven? Can a person be sure? Yes! And that's why this book has been written. It has been written to give you hope and assurance, based upon the scriptures, that if you receive Jesus Christ as your personal Lord and Savior, you will spend eternity in heaven when you die. This book provides answers to the following questions: How can a person become a Christian? How can you be sure you are a Christian? How can you be sure you're saved? Can a Christian ever lose his salvation? Can a Christian sin as much as he wants without consequences? Can a Christian be sure he's going to heaven?

A Trail Revisited

The story brings the reader to the Western frontier during the post-Civil War era. Robin, a half breed Texas Ranger, after being reunited with his father, was living and working on the huge BBC ranch. While there he received a letter from friends who had aided him in the past, requesting his help with a rustling problem in Missouri. He and a friend left the Northwest Territory as early as possible in order to avoid the snows of winter and to return the favor. They were both completely unaware that they would become embroiled in a conflict between a power hungry, brilliantly devious madman who was attempting to gain control of the small valley and the people that lived there. Before the surprising conclusion of this story you will find the Ranger and his friends required to face personal danger, conflicting moral decisions, love and all of its complexities, and difficult decisions to make between duty and loyalty. Not only will you find a diversity of characters, but also attempts to deal with the clash of cultures between the Sioux and Arapahoe Nations as the European population push themselves onto sacred hunting grounds in search of gold or land. These were hard times and hard men lived them, and after losing everything they owned at the close of the Civil War, many men would willingly kill if an opportunity to regain a place they can call their own presented itself.

His 40-item "Can Your Relationship Be Saved?" Inventory asks the right questions. But readers are not left there. The chapters that follow gently guide them in exploration of what is likely to happen if? What if I go? What if I stay? Readers will find direction in answering those questions for themselves, and the

Personal relationships are the real bedrock of long-term success in any business and any industry. But in today's global economy, forging bonds across cultural divides requires a heightened level of sensitivity. In *You Can't Lead with Your Feet on the Desk*, the leader of Marriott International Lodging, Ed Fuller, delivers real-world advice on how to connect with, manage, and do business with people in any culture, including employees, suppliers, and customers who often have roots in other cultures. Fuller, who grew Marriott's international business from sixteen hotels in six countries to 400 properties in seventy countries, explains how to navigate cultural nuances and language differences, unfamiliar geography, and frustrating bureaucracy. Building trust, shared values, and commitment to a business partnership is harder in cross-cultural situations, but it can and must be done if you want to be successful in today's world. No matter the country or community, relationships are the currency of every culture. Fuller explains how to build these relationships, how to discover the other person's interests and needs—and why you have to get your feet off the desk, cross the cultural borders, and go meet them in the context in which they're most comfortable. Fuller prepares you for this journey with guiding principles for avoiding missteps and for creating lasting connections crucial to every business leader: Build relationships through mutual respect Earn trust quickly by delivering during a crisis Understand how verbal and nonverbal cues can make or break a deal Lead from the front and be willing to give yourself the tough jobs Learn the local customs and history in order to create positive relationships Your skills at forming and maintaining close ties with associates and partners give you the competitive advantage. So, ditch the desk, and learn how to overcome differences in today's multicultural business environment. "This is a must-read!
