IGCSE® Computer Science Coursebook

Education in Namibia

This popular text has been completely revised and updated in full colour to provide comprehensive coverage of the new GCSE syllabuses in Home Economics. Revision questions are included throughout the book, with structured questions and tasks.

KS3 Revision Science Year 8

This highly respected and valued textbook has been the book of choice for Cambridge IGCSE students since its publication. This new edition, complete with CD-ROM, continues to provide comprehensive, up-to-date coverage of the core and extended curriculum topics specified in the IGCSE Chemistry syllabus. The book is supported by a CD-ROM containing extensive revision and exam practice questions, background information and reference material.

Food and Nutrition

Cambridge IGCSE Computer Science Revision Guide follows the Cambridge IGCSE (0478) and Cambridge O Level (2210) Computer Science syllabuses, matching the

syllabus for examination from 2015. The book instils confidence and thorough understanding of the topics learned by the students as they revise for examinations, and is written in a clear and straightforward tone to assist learning concepts and theories. This revision guide is endorsed by Cambridge International Examinations.

Essential Science for Cambridge Secondary

Extended Mathematics for Cambridge IGCSE provides for the second year of a two-year course leading to the Cambridge IGCSE Mathematics Extended Level examination from University of Cambridge International Examinations. This is the second of two books (Core and Extended), which together completely cover the syllabus for the Cambridge IGCSE Mathematics Extended Level. Students may either study the whole of the Core course in their first year, followed by the Extended in their second year, or they may study 1 from Core followed immediately by 1 from Extended. Either way, the books are designed to be worked through sequentially and can be used both as classroom textbooks and for self-study.

Cambridge Checkpoint Science Coursebook 8

The most comprehensive match to the new 2014 Chemistry syllabus, this completely revised edition gives you unrivalled support for the new concept-based approach, the Nature of science. The only DP Chemistry resource that includes support directly from the IB, focused exam practice, TOK links and real-life applications drive achievement.

Success International English Skills for IGCSE Teacher's Book

Written specifically for Cambridge Assessment International Education's revised Lower Secondary syllabus, this series provides complete curriculum framework coverage for Stages 7-9. It has been written by an experienced author team and provides a seamless link into Cambridge IGCSE, maximising students' potential.

Essential Science for Cambridge Lower Secondary, Stage 8

Ks3 Science

The perfect grounding for students intending to take their studies to a more advanced level. Features: Introductory page to each unit to bring out the relevance of the material to everyday life Simple questions at the end of each unit to

consolidate learning Helpful revision summary

Cambridge IGCSE Computer Science Study and Revision Guide

Endorsed by Cambridge International Examinations, the Essential Science for Cambridge Secondary 1 series provides complete curriculum framework coverage for Stages 7-9. It has been written by an experienced author team and provides a seamless link into Cambridge IGCSE, maximising students' potential. The Stage 8 Student Book provides accessible content to engage international school students from a wide range of backgrounds. Scientific enquiry material is integrated throughout, with practical activities to develop the required skills. Learning outcomes at the start of each spread are matched to the curriculum framework and let the students know what they need to learn and understand in each topic. Learning is put into real-world contexts through Science in context! spreads, challenging students to think about wider issues. Summary questions throughout the text test and consolidate students' learning. Each chapter concludes with examination-style questions, preparing students for the checkpoint test and introducing them to IGCSE-style questions. The CD-ROM included with the book contains engaging interactive learning exercises covering key points of the curriculum framework, revision material, and exam preparation material.

Education Statistics

Deliver an exciting computing course for ages 11-14, providing full coverage of Digital Literacy, Computer Science and Information and Communications Technology objectives. The course covers the requirements of the national curriculum for England and is mapped to the Level 2 CSTA K-12 Computer Science Standards and the Cambridge Assessment International Education Digital Literacy Framework for Stages 7-9. - Ensure progression, with a clear pathway of skill steps building on previous experience and knowledge. - Recap and activate students' prior knowledge and skills with Do you remember? panels. - Demonstrate and practise new concepts and skills with Learn and Practice activities. - Broaden knowledge and understanding with Go further activities that apply skills and concepts in different contexts. - Introduce more challenging skills and activities with Challenge yourself! tasks. - Allow students to demonstrate their knowledge and skills creatively with engaging end of unit projects. - Develop computational thinking with panels throughout the activities. - Provide clear guidance on e-safety with a strong focus throughout. - Clear progression for students going on to study IGCSE Computer Science and IGCSE Information Technology. Available in the series: Stage 7 Student's Book: 9781510481985 Stage 7 Student eTextbook 9781510483538 Stage 7 Online Teacher's Guide 9781510483484 Stage 8 Student's Book: 9781510481992 Stage 8 Student eTextbook 9781510483569 Stage 8 Online Teacher's Guide 9781510483491 Stage 9 Student's Book:

Cambridge IGCSE® Physical Science Physics Workbook

Subject: science; biology, chemistry, and physics Level: Key Stage 3 (age 11-14) Exciting, real-world 11-14 science that builds a base for International GCSEs. Pearson's popular 11-14 Exploring Science course - loved by teachers for its exciting, real-world science - inspires the next generation of scientists. With brand-new content, this 2019 International edition builds a base for progression to International GCSE Sciences and fully covers the content of the 13+ Common Entrance Exam. Exciting, real-world science that inspires the next generation of scientists. Explore real-life science that learners can relate to, with stunning videos and photographs. Provides content for a broad and balanced science curriculum, while building the skills needed for International GCSE sciences and the 13+ Common Entrance Exam. Choose from two Student Book course options to match the way your school teaches 11-14 science. The Student Books are arranged by year (Year 7, 8 and 9) or by science (biology, chemistry, physics). This Student Book contains all Year 7 biology, chemistry and physics content. Learn more about this series, and access free samples, on our website: www.pearsonschools.co.uk/ExploringScienceInternational.

Cambridge Checkpoint Science Workbook 9

These full-colour Revision Guides provide board-specific support for GCSE Science and are designed specifically to raise standards.

New KS3 Science Year 8 Targeted Workbook (with Answers)

Written by well-respected authors, the suite provides a comprehensive, structured resource which covers the full Cambridge Secondary 1 framework and seamlessly progresses into the next stage. This engaging course supports teaching of the Science framework both theoretically and practically, with full coverage of the Scientific Enquiry framework integrated throughout the series. This Workbook for Stage 8 contains exercises that develop students' ability to apply their knowledge, as well as Scientific Enquiry skills relating to planning experiments and recording results.

Cambridge Checkpoint Science Coursebook 9

This highly respected and valued textbook has been the book of choice for Cambridge IGCSE students since its publication. This second edition, complete with CD-ROM, continues to provide comprehensive, up-to-date coverage of the core and

extended curriculum topics specified in the Cambridge IGCSE Biology syllabus. The book is supported by a CD-ROM containing extensive revision and exam practice questions, background information and reference material.

Revise IGCSE Mathematics

KS3 Science Complete Study & Practice (with online edition)

Salter's GCSE Science

This new resource is written to follow the updated IGSCCE Computer Science syllabus 0478 with examination in June and November 2016.

Top Biology Grades for You

Written by well-respected authors, the suite provides a comprehensive, structured resource which covers the full Cambridge Secondary 1 framework and seamlessly progresses into the next stage. This engaging course supports teaching of the Science framework both theoretically and practically, with full coverage of the Scientific Enquiry framework integrated throughout the series. This Workbook for Stage 9 contains exercises that develop students' ability to apply their knowledge,

as well as Scientific Enquiry skills relating to planning experiments and recording results. Integrated review of topics from Stages 7 and 8 as well as full coverage of the Stage 9 content provides preparation for the Cambridge Checkpoint Science test and a solid foundation for progression into the Cambridge IGCSE Sciences.

The Times Index

Exploring Science International Year 7 Student Book

Explaining Physics

Up-to-date resources providing full coverage of Cambridge IGCSE First Language English (0500 and 0522) for first examination in 2015. This updated, write-in Workbook can be used for independent learning, for homework tasks or revision. It contains text extracts from around the world with linked exercises for students to practise the skills they need for the Cambridge IGCSE. Exercises are grouped into 12 diverse units on cross-curricula topics which are not linked to the Coursebook themes, so students remain engaged in the reading material. The Workbook has been completely updated in line with the new syllabus. It is particularly suitable for

students who need additional support with language and grammar. A microsite provides free online resources to support the course.

The ISS Directory of International Schools, 2007-2008

Penpals for Handwriting is a complete handwriting scheme for 3-11 year olds. The Year 1 Penpals for Handwriting Practice Book is designed for guided group work and individual practice, once the initial handwriting focus has been illustrated using the Year 1 Penpals for Handwriting Interactive resource. Year 1 is the first time letters are used within words.

Independent Schools Yearbook 2012-2013

This workbook supports the new Key Stage 3 Programme of Study for Science, providing focused skills practice for all the topics relevant to students in Year 8. It will test understanding of scientific knowledge and the principles of working scientifically, build scientific vocabulary, and develop relevant comprehension and mathematical skills.

Key Science for International Schools

Written by well-respected authors, the suite provides a comprehensive, structured resource which covers the full Cambridge Secondary 1 framework and seamlessly progresses into the next stage. This engaging course supports teaching of the Science framework both theoretically and practically, with full coverage of the Scientific Enquiry framework integrated throughout the series. This Coursebook for Stage 9 gives a thorough introduction to the concepts, and offers a wealth of ideas for hands-on activities to make the subject matter come to life. Integrated review of topics from Stages 7 and 8 as well as full coverage of the Stage 9 content provides preparation for the Cambridge Checkpoint Science test and a solid foundation for progression into the Cambridge IGCSE Sciences.

IGCSE Chemistry

Annual Report for the Year Ending

Providing guidance that helps students practice and troubleshoot their exam technique, these books send them into their exam with the confidence to aim for the best grades. - Enables students to avoid common misconceptions and mistakes by highlighting them throughout - Builds students' skills constructing and writing answers as they progress through a range of practice questions - Allows students

to mark their own responses and easily identify areas for improvement using the answers in the back of the book - Helps students target their revision and focus on important concepts and skills with key objectives at the beginning of every chapter - Ensures that students maximise their time in the exam by including examiner's tips and suggestions on how to approach the questions This title has not been through the Cambridge International Examinations endorsement process.

International Computing for Lower Secondary Student's Book Stage 8

Offers complete in-depth preparation for the Cambridge IGCSE in English as a Second Language (E2L) examination. Endorsed by Cambridge, the Success International Teachers Book contains detailed teachers notes as well as suggestions for alternative approaches and wider practice. Key features include: an at a glance chart describing the revised examination; an overview of each coursebook unit; detailed notes, with examiners advice on marking and grading; model answers to the writing tasks; CD scripts and answers, including answers to the workbook exercises.

IB Physics Course Book

Cambridge IGCSE® Physical Science resources tailored to the 0652 syllabus for first examination in 2019, and all components of the series are endorsed by Cambridge International Examinations. This Physics Workbook is tailored to the Cambridge IGCSE® Physical Science (0652) syllabus for first examination in 2019 and is endorsed for learner support by Cambridge International Examinations. The workbook covers both the Core and the Supplement material with exercises that are designed to develop students' skills in problem-solving and data handling, planning investigations and application of theory to practice. Answers are provided at the back of the book.

Lower Secondary Science Student's Book: Stage 8

Endorsed by Cambridge International Examinations. Develop your students computational thinking and programming skills with complete coverage of the latest syllabus from experienced examiners and teachers. - Follows the order of the syllabus exactly, ensuring complete coverage - Introduces students to self-learning exercises, helping them learn how to use their knowledge in new scenarios
Accompanying animation files of the key concepts are available to download for free online. See the Quick Links to the left to access. This book covers the IGCSE (0478), O Level (2210) and US IGCSE entry (0473) syllabuses, which are for first examination 2015. It may also be a useful reference for students taking the new Computer Science AS level course (9608).

Cambridge IGCSE Computer Science

Cambridge IGCSE® Computer Science Revision Guide

The highly-respected book of reference of sought-after Independent Schools in membership of the Independent Schools Council's Associations: HMC, GSA, The Society of Heads, IAPS, ISA and COBIS.

ISS Directory of Overseas Schools

This resource is written to follow the updated IGCSE® Computer Science syllabus 0478 with examination from June and November 2016. Cambridge IGCSE® and O Level Computer Science Programming Book for Python accompanies the Cambridge IGCSE and O Level Computer Science coursebook, and is suitable for students and teachers wishing to use Python in their studies. It introduces and develops practical skills to guide students in developing coding solutions to the tasks presented in the book. Starting from simple skills and progressing to more complex challenges, this book shows how to approach a coding problem using Structure Diagrams and Flow Charts, explains programming logic using pseudocode, develops Python programming skills and gives full solutions to the

tasks set.

Cambridge IGCSE® and O Level Computer Science Programming Book for Python

Includes a Teacher's Guide including teaching notes, guidance on the range of activities for coursework, equipment lists and answers to all questions. Additional assessment to enrich, extend and tailor the context of the Key Science textbooks for international schools A 'Mother Tongue' glossary to help students access the textbooks Additional multiple choice questions Alternative practical exercises (with sample mark schemes)

Cambridge Checkpoint Science Workbook 8

Cambridge IGCSE First Language English Workbook

This student book for year 11 provides all the information needed to cover the specification for GCSE science. It is interactive and includes questions and exercises.
