Male Roles, Masculinities and Violence

Have you always wanted to learn how to speak, read and write Japanese? Well then, this is the perfect textbook for you! Hello, my name is Jeremy Rasmussen and I am just some guy. I wrote this Japanese grammar textbook for those who have an interest in learning the Japanese language, but may have found it a tad bit overwhelming at first. Being a student of the language myself, this book was written from the perspective of someone who had to personally struggle with the new linguistic concepts and ideas, allowing me to make the learning process much more streamlined for the native English speaking student. Inside this book you will find Over 400 pages with color-coded example sentences Example sentences written in both Japanese and the Roman alphabet English translations for all example sentences Eighty -Some guy's pro tips, - which offer useful or interesting cultural information about Japanese or Japan as a country Chapter summaries to help reinforce what was learned Practice problems with answer keys to check your understanding of the material Who is this book for? Written with both the beginner and intermediate student in mind, this book is perfect for those who are just starting out, or for those who already have some working knowledge of the language and want to solidify what they may already know (while possibly learning a few new things along the way!). This book covers mainly JLPT level 5 and JLPT level 4 material, but sprinkled throughout, you will also find some JLPT level 3 structures as well. -But Jeremy, you're just some guy- When I first told people that I wanted to write a Japanese grammar textbook, the most common response was, -But you're not even Japanese. You're just some guy who learned Japanese- And my response to them was always -That's right! I am just some guy. But so what?- The reality is that being a non-native Japanese speaker gives me a better understanding of the difficulties a native English speaker might face and how to better explain the grammatical details of

the language more clearly and succinctly than a non-native English speaking person could. I, too, was once a beginner of the Japanese language and have definitely dealt with the frustrations it can bring. That's why I have done my best to provide what I feel are essential beginner/intermediate level grammar structures with simple, easy to understand explanations that will make the rest of your Japanese studying career much less stressful. As a child I always dreamed of being able to play my favorite games in Japanese, or watch and understand my favorite anime. Through a lot of hard work and effort I was finally able to make my dream a reality, and I sincerely hope that I will be able to impart on to you what I picked up along my Japanese learning adventure to help you accomplish your dreams as well.

Learning Japanese Kanji Practice Book Volume 1

Japanese From Zero! is an innovative and integrated approach to learning Japanese developed by professional Japanese interpreter George Trombley and co-writer Yukari Takenaka. The lessons and techniques used in this series have been taught successfully for over fifteen years in classrooms throughout the world. In Book 3 of the Japanese From Zero! series, readers are taught new grammar concepts, over 1000 new words and expressions, and also begin learning the kanji writing system. Features of Book 3: * Integrated Workbook with Answer Key * Over 1000 New Words and Expressions * Easy-to-Understand Example Dialogues * Bilingual Glossaries with Kana and Romaji and much more!

Japanese from Zero! 3

This book covers significant recent developments in the field of Intelligent Methods applied to eCommerce. The Intelligent Methods considered are mainly Soft Computing Methods that include fuzzy sets, rough sets, neural networks, evolutionary computations, probabilistic and evidential reasoning, multivalued logic, and related fields. There is no doubt about the relevance of eCommerce in our daily environments and in the work carried out at many research centers throughout the world. The application of AI to Commerce is growing as fast as the computers and networks are being integrated in all business and commerce aspects. We felt that it was time to sit down and see how was the impact into that field of low-level AI, i.e. softcomputing. We found many scattered contributions disseminated in conferences, workshops, journals, books or even technical reports, but nothing like a common framework that could serve as a basis for further research, comparison or even prototyping for a direct transfer to the industry. We felt then the need to set up a reference point, a book like this. We planned this book as a recompilation of the newest developments of researchers who already made some contribution into the field. The authors were selected based on the originality and quality of their work and its relevance to the field. Authors came from prestigious universities and research centers with different backgrounds.

Talk Japanese

The Japanese sentence-final particles, "ne," "yo" and "yone" have proved notoriously difficult to explain and are especially challenging for second language users. This book investigates the role of the particles in talk-in-interaction with the aim of providing a comprehensive understanding that accounts for their pragmatic properties and sequential functions and that provides a sound basis for second language pedagogy. This study starts by setting up an original particle function hypothesis based on the figure/ground "gestalt," and then tests its validity empirically with unmarked, marked and native/non-native talk-in-interaction data. The analysis illustrates not only expectable but also unexpected or strategic use of particles, as well as the problems posed for native speakers by non-native speakers whose use of particles is idiosyncratic. The study demonstrates that the proposed hypothesis is capable of accounting for all the uses of particles in the extensive and varied data set examined. This book will be of interest to students and scholars in pragmatics and CA and to teachers of Japanese as a foreign language.

The Japanese Sentence-final Particles in Talk-in-interaction

Korean From Zero! is a fun, innovative, and integrated approach to learning Korean created by professional interpreter George Trombley, Korean linguist Reed Bullen, Professor Myunghee Ham, and Sunhee Bong. Using up-to-date and easy-to-grasp grammar, Korean From Zero! is the perfect course for current students of Korean as well as absolute beginners. Kodansha's Hiragana Workbook

This is an invaluable study guide and practice book for learning basic Japanese kanji. Learning Japanese Kanji Practice Book is intended for beginning students or experienced speakers who need to practice their written Japanese. Kanji are an essential part of the Japanese language and together with kana (hiragana and katakana) comprise written Japanese. This book presents the kanji characters that are most commonly used. All the kanji and related vocabulary words in this book are those that students are expected to know for Level 4 of the Japanese Language Proficiency Test (JLPT). Characters that appear in the AP Japanese Language and Culture Exam are flagged. Readings, meanings, and common compounds are presented. The correct method of writing each character is clearly indicated, and practice boxes with strokes that can be traced are provided, along with empty boxes for freehand writing practice. Lots of exercises are included to give students the opportunity to practice writing sentences containing the kanji. Indexes at the back allow you to look up the characters

by their readings and English meanings. This kanji book includes: Step-by-step stroke order diagrams for each character. Special boxes with grid lines to practice writing characters. Words and phrases using each kanji. Romanizations (romanji) to help identify and pronounce every word.

A Guide to Japanese Grammar

I'm Learning Japanese!

Learning Hiragana and Katakana is a systematic and comprehensive Japanese workbook that is perfect for self study or in a classroom setting. Written Japanese combines three different types of characters: the Chinese characters known as kanji, and two Japanese sets of phonetic letters, hiragana and katakana, known collectively as kana, that must be mastered before the Japanese kanji can be learned. Learning Japanese Hiragana and Katakana provides beginning-level students of Japanese a thorough grounding in the basic hiragana and katakana phonetic symbols or syllabaries. A comprehensive introduction presents their basic function, origin, pronunciation and usage. The main body of the book is devoted to presenting the 92 hira and kata characters along with their variations, giving step-by-step guidelines on how to write each character neatly in the correct stroke order, with plentiful practice spaces provided for handwriting practice. This Japanese workbook includes: Systematic and comprehensive coverage of the two Japanese kana systems. Ample provision for Japanese kana practice, review, and self-testing at several levels Detailed reference section explaining the origin and function of kana, and the various kana combinations. Access to online Japanese audio files to aid in correct pronunciation. Helpful additional information for language students accustomed to romanized Japanese. Vocabulary selected for usefulness and cultural relevance. About this new edition: The new third edition has been expanded and revised to include many additional reading and writing exercises. Accompanying online recordings demonstrate the correct pronunciation of all the characters, vocabulary, and sentences in the book.

Japanese from Zero! 1

A fun and helpful resource for anyone interested in learning some Japanese—whether you're 5 or 100! This picture dictionary covers the 1,500 most useful Japanese words and phrases. Each word and sentence is given in Japanese script—with a Romanized version to help you pronounce it correctly—along with the English meaning. The words are grouped into 40 different themes or topics, including basics like meeting someone new and using public transportation to

culture-specific topics like celebrating Japanese holidays and eating Japanese food. This colorful picture dictionary includes: Hundreds of color photographs 1,500 Japanese words and phrases 40 different topics—from social media and WiFi to paying and counting Example sentences showing how the words are used Companion online audio recordings by native Japanese speakers of all the vocabulary and sentences An introduction to Japanese pronunciation and grammar An index to allow you to quickly look up words Japanese Picture Dictionary makes language learning more fun than traditional phrasebooks. This resource is perfect for beginners of all ages—curious kids, visual learners and future travelers to Japan.

Principles and Practice in Second Language Acquisition

I'm Learning Japanese!

The thirteenth edition of The Theatre Experience is students' ticket to the best seat in the house. From Broadway to makeshift theater spaces around the world, the author demonstrates the active and lively role they play as audience members by engaging them in the collaborative and creative processes behind and in front of the curtain. Wilson introduces students to the roles of the performers, directors, producers and designers, while emphasizing the insights they as audience members bring to any production. The thirteenth edition better accommodates today's teaching schedules, as well as improves accessibility for students by concise insight and up-to-date vibrant production visuals. Students join the creative process with The Theatre Experience, and rehearse for their role as life-long audience members.

Ultimate AP Biology

Korean From Zero! 3 continues the integrated approach to learning Korean. Created by interpreter, George Trombley, Korean linguist Reed Bullen, native Korean speaker Jiyeon Kim and Korean teacher Myunghee Ham. Using up-to-date and easy-to-grasp grammar, Korean From Zero! is the perfect course for current students to continue their studies.

The Theatre Experience

Want to speak Japanese but don't know where to start? This book is for you! Don't waste money buying ten different books when you can learn everything you need in this one book. Don't waste money taking classes at a school when you can teach yourself. With *Speak Japanese in 90 Days*, all of the prep work is done for you. Each daily lesson will teach you not only what, but how to study. *Speak Japanese in 90 Days* is a comprehensive self study guide, and teaches everything you need to know for the JLPT N5 (Japanese Language Proficiency Test) as well as most of the grammar needed for the JLPT N4. It can also be used by intermediate students to brush up on grammar and vocabulary. The content includes: How to Study - Tips and tricks on how to study and what to study to learn and retain the language quickly. Pronunciation - An easy and accurate guide for English speakers. Every sentence is written with English pronunciation, Japanese kana, and kanji. Grammar - All essential grammar tested in the JLPT N5 and most of the grammar tested in the JLPT N4. Vocabulary - Over 1000 of the most common Japanese words and phrases. Vocabulary nuances - Detailed explanations of how to use vocabulary correctly, that you can't find in a dictionary or other text books.

Speak Japanese in 90 Days

This is a fun and entertaining beginner level children's Japanese language book (9 years old and up) that is also appropriate for adults. *I'm Learning Japanese* takes a light-hearted approach to the Japanese language by using fun anime-style manga characters to teach Japanese. However, it does not scrimp on content and covers everything from Japanese kanji, kana and grammar to Japanese culture and customs. The book starts out with the main characters, Emily, Nico and Teo sitting on the grass after school, minding their own business, when—unbelievable!—a giant talking fox dressed in a kimono appears. Explaining that he knows magic, speaks 3,000 languages and is respected as a sensei (master), he wonders if the three kids are ready to learn Japanese from him. During the next 128 amusing pages, the three friends learn to speak Japanese, read Japanese and write Japanese...along with taking breaks to try Japanese hot-spring baths, sumo wrestling, Zen meditation and more. Focusing on exactly what the 9 to 13-year-old learner wants to know, this book is carefully set up to allow them to learn Japanese independently, at their own speed, without an adult's help. Every page of *I'm Learning Japanese!* is in full color and the illustrated comic book-approach, with its speech bubbles and funny side remarks, makes the learning seem to fly. It gives preteens a fun grounding in the language and one that's accurate and practical. Nothing they learn here is "watered down" or will ever need to be unlearned, should they continue on with their Japanese language studies in school

or later in life.

Kanji From Zero! 1

Emily, Nico and Teo are sitting on the grass after school, minding their own business, when -- unbelievable! -- a giant talking fox dressed in a kimono appears. Explaining that he knows magic, speaks 3,000 languages and is respected as a sensei (master), he wonders if the three kids are ready to learn Japanese from him.

Korean from Zero! 2

Japanese From Zero! is an innovative and integrated approach to learning Japanese developed by professional Japanese interpreter George Trombley and co-writer Yukari Takenaka. E-Commerce and Intelligent Methods

There are three types of Japanese script-katakana, hiragana, and kanji. It is possible to read Japanese knowing only a limited number of kanji, but it is not possible with only a limited number of katakana or hiragana-one must know all of them. Let's Learn Hiragana, and its companion volume Let's Learn Katakana, is a textbook that introduces the learner to the basics of one of these fundamental Japanese scripts. Being a workbook, it contains all the exercises that allow the student to master hiragana by the time the book has been finished. Let's Learn Hiragana is a classic in the field, and the huge number of students that have used it successfully is a sign of its preeminence as a self-study guide.

□□□□□□

This is a user-friendly guide to learning Japanese Katakana and includes a set of 46 flash cards Japanese Katakana for Beginners makes learning of beginner kana fast and effective by using memorable picture mnemonics, along with clear explanations, examples and lots of fun exercises—a method that has helped thousands of students lean katakana

successfully in the United States and Japan. Picture mnemonics enhance memory by associating the shape and sound of each Japanese kana character with combinations of images and English words already familiar to students. This book is organized into three main sections: The first introduces the basic 46 katakana characters along with writing tips and opportunities to practice writing them. The second teaches the usage rules that allow students to write all Japanese sounds, providing more opportunities for practice. The third strengthens students' skills through a wide range of exercises (word searches, crossword puzzles, fill in the blanks, visual discrimination, timed recognition quizzes, etc) designed to both increase the knowledge of the Japanese language and reinforce newly acquired writing skills. A set of flash cards printed on perforated cardstock and a list of suggested flash card activities, are also provided at the end of the book. Each of these cards introduces a katakana character along with the picture mnemonic that helps to recognize and remember it.

Talents Incorporated

Beginner-level students wishing to read Japanese need to learn hiragana, the most basic of three Japanese scripts, used for writing words of native origin. Kodansha's Hiragana Workbook is an all-new, streamlined workbook designed precisely for such students. It introduces all aspects of the script—reading, writing, and pronunciation—in a fun, accessible format, packed with illustrations and exercises. One page each is devoted to the 46 basic characters. These include instructions for character formation and space to practice writing, as well as a selection of vocabulary for further reading and writing. The vocabulary are all commonly used words that students can put to immediate use in conversation; and their readings—pronounced by a professional voice actor—are available as free downloads from the Net. Frequent review pages allow students to test their understanding of the hiragana at various stages. The appendixes offer additional practice exercises, as well as grids for playing hiragana Battleship and Bingo. There are also 120 pull-out flashcards for playing Memory, Scrabble, and other games.

Japanese Picture Dictionary

These short language courses are intended for absolute beginners, and can be used by adults learning at home or in a class.

Remembering the Kanji 1

The Japanese Language Proficiency Test (JLPT) is the standardized test taken by everyone who wants to study or work in Japan.

Learn Japanese from Some Guy: Quickly and Easily Master Beginner and Intermediate Level Japanese Grammar

This monograph examines the history of missile defense and the current dialogue from a Russian perspective, in order to explain the root causes of Russian alarm. Specific recommendations for managing the Russia relationship in the context of missile defense are given. Important conclusions are also drawn for the purpose of managing the dialogue over missile defense plans not only with Russia as an opponent, but also with European NATO allies as partners and hosts. The latter are especially significant in the light of these partners' heightened hard security concerns following Russian annexation of Crimea and continuing hostile moves against Ukraine. This analysis was completed before the start of Russia's annexation of Crimea in March 2014, but already warned of the prospect of direct military action by Russia in Europe in order to protect Moscow's self-perceived interests.

Let's Learn Hiragana

This book is based on an expert group meeting entitled 'Male Roles and Masculinities in the Perspective of a Culture of Peace', which was organised by UNESCO in Oslo, Norway in 1997, the first international discussion of the connections between men and masculinity and peace and war. The group consisted of researchers, activists, policy makers and administrators and the aim of the meeting was to formulate practical suggestions for change. Chapters in the book consist of both regional case studies and social science research on the connections of traditional masculinity and patriarchy to violence and peace building. The Culture of Peace initiatives in this book show how violence is ineffective, and the book contests the views in the socialisation of boy-children that aggressiveness, violence and force are an acceptable means of expression.

Korean from Zero!

Introduces a method of learning Japanese that allows you to learn, practice, and never forget new Japanese vocabulary,

phrases, grammar points, and kanji that you encounter from any anime or manga of your choice. It also covers smarter ways to practice listening comprehension and reading and writing the Japanese language.

Japanese Katakana for Beginners

Updated to include the 196 new kanji approved by the Japanese government in 2010 as “general-use” kanji, the sixth edition of this popular text aims to provide students with a simple method for correlating the writing and the meaning of Japanese characters in such a way as to make them both easy to remember. It is intended not only for the beginner, but also for the more advanced student looking for some relief from the constant frustration of forgetting how to write the kanji, or for a way to systematize what he or she already knows. The author begins with writing the kanji because—contrary to first impressions—it is in fact simpler than learning how to pronounce them. By ordering the kanji according to their component parts or “primitive elements,” and then assigning each of these parts a distinct meaning with its own distinct image, the student is led to harness the powers of “imaginative memory” to learn the various combinations that make up the kanji. In addition, each kanji is given its own key word to represent the meaning, or one of the principal meanings, of that character. These key words provide the setting for a particular kanji’s “story,” whose protagonists are the primitive elements. In this way, one is able to complete in a few short months a task that would otherwise take years. Armed with the same skills as Chinese or Korean students, who know the meaning and writing of the kanji but not their Japanese pronunciations, one is then in a much better position to learn the readings (which are treated in a separate volume). Remembering the Kanji has helped tens of thousands of students advance towards literacy at their own pace, and to acquire a facility that traditional methods have long since given up on as all but impossible for those not raised with the kanji from childhood.

Cartooning

With over 128 million speakers across the globe, Japanese is one of the world's most widely-spoken languages. Most major universities, and even many primary and secondary schools, offer courses in Japanese. International interest in learning Japanese has been strong for decades, as Japan is an important economic, political, and business partner to many countries. Equally suited to both new students and heritage speakers, Beginner's Japanese with Online Audio includes 25 carefully-paced and practical lessons updated with modern text and phrases in the revised Hepburn system of revised rōmaji. It also includes: An introduction to the Hiragana and Katakana writing systems Exercises for each lesson with answer key Japanese-English and English-Japanese glossaries Online MP3 audio files for free download featuring pronunciation by native speakers

JLPT Study Guide

The present volume examines the relationship between second language practice and what is known about the process of second language acquisition, summarising the current state of second language acquisition theory, drawing general conclusions about its application to methods and materials and describing what characteristics effective materials should have. The author concludes that a solution to language teaching lies not so much in expensive equipment, exotic new methods, or sophisticated language analysis, but rather in the full utilisation of the most important resources - native speakers of the language - in real communication.

The lessons and techniques used in this book have been taught successfully for over fifteen years in classrooms throughout the world. Kana From Zero! is perfect for current students of Japanese as well as absolute beginners who want to learn to read and write Japanese hiragana and katakana.

Japanese Character Writing Practice Book

Charlatans or Prophets? At best, the tiny Kandarian Air Fleet would fight until its last ship was blown into infinity. At worst, it would be annihilated without a chance. To young Captain Bors, either course was unthinkable. The ruthless Dictator of Mekin had already subjugated twenty-two helpless planets. Now he wanted Kandar's unconditional surrender, or his vastly superior forces would blast it out of existence. It took a lot of guts, and the hope that is frequently born of despair, for a military man like Bors to throw in his lot with Talents, Incorporated, an untried, unscientific organization. Through peculiar gifts of extra-sensory perception, its personnel could, their leader insisted, out-think and out-guess even the most deadly dictator in the history of mankind. Could it? It just might. And it just might not. . . . But there was absolutely nothing to lose, and a free world (and a beautiful girl) to win. Captain Bors made his decision, and the loaded die was cast!

Japanese from Zero!

Korean From Zero! 2 continues the fun, innovative, and integrated approach to learning Korean created by professional interpreter and author of 6 text books, George Trombley, Korean linguist Reed Bullen, and native Korean speaker Jiyeon Kim and Korean teacher Myunghee Ham. Using up-to-date and easy-to-grasp grammar, Korean From Zero! is the perfect course for current students of Korean to continue their studies.

Barron's AP Biology

"The Japanese language uses a set of symbols called 'hiragana' (to spell Japanese words), 'katakana' (to spell foreign words), and 'kanji' (to represent entire words or names). Over the course of BOOK 1, we will teach you groups of hiragana piece-by-piece to gradually build up your understanding and familiarity."--Introduction.

Learning Japanese Kanji Practice Book Volume 2

NOTE: This book is the SAME as the website but for those who prefer to have a physical copy in print now. Now in a smaller size from the previous orange version! The best website for learning Japanese grammar is now in print! My website (www.guidetojapanese.org) has been helping people learn Japanese as it's really spoken in Japan for many years. If you find yourself frustrated that you can't understand Japanese movies or books despite having taken Japanese classes, then this book is for you. It will help you finally understand those pesky particles and break down grammatical concepts that will allow you to comprehend anything from simple to very complex sentences. You will also learn Japanese that's spoken by real people including casual speech patterns and slang, stuff that's often left out in most textbooks. Don't take my word for it, just check out my website and order this book to have it handy wherever you go.
