The Jedi in the Lotus is the first-ever examination of the Star Wars universe from a Hindu perspective, illuminating many hitherto undiscovered aspects of the background and meaning of the widely acclaimed film series. We are shown how its creators were influenced by the famed mythologist, Joseph Campbell, whose reading of the ancient Indian Epics, the Ramayana and Mahabharata, can be seen throughout the Star Wars films. This book also demonstrates how the metaphysical understanding of the Jedi Knights and the divinity conceived of as 'the Force' have resonances with teachings passed down by Hindu gurus and mystics for centuries, and how fantastic worlds and technology similar to that of the Star Wars universe were described in myths that are millennia old - and may even have had some basis in reality. Finally, The Jedi in the Lotus shows us how the Hindu traditions at the basis of Star Wars offer an alternative vision to the purely materialistic, soulless world of modernity. Steven J. Rosen (Satyaraja Dasa) is an initiated disciple of His Divine Grace A. C. Bhaktivedanta Swami Prabhupada. He is also founding editor of the Journal of Vaishnava Studies and associate editor of Back to Godhead. He has published twenty-one books in numerous languages, including the recent Essential Hinduism (Rowman & Littlefield, 2008); The Yoga of Kirtan: Conversations on the Sacred Art of Chanting (FOLK Books, 2008); and Krishna's Other Song: A New Look at the Uddhava Gita (Praeger-Greenwood, 2010). 'In conclusion, I can only say that The Jedi in the Lotus is a breakthrough book when it comes to understanding the mythic depth of the Star Wars epics. Steven J. Rosen uses his masterful grasp of the Eastern traditions to explain the secrets of the most

successful film series ever. This book also shows us why Joseph Campbell loved the wisdom tales from India, and, for those who found the Star Wars adventures memorable, this is a truly illuminating book.' - Dr. Jonathan Young, from the Foreword

Soul Quest Journey from Death

The Poetical gazette; the official organ of the Poetry society and a review of poetical affairs, nos. 4-7 issued as supplements to the Academy, v. 79, Oct. 15, Nov. 5, Dec. 3 and 31, 1910

Life a Traveller's Guide to Journey With

Like taxes, death is inevitable. Everyone experiences it sooner or later. This book offers perspectives on death and dying from all major religions, written by experts in each of those religions. Focusing on the major world traditions, it offers important information about what death and dying means to those practicing these faiths. The second part of the book adds a necessary and truly unique perspective - a personal look at how people actually die in the various world religions, as told by a hospital chaplain, with anecdotes and experiences that bring the death process to life, so to speak. Each chapter engages the theology of each religion, giving

quotes from the literature of their respective scriptural traditions, to explain the process of dying, death, and the afterlife. In doing so, each author draws on the history of his respective tradition and looks at real-life figures, exemplars of the tradition, showing how practitioners view death and hope to one day engage the death process themselves.

The Complete Idiot's Guide to Hinduism, 2nd Edition

A Storm of Songs

Cheated of their kingdom and sent into exile by their envious cousins, the Pandavas set off on a fascinating journey. This work recounts the history of the five heroic Pandava brothers. Its includes spiritual themes, and is filled with suspense, intrigue, and wisdom.

The Bhagavad Gita

Rosen offers Westerners an easy-to-read introduction to a sacred text, demystifying its considerable philosophy in a user-friendly way. This is not yet another translation, merely reiterating what the Gita itself has to say. It is rather an

attempt to culturally translate the text, making use of concepts and categories to which Western readers are accustomed. By engaging familiar motifs--such as issues of modernity, pop-culture icons, and well-known philosophers in the West--the author brings the Gita into focus for non-specialists and scholars alike. Through a series of contemporary news references and insightful summaries, readers will finally understand the facts and personalities that make up the Bhagavad Gita. Using his many years of Gita-centered research, Rosen unlocks the mysteries of the text's spiritual underpinnings. He provides an overview of the Gita's narrative and teachings alongside documentation of its traditional application and more modern ways in which the text can be understood. Students and scholars alike will rejoice in how well this book lays bare the culture and the context of the Gita, resulting in a reader's deep familiarity with this most sacred of all the world's wisdom texts.

Folklore, Religion and the Songs of a Bengali Madman

Choice

Arising out of a devotional and enthusiastic religious movement that swept across most of northern and eastern India in the period from the fourteenth through the

seventeenth centuries, the powerful and moving lyrics collected and elegantly translated here depict the love of Radha for the god Krishna—a love whose intensity and range of emotions trace the course of all true love between man and woman and between man and God. Intermingling physical and metaphysical imagery, the spiritual yearning for the divine is articulated in the passionate language of intense sensual desire for an irresistible but ultimately unpossessable lover, thus touching a resonant chord in our humanity.

In Praise of Krishna

The Yoga of Kirtan

Set on the planet Syzegis, in a distant galaxy, Nujran is the spoiled pre-teen son of King Rababi and Queen Roone in the kingdom of Typgar. Enter Maestro Amsibh, a gifted teacher with extraordinary qualities, and the prince's transformation begins. But, why does he have to leave his sheltered life at the palace and his gorgeous friend Zaarica, with the maestro and two bodyguards? Who are the mysterious Monks of Meirar, and what strange powers do they possess? What motivates Hoanan, the villainous politician, who wants to unseat the king and usurp the throne? And amidst all the turbulence in Typgar, can Nujran find his way back

home? With numerous plot twists and turns, the reader will be transported on a fast-paced adventure with our young prince, where he encounters romance and conflict, friendship and betrayal, while building strength and character through his experiences in the real world.

The Academy

Gates of the Lord

Our love affair with the digital interface is out of control. We've embraced it in the boardroom, the bedroom, and the bathroom. Screens have taken over our lives. Most people spend over eight hours a day staring at a screen, and some "technological innovators" are hoping to grab even more of your eyeball time. You have screens in your pocket, in your car, on your appliances, and maybe even on your face. Average smartphone users check their phones 150 times a day, responding to the addictive buzz of Facebook or emails or Twitter. Are you sick? There's an app for that! Need to pray? There's an app for that! Dead? Well, there's an app for that, too! And most apps are intentionally addictive distractions that end up taking our attention away from things like family, friends, sleep, and oncoming traffic. There's a better way. In this book, innovator Golden Krishna

challenges our world of nagging, screen-based bondage, and shows how we can build a technologically advanced world without digital interfaces. In his insightful, raw, and often hilarious criticism, Golden reveals fascinating ways to think beyond screens using three principles that lead to more meaningful innovation. Whether you're working in technology, or just wary of a gadget-filled future, you'll be enlightened and entertained while discovering that the best interface is no interface.

Journal of Vaiṣṇava Studies

'Cult Wars' in Historical Perspective

A ground-breaking work in comparative theology. This stimulating work of comparative theology brings into conversation the stories of the infancy and youth Jesus with that of Krishna in the Hindu tradition. The early chapters tell the stories, first of Krishna and then of Jesus, and then describe the role each plays as savior for the faithful of that tradition. Chapter 1: Comparative Theology and Learning about Jesus Chapter 2: A Savior in Disguise the Stories Chapter 3: Krishna and His Followers How He Saves Chapter 4: Immanuel the Stories Chapter 5: Jesus and His Disciples How He Saves Chapter 6: All Grown Up Krishna and Jesus as Adults The text is not only readable but engaging, particularly when it explores the

playfulness of the young Krishna and compares Krishna's early years with those of Jesus as described in such non-canonical writings as the Infancy Gospel of Thomas. Through this comparison Largen demonstrates the unique role Jesus' nature as both human and divine has in our Christian understanding of salvation.

Godsong

In this book, Lorea explores the relationship between Bengali folklore, heterodox religious movements and politics of cultural representation through the contextual study of the eccentric guru Bhaba Pagla (1902-1984), his ecstatic songs and their performers.

The Krishna Key

Food for the Soul

A new look at an ancient religion. The Complete Idiot's Guide® to Hinduism,

Second Edition, contains updated and expanded information on how the religion developed from its very fragmented origins, the basic Hindu beliefs, and the multiple Hindu deities, as well as the sociological aspects of the religion including ethics, sacraments, dietary habits, the caste system, and much more. ? Hinduism is the third-largest religion in the world, with over 765 million followers worldwide ? Updated information on the state of Hinduism today ? An exploration of the Hindu paths to enlightenment including karma yoga, bhakti yoga, jnana yoga, tantra and laya yoga ? Expanded information on the Hindu Reformation

A Short History of Kerala

"The Hare Krishna Book of Vegetarian Cooking is more than just a collection of 120 Indian recipes: it is a taste of that special fusion of wisdom and beauty that is Ancient India. You can read about the advantages of vegetarianism and the arts of eating, of serving, and of combining dishes to get the most pleasure and the most nutrition from your meals. And, for the spiritually curious, there is an introduction to Krishna Consciousness, the world's oldest philosophy."--BOOK COVER.

A New Look at Kabir

Krishna's Song

This revealing compilation of essays by prominent practitioners and well-informed scholars lays to bear one simple truth: One must be a vegetarian to properly practice Yoga.

Keralites in America

'Cult Wars' in Historical Perspective provides a broad characterization of the shifting religious contours over the past several decades. Offering an assessment of several important topics in the study of new religions, this book explores developments in well-known groups such as the Unification movement, The Family International (Children of God), the International Society for Krishna Consciousness (ISKCON), and the Church of Scientology. Bringing together both insiders and outsiders from various academic disciplines and personal perspectives, this book takes account of the ways in which the cult question is defined and addressed in different countries. It offers a vivid depiction of how the cult wars or cult controversies of the late twentieth and early twenty-first centuries first took shape; the transformation of deeply entrenched positions on cults and sects as at least some members of new groups, cult watchers, and academics entered into serious and sustained conversations about topics of mutual concern; the shifting foci and

concerns of the general public, law enforcement and the courts, and academics in various countries; and the complex histories of individual groups in which many dramatic transformations have occurred despite their comparatively short life spans.

The Agni and the Ecstasy: Collected Essays of Steven J. Rosen

Kirtan and yoga are spiritual practices that originated in the mystic East. In fact, kirtan - singing for the Divine - is a form of yoga that engages the heart, evoking emotion and joy. The Yoga of Kirtan will introduce readers, many for the first time, to this blissful yogic tradition. Here we learn of kirtan's history and origins, its different musical forms, and the instruments used in its performance. But, most importantly, in The Yoga of Kirtan we hear the voices of kirtan yogis from ages past. They reach out to us through the hearts and minds of their present-day representatives, such as Krishna Das, Jai Uttal, Deva Premal and Miten, Snatam Kaur, Vaiyasaki Das, Ragani and David Newman, among others. Through the insights of these modern-day chanters, we get a peek into the ecstasy of the chanting process. By allowing us to eavesdrop on their intimate conversations with Vaishnava scholar Steven Rosen, they unlock the mysteries of this age-old yogic tradition, helping us to see why chanting is indeed yoga and how easy and pleasurable it is to perform.

The Best Interface is No Interface

Geet Govinda

Students of religion and Eastern thought will welcome this readable translation and practical commentary on the Uddhava Gita, a Hindu text in which Krishna's teachings introduced in the Bhagavad Gita are extended and nuanced.

The Academy and Literature

Geet Govinda - a superb lyrical Sanskrit poem of the 12th century composed by Jaideva - has stirred the minds of the readers, artists, dancers and musicians to such frenzy that they themselves become the geet or song while reading, dancing, painting, acting or playing on their instruments. It manifested in almost all the disciplines of Indian fine arts. Geet Govinda contains twelve cantos that have twenty-four eight-stanza songs or ashtapadis which deal with the love plays of the Dark Lord Krishna and his fair beloved Radha. The Indian artists painted these verses through their brushes in almost all the pioneer styles of Indian miniature painting between the 16th to 18th century including the styles that flourished in the remote areas of India. In Khandesh (Maharashtra), Geet Govinda was painted

in 1765 in a new style - Kanheri. This is a fine blending of folk and royal styles. The colours are indigenous and the lines are delicate. We find Krishna and Radha wearing Khandeshi clothes and ornaments. This discovery has added a new chapter to the history of Indian art.

Indian-Ish

This Book Attempts To Put Kabir In A Proper Perspective, And Translates All The Various Forms Of His Poetry-Sakhis Ramainis Padas, And Those Which Have Found A Place In The Guru Granth Sahib. Text Clean, Condition Good.

Bhagavad Gita

Dialogue between the warrior, Arjuna, and his charioteer, the god Krishna, discusses the purpose of war, the importance of duty, and the spiritual nature of existence, in a new translation of this ancient Hindu poem that forms one section of the epic Mahabharata. Reprint. 30,000 first printing.

The Hare Krishna Book of Vegetarian Cooking

A never-before action packed retelling of Lord Krishna's life, Krishna Gopeshvara is

the first in a trilogy that narrates the early life events of Lord Krishna from the time of Kamsa's capture of the Mathura throne to his killing by his nephew-as was foretold by the tyrant king's own priest. Styled as a historical fiction, Krishna and Kamsa are portrayed as men pursuing their narratives according to their understanding of the world around them. What entails is a clash of two narratives-the dharmic one symbolized by Krishna and the other a totalitarian and despotic narrative epitomized by Kamsa. The only assumption that has been made is that Krishna was a highly gifted young man. In the story of the battle between an uncle he must kill to survive lies embedded the truth of a nation gone rogue and a critique of the social, cultural and religious circumstances of Mathura, Magadha, Kashi, and other leading power centres of Aryavarta-which holds relevance even in our times-thus setting the stage for the great epic of Mahabharata. The careful portrayal of the other kings and princes of the Mahabharata era shows how often flaws in character can lead to devastating consequences, affecting, sometimes, the nation as a whole. Thus, human psychology is laid bare, including the inherent limitations of man. Weaving a riveting account of the life of the Lord, the political intrigues, discussions on dharma and debates on the position of women in the society, Krishna Gopeshvara is a perfect portrayal of the Vedic era with a deep resonance to the times we live in.

Prince of Tyagar

Indian Books in Print

Insightful commentary, the original Sanscrit lettering, and word-for-word analyses by a noted Hindu teacher and translator accompanies a discussion between the warrior Arjuna and his charioteer, the god Krishna, on the purpose of war, the importance of duty, and the spiritual nature of existence, in a rendering of the ancient Hindu poem.

The Catholic Periodical and Literature Index

A widely-accepted explanation for India's national unity is a narrative called the bhakti movement—poet-saints singing bhakti from India's southern tip to the Himalayas between 600 and 1600. John Hawley shows that this narrative, with its political overtones, was created by the early-twentieth-century circle around Rabindranath Tagore in Bengal.

Bhagavad Gita

What is sensory marketing and why is it interesting and also important? Krishna defines it as "marketing that engages the consumers' senses and affects their behaviors." In this edited book, the authors discuss how sensory aspects of

products, i.e., the touch , taste, smell, sound, and look of the products, affect our emotions, memories, perceptions, preferences, choices, and consumption of these products. We see how creating new sensations or merely emphasizing or bringing attention to existing sensations can increase a product's or service's appeal. The book provides an overview of sensory marketing research that has taken place thus far. It should facilitate sensory marketing by practitioners and also can be used for research or in academic classrooms.

The Uddhava Gita

A young food writer's witty and irresistible celebration of her mom's "Indian-ish" cooking--with accessible and innovative Indian-American recipes

Ultimate Journey: Death and Dying in the World's Major Religions

Widely read, The Bhagavad Gita is a classic of world spirituality while The essential companion to The Bhagavad Gita, The Uddhava Gita has remained overlooked. This new accessible and only English translation in print of The Uddhava Gita offers a previously unexplored path to understanding Hinduism and Krishna's wisdom. Written centuries apart, the ideas of the two dialogues are similar although their

approach and contexts differ. The Bhagavad Gita is filled with the urgency of battle while The Uddhava Gita takes place on the eve of Krishna's departure from the world. The Uddhava Gita offers the reader philosophy, sublime poetry, practical guidance, and, ultimately, hope for a more complete consciousness in which the life of the body better reflects the life of the spirit.

The Jedi in the Lotus

The Agni and the Ecstasy compiles essays that the renowned scholar of Vaishnavism, Steven J. Rosen, has published throughout his 25-year writing career. Ranging from commentary on transcendental philosophy and scriptures such as the Bhagavad Gita, to personal reminiscences of prominent spiritual figures and devotional music, there is virtually no topic on which he does not shed illumination. This book is an excellent introduction to Rosen's work, whether one is a newcomer or a long-time reader. " T]here is something in this book for everybody. If one leans toward academia and intellectual approaches to spirituality, one will appreciate the articles included here that are informative, well-researched, and conveyed with an authoritative tone. On the other hand, if the reader prefers essays that entertain and arouse emotions - that speak to one's internal spiritual quest and a personal search for answers - then there are also pieces that address those particular needs." --from the Introduction by Steven J. Rosen "Having imbibed the passionate spirit of Srila Prabhupada, his beloved guru, and having dedicated

his life to uplifting humanity through transcendental knowledge, Satyaraja is specially empowered to reach our hearts. We can rejoice upon the release of this volume of his collected articles." --from the Foreword by His Holiness Radhanath Swami Steven J. Rosen (Satyaraja Dasa) is an initiated disciple of His Divine Grace A. C. Bhaktivedanta Swami Prabhupada. He is also founding editor of the Journal of Vaishnava Studies and associate editor for Back to Godhead. He has published more than thirty books in numerous languages, including the recent Krishna's Other Song: A New Look at the Uddhava Gita (Praeger, 2010); The Jedi in the Lotus: Star Wars and the Hindu Tradition (Arktos, 2010) and Christ and Krishna: Where the Jordan Meets the Ganges (FOLK Books, 2011).

Krishna's Other Song

The Pushtimarg, a Hindu sect established in India in the fifteenth century, possesses a unique culture--reaching back centuries and still vital today--in which art and devotion are deeply intertwined. This important volume, illustrated with more than one hundred vivid images, offers a new, in-depth look at the Pushtimarg and its rich aesthetic traditions, which are largely unknown outside of South Asia. Original essays by eminent scholars of Indian art focus on the style of worship, patterns of patronage, and artistic heritage that generated pichvais, large paintings on cloth designed to hang in temples, as well as other paintings for the Pushtimarg. In this expansive study, the authors deftly examine how pichvais were

and still are used in the seasonal and daily veneration of Shrinathji, an aspect of Krishna as a child who is the chief deity of the temple town of Nathdwara in Rajasthan. Gates of the Lord introduces readers not only to the visual world of the Pushtimarg, but also to the spirit of Nathdwara.

Keralites in America

A fresh, strikingly immediate and elegant verse translation of the classic, with an introduction and helpful guides to each section, by the rising American poet. Born in the United States into a secularized Hindu family, Amit Majmudar puzzled over the many religious traditions on offer, and found that the Bhagavad Gita had much to teach him with its "song of multiplicities." Chief among them is that "its own assertions aren't as important as the relationships between its characters . . . The Gita imagined a relationship in which the soul and God are equals"; it is, he believes, "the greatest poem of friendship . . . in any language." His verse translation captures the many tones and strategies Krishna uses with Arjuna--strict and berating, detached and philosophical, tender and personable. "Listening guides" to each section follow the main text, and expand in accessible terms on the text and what is happening between the lines. Godsong is an instant classic in the field, from a poet of skill, fine intellect, and--perhaps most important--devotion.
