Old Plymouth Days and Ways

Don't hate me because I'm beautiful
Call me V. I used to be a nobody, just a girl from New Jersey who was probably going to hell anyway -- or worse, mediocrity and a size 14. Now I get whatever I desire just by casting a little spell. a flawless body, a luxury penthouse, and a Fifth Avenue shop where rich women clamor for my overpriced handbags. Even better, I have power. I can taunt my ex-husband, break hearts without guilt, and love every minute of it. My secret? I lost the one thing I never needed in the first place: my soul. I sold it. And you'll never guess who's got it now. She's a devil in disguise. You know her as the dishiest gossip columnist in the city's trashiest tabloid. I call her Lucy. And our deal is this: the more clients I recruit for her Life Enrichment Program, the greater my rewards. But just between us, my fast track to heartless apathy has hit a few speed bumps -- lately, I've had the totally annoying impulse to do things that are good. First there was

rescuing a kid in the park. Then there was the date with the handsome, decent guy who wasn't even a celebrity. What's next, giving to charity or something? All I know is Lucy doesn't like it, not one little bit. And when she finds out, there will be hell to pay

Book News

Assesses the safety, durability, comfort, and performance of baby products such as toys, clothes, food, and cribs.

Report

Respiratory failure is a complex disease process whereby the underlying disease and therapeutic measures interact. This book contains an extensive bibliographic review, focusing on preventive and therapeutic studies, that was methodologically standardized, with authors assessing and classifying studies according to statutes of evidence-based medicine. It considers the epidemiology and outcome of mechanical ventilation; addresses ventilator modes and utility of pulmonary mechanics monitoring for treatment; analyzes physiologic effect and patient-outcomes of pulmonary recruitment and lung protective ventilation procedures; describes complications that can be present in these patients such as ventilator-associated pneumonia and useful methods to prevent respiratory infections; covers the impact of bronchodilators, corticosteroids, and antibiotics in acute exacerbation of chronic obstructive pulmonary disease; discusses how, when, and in whom to do

tracheostomy; and evaluates the use of sedation and neuromuscular blockade as well as current clinical trials in acute lung injury.

Annual Report

Real moms. Real advice. Real fast. The experts tell you what you should be doing. But they don't know what you're really going through. We do. We're real moms. When you're so sleepy you can't remember the last time you brushed your teeth, and you find yourself crying at diaper commercials, you know you're a new mom. And the only thing you need right now -- besides a housekeeper, a personal trainer, a masseuse, and a very long nap -- is a crash course in mommy know-how. Look no further! The Gallagher Guide to the Baby Years gives you the straight skinny on everything from coping with morning sickness to making potty training a breeze. It's a handy reference of indispensable product ratings, brand recommendations, and advice that's been tested in the trenches. All ranked, rated, and ready for you to use right now! Discover: how real moms cope with morning sickness, heartburn, and bed rest the one infant car seat no mom should be without the ten most important features to look for in a stroller why you don't have to buy a pricey high chair -- and what to get that's cheaper and better eight sure-fire strategies for getting baby to sleep through the night seven secrets for getting dad to help out more incredible tools for time-crunched moms and much, much more in this essential "cheat sheet" for the twenty-first century mom. From Kapolei, Hawaii, to Kent, England, the 200 moms -- including 30 doctor-moms -- who contributed to the book come from all over the world.

Rockers!

Rockers! celebrates the biker style with panache and wit, showing how a love affair between bikes and speed became the original touchstone of a youth cult which continues to fascinate and endure, with its myths, magic and melancholy. In essence, and although they did not know it, rockers - with their raw edginess, studied cool and search for excitement, sex and violence - were icons. Rockers! achieves that rare marriage of immediacy and knowledge, through research and first-hand experience.
