Stephen Anthony's new novel, *Twelve Good Years: A Retired Chef's (mis)Adventures in Mexico* tells the story of a retired Los Angeles chef who decides to pursue a new life in Mexico, not long after the death of his wife. He leaves behind the daily grind, the house in the suburbs, and most of his worldly possessions and embarks on a life changing journey. Packing up his old truck, he heads down to Mexico with his faithful dog to join his good friend Paul, who years earlier had left Los Angeles to live in a seaside village not far from Puerto Vallarta. Thus begins the wonderful adventures of David, and his encounters with the colorful characters he meets 'south of the border. Not everything that happens to David and his new friends are as idyllic as one might dream, but it is a realistic and compelling story, partly inspired by the real-life adventures of the author's grandfather, who was an active traveler and sport fisherman. In a genuine and approachable writing style, *Twelve Good Years* captures the sense of new friends, new places, and new opportunities, as well as a closer connection with nature, that people dream of when they consider swapping their current hectic lifestyle in the

modern world, for a simpler, more relaxed life in an exotic locale.

Did you child just get hearing aids?Is your child feeling self-conscience about their hearing loss?"Bessie Needs Hearing Aids" is a children's book that will help children with hearing loss understand the process, and that they are not alone. Written and illustrated by a teenage girl who went through this process, so it will resonate with children just learning of hearing issues, or coping with wearing hearing aids. The book received numerous accolades so it was decided to make it available to all, in order to possibly help other children with hearing loss.When a child goes through the process of getting hearing aids, it is scary for them and difficult for a parent to explain. This is a story of Bessie, the bunny, who was so excited to start school only to have the kids get frustrated that she was not hearing them properly. Bessie visits the audiologist and learns about hearing aids and the happy results of getting hear aids.

The #1 Step-by-Step Guide to Search Marketing Success Now Updated and Reorganized to Help You Drive Even More Value For years, Search Engine Marketing, Inc. has been the definitive practical guide to driving value from search. Now, Mike Moran and Bill Hunt have completely rewritten their best-seller to present valuable new strategies, best practices, and lessons from experience. Their revamped and reorganized Third Edition introduces a holistic approach that integrates organic and paid search, and complements them both with social media. This new approach can transform the way you think about search, plan it, and profit from it. Moran and Hunt address every business, writing, and technical element of successful search engine marketing. Whatever your background, they help you fill your skills gaps and leverage the experience you already have. You'll learn how search engines and search marketing work today, and how to segment searchers based on their behavior, successfully anticipating what they're looking for. You'll walk through formulating your custom program: identifying goals, assessing where you stand, estimating costs, choosing strategy, and gaining buy-in. Next, you'll focus on execution: identifying challenges, diagnosing and fixing problems, measuring performance, and continually improving your program. You'll learn how to Focus relentlessly on business value, not tactics Overcome the obstacles that make search marketing so challenging Get into your searcher's mind, and discover how her behavior may change based on situation or device Understand what happens technically when a user searches—and make the most of that knowledge Create a focused program that can earn the support it will need

to succeed Clarify your goals and link them to specific measurements Craft search terms and copy that attracts your best prospects and customers Optimize content by getting writers and tech people working together Address the critical challenges of quality in both paid and organic search Avoid overly clever tricks that can destroy your effectiveness Identify and resolve problems as soon as they emerge Redesign day-to-day operating procedures to optimize search performance Whether you're a marketer, tech professional, product manager, or content specialist, this guide will help you define realistic goals, craft a best-practices program for achieving them, and implement it flawlessly.
