Those who graduate from an accredited physician assistant program can take the Physician Assistant National Certifying Examination PANCE which assesses basic medical and surgical knowledge. After passing the PANCE exam, physician assistants will be issued NCCPA certification and may use the PA-C designation. We create these self-practice test questions (this book is the third volume of the series, focusing on topics related to Endocrine, Gastrointestinal/Nutritional and Genitourinary) referencing the concepts and principles currently valid in the exam. Each question comes with an answer and a short explanation which aids you in seeking further study information. For purpose of exam readiness drilling, this product includes questions that have varying numbers of choices. Some have 2 while some have 5 or 6. We want to make sure these questions are tough enough to really test your readiness and draw your focus to the weak areas. Think of these as challenges presented to you so to assess your comprehension of the subject matters. The goal is to reinforce learning, to validate successful transference of knowledge and to identify areas of weakness that require remediation. The questions are NOT designed to "simulate" actual exam questions. "realistic" or actual questions that are for cheating purpose are not available in any of our products.
