Digital Heretic

Sarah O'Brien is alive because of the pact she and her brother made twelve years ago — James will protect her from their violent father if she promises to never leave him. For years, she's watched James destroy his life to save hers. If all he asks for in return is her affection, she'll give it freely. Until, with a tiny kiss and a broken mind, he asks for more than she can give. Sam Donavon has been James' best friend — and the boy Sarah's had a crush on — for as long as she can remember. As their forbidden relationship deepens, Sarah knows she's in trouble. Quiet, serious Sam has decided he's going to save her. Neither of them realize James is far more unstable than her father ever was, or that he's not about to let Sarah forget her half of the pact . . .

From Tim O'Rourke, #1 bestselling author of 'The Kiera Hudson Series', comes a brand new paranormal romance serial. On her death bed, Laura Pepper's mother squeezed her daughters hand and told her not to return to England where her father had once lived. Laura's father had kept secrets - secrets that were best left buried along with the dead. Ignoring her mother's advice, Laura leaves America and returns home to England not only in search of the truth about her father, but to rekindle a secret love she once shared. But her home town has changed and so has the man she once loved. Dead bodies are being discovered on the moors close to where Laura lives and the secrets her father once kept are now creeping out of the shadows, forcing her to confront her past, future and the man she loves. 'Cowgirl & Creature' (The Laura Pepper Series) is a episodic serial. Each part is approx. 20,000 words in length. Note: This ends on an unbearable cliff-hanger. Part two will be published February 2017!

Born in Blood

Cowgirl & Creature (Part One)

A Chicago Tribune, Electric Literature, and BookRiot Best Book of the Year A National Book Foundation "5 Under 35" Author Marie is a waitress at an upscale Dallas steakhouse, attuned to the appetites of her patrons and gifted at hiding her private struggle as a young single mother behind an easy smile and a crisp white apron. It's a world of long hours and late nights, and Marie often gives in to self-destructive impulses, losing herself in a tangle of bodies and urgent highs as her desire for obliteration competes with a stubborn will to survive. Pulsing with a fierce and feral energy, Love Me Back is an unapologetic portrait of a woman cutting a precarious path through early adulthood and the herald of a powerful new voice in American fiction.

Rediscovering the Golden State

William Faulkner and Joan Williams

An engaging introduction to wine that concentrates on the reader as much as the wine, pointing out the most common pitfalls as it proceeds step-by-step through the essential skills everyone needs to have in order to select, serve and serve wine successfully. Primary emphasis is given to teaching the reader how to identify the taste of different wines according to grape variety, climatic conditions and wine making style, how to select, serve and store wines and how to match them with various foods and occasions. Through a series of ten engaging conversations, the author coaches the reader through the steps needed to become a consummate wine consumer, concentrating on common stumbling blocks, pitfalls and sources of confusion that aren't covered in other introductory wine books. Instead of presenting a curriculum in a categorical fashion, this fast-paced, witty and literate book shows why trusting your own instincts is more important than studying diagrams of the tongue, pouring over aroma wheels or memorizing the minute details of all the leading estates. It explains how and why labels, ratings and reviews can be misleading, how to see through various marketing ploys and what the most persistent misconceptions are about serving and storing wine. Readers learn how to read between reviewer's lines, how to make excellent pairings with little fuss and how to converse with sommeliers and retailers in a way that tells whether they are trying to help or giving them the run around. Without giving you any tables, charts or listings of regions and producers, or requiring you to memorize a glossary of definitions before you can understand what the author is saying, this book communicates all the essential skills you need to fall in love with wine and become a very savvy consumer. Filled with unique insights and down-to-earth, practical wine advice, this book lets the reader understand what the others are really trying to say.

Love Me Back

The authors and audiences for twentieth century Chinese literature, especially fiction, are examined in this book. While modern Chinese fictions are imaginary in that they do not constitute reliable portraits of Chinese life, they can reveal fascinating insights into the writers themselves and their implied audiences. The book also includes substantial reference to poetry, drama, film, and the visual arts as well as to the political and social context in which they appear.

Harry Starke

Take an active role in planning the future of California with the help of this informative book. Selby brings readers on an exploration of this diverse state, examining both its physical and cultural geography. The new second edition reflects the dynamic, stimulating, and thought-provoking environments and landscapes of the Golden State. And it clearly demonstrates how unequalled diversity, powerful connections, and accelerated change continue to shape this land.

Into the Wild Nerd Yonder

In the first half of the twentieth century, modernist works appeared not only in obscure little magazines and books published by tiny exclusive presses but also in literary reprint magazines of the 1920s, tawdry pulp magazines of the 1930s, and lurid paperbacks of the 1940s. In his nuanced exploration of the publishing and marketing of modernist works, David M. Earle questions how and why modernist literature came to be viewed as the exclusive purview of a cultural elite given its availability in such popular forums. As he examines sensational and popular manifestations of modernism, as well as their reception by critics and readers, Earle provides a methodology for reconciling formerly separate or contradictory materialist, cultural, visual, and modernist approaches to avant-garde literature. Central to Earle's innovative approach is his consideration of the physical aspects of the books and magazines - covers, dust wrappers, illustrations, cost - which become texts in their own right. Richly illustrated and accessibly written, Earle's study shows that modernism emerged in a publishing ecosystem that was both richer and more complex than has been previously documented.

An History of Marine Architecture

For an ex-cop turned private investigator, I've carved out a pretty nice life for myself. Yeah, life is good, but that doesn't stop me from seeking closure and justice for victims of the darker side of Chattanooga. Some would call me reckless. But I'm just doing it my way. These then are my stories.

Book 1: On a wild December night, I found myself on the Walnut Street Bridge. Moments later I was staring down into the terrified eyes of a young woman-just seconds before she slipped through my fingers and fell to her death. Who was she? Why did she kill herself? The look on that girl's face will haunt me for the rest of my days. I had to find the answers "I read a lot of what I consider to be well written mysteries. Sue Grafton, Martha Grimes, Margret Truman, etc. This one is every bit as good and I really could not put it down." The Harry Starke series of mystery thrillers is recommended for fans of David Baldacci, James Patterson's Alex Cross, Harlan Coben's Myron Bolitar, Robert B. Parker's Spenser, John Sandford's Lucas Davenport, and Daniel Silva's Gabriel Allon.

Lost in the Bayou Selene has always had three great passions: men, food . . . and *Gone With the Wind*. Still, the glamorous model always seems to be starving for both nourishment and affection. Weary of the petty world of high fashion, she heads to New Orleans for one last shoot before she chucks it all and begins a whole new life. But she doesn't realize that, thanks to an errant voodoo spell, her new life will happen 150 years in the past . . . and in the company of a dark and brooding gentleman who could give Rhett Butler a run for his money! An alarmingly handsome Southern planter, James Baptiste may not have Rhett's cavalier spirit—and his plantation is certainly no Tara! But it's clear as crystal that this virile Creole is a lover worth giving a damn about. And with God as her witness, Selene vows she will never go hungry for this man again!

This work looks closely at the relationship between William Faulkner and Memphis novelist Joan Williams. Their story is significant not only in its depth but also in the years of their primary involvement, 1949-1953--a period over which Faulkner won both the Nobel Prize and a National Book Award. This is the first book-length study of the Faulkner-Williams relationship, and the first truly attentive consideration of Joan Williams, her impressions of Faulkner, and her commitment to writing. Until now, Williams, an acclaimed novelist, was an "outside" woman in Faulkner's life. Their affair and friendship is worthy of its own story. Included here are extensive interviews with Williams conducted over several years about her relationship with Faulkner, their correspondence, and discussions of both his work and her own. It includes all of Williams's letters to Faulkner and his letters, either directly reproduced or paraphrased.

A Dictionary of Clichés

Fictional Authors, Imaginary Audiences

IN the summer of 1865, when a Confederate warship sailed into the port of Melbourne, 42 men secretly enlisted to fight for the South in the American Civil War. On the notorious raider Shenandoah - scourge of the Yankee merchant fleet - they sailed off to adventure and controversy, and fired the last shot of the war. When the Shenandoah - a sleek steamer/sailer and one of the fastest ships afloat - dropped anchor in Hobsons Bay, the fledgling colony of Victoria was taken by surprise, and the Confederates had no way of knowing whether they would be hailed as heroes or hanged as pirates. To the rebels' surprise, Melbourne took them to its heart. Victorians came in their thousands to visit the ship, and its officers were feted as celebrities. They were wined and dined by the city's elite, attended a ball held in their honour, mixed it with Yankee sympathisers in a barroom brawl, and charmed the ladies of Melbourne and Ballarat with their grand Southern manners. Meanwhile, in defiance of the law against foreign warships recruiting in a neutral port, 42 men were smuggled aboard in dead of night and, once at sea, signed up to join the Confederate Navy. For Australia - not yet a

nation – 1865 was a watershed year in an age of gold rushes, bushrangers, disputes between rival colonies, and fears of foreign invasion. For war-torn America, it was the turning point in the deadliest conflict in that nation's history. After the defeat at Gettysburg, the tide had turned against the Confederacy but the South was determined to fight on, and, in the war at sea, the Shenandoah was the last best hope. The Shenandoah's mission was to damage the North's economy by attacking its commercial fleet, and, under the command of the enigmatic Captain James Waddell, the raider went on to wipe out almost the entire New England whaling fleet. On learning that Robert E. Lee had surrendered, Waddell refused to believe the cause was lost. The Shenandoah continued harrying the Yankee fleet and fired the last shot of the war after capturing, burning and ransoming 38 Union ships and taking more than 1,000 prisoners. On accepting at last that the war had ended, the Confederates sailed around the world to England, pursued as pirates by Union warships, and surrendered to the neutral British. Some 120 Australians are known to have fought in the American Civil War, on both sides. Looking back, it is an uncomfortable thought that Australians could sympathise with a society based on the obscenity of slavery, yet while officialdom in the colonies backed the Union and British neutrality, public opinion generally favoured the South. The gold rush era, during which the Shenandoah arrived, tended to glorify rebel causes, and the Southerners had no difficulty finding willing recruits. Of the 42 men who signed on in Melbourne as petty officers, seamen and marines, some returned home, others dropped out of sight and one died aboard ship – the last man to die in the service of the Confederacy. This is their story.
