1875 p. 94-111.

### **The Medical Examiner, and Record of Medical Science**

### **Breathing Easy**

## **American Medical Times**

## **Edinburgh Medical Journal**

Includes proceedings of the Association, papers read at the annual sessions, and list of current medical literature.

## **British Medical Journal**

When you're mad or worried or can't wake up in the morning, what can you do? Use the amazing superpower that you already have—breathing. Our newest offering from the bestselling creators of Good Night Yoga teaches kids fun and easy breathing practices based on the proven methods of yoga and mindfulness meditation. Sample practices: When something makes you mad or even feels unfair, try this counting breath and you'll feel calmer there. Sit up and let your spine grow tall. Take a deep breath in, counting silently 1 . . . 2 . . . 3. Then let your breath out slowly, counting 1 . . . 2 . . . 3. When you go somewhere you've never been and you aren't sure what to do, you can use a dandelion breath to feel more comfortable trying something new. Sit up and let your spine grow tall. Put one hand on your chest. Place your other hand on your belly. Take slow deep breaths and feel your chest and your belly move up and down as the air goes in and out of your body. At night when it's hard to fall asleep because your mind is busy and your body feels tight, try balloon breath to get relaxed and ready for a good night. Lie down on
