Emanuel CrunchTime

Munday's Evidence is a concise yet stimulating introduction to the key areas of the law of evidence. Vibrant and engaging, the book demystifies a traditionally intimidating subject. Careful analysis of the issues, both historic and current, ensures that the text thoroughly explores the 'core' of the subject. Whether used as a primer, core text, or as a reintroduction to the subject, Evidence is the ideal companion for those keen to grasp the core principles and current law of evidence. Online Resources This book is accompanied by online resources, including: - Answer guidance to questions in the text - Useful weblinks - Legal updates

Evidence

MBE Bootcamp: Evidence will cover all the substantive rules of law the MBE examiners test in the various subject areas. This outline removes the topics and rules of law that may have been important in your law school course but are not tested on the MBE and is specifically written for bar exam preparation. Each outline also includes 33 or 34 multiple choice questions extracted from the 200-Question Self-Assessment test with model answers.

Comprehensive Gynecology

Publishing Addiction Science is a comprehensive guide for addiction scientists facing the complex process of contributing to scholarly journals. Written by an international group of addiction journal editors and their colleagues, it discusses how to write research articles and systematic reviews, choose a journal, respond to reviewers' reports, become a reviewer, and resolve the often difficult authorship,

ethical and citation issues that arise in addiction science publishing. As a “Guide for the Perplexed,” Publishing Addiction Science helps novice as well as experienced researchers to deal with these challenges. It is suitable for university courses and forms the basis of the training workshops offered by the International Society of Addiction Journal Editors (ISAJE). Co-sponsored by ISAJE and the scientific journal *Addiction*, the third edition of Publishing Addiction Science gives special attention to the challenges faced by researchers from developing and non-English-speaking countries and features new chapters on guidance for clinician-scientists and the growth of infrastructure and career opportunities in addiction science.

Emanuel Law Outlines for Torts

The Cambridge Textbook of Bioethics

This book presents an integrated systems approach to the evaluation, analysis, design, and maintenance of civil engineering systems. Addressing recent concerns about the world's aging civil infrastructure and its environmental impact, the author makes the case for why any civil infrastructure should be seen as part of a larger whole. He walks readers through all phases of a civil project, from feasibility assessment to construction to operations, explaining how to evaluate tasks and challenges at each phase using a holistic approach. Unique coverage of ethics, legal issues, and management is also included.

Emanuel Law Outlines for Civil Procedure

Examples & Explanations: Constitutional Law: National Power and Federalism features straightforward, informal text that is never simplistic. Its unique, time-tested Examples & Explanations pedagogy combines textual material with well-written and comprehensive examples, explanations, and questions. A problem-oriented guide, it takes students through the principal doctrines of constitutional law covered in a typical course. The unique, time-tested Examples & Explanations series is invaluable for students learning the subject from the first day of class until the last review before the final exam. Each guide: Presents relevant case law in a conversational style laced with humor Provides hypotheticals similar to those presented in class Helps students learn new material by working through chapters that explain each topic in simple language Provides valuable opportunity to study for the final exam by reviewing the hypotheticals as well as the structure and reasoning behind the corresponding analysis Works with all the major casebooks and suits any class on a given topic Remains a favorite among law school students and is often recommended by professors New to the Eighth Edition: Updated examples and explanations Roughly 25 important new decisions from the Supreme Court's 2016, 2017, and 2018 terms such as *Trump v. Hawaii*; *South Dakota v. Wayfair, Inc.*; *Sessions v. Morales-Santana*; *Minnesota Voters Alliance v. Mansky*; *Murphy v. NCAA*; *Patchak v. Zinke*; *Trinity Lutheran Church of Columbia, Inc. v. Comer*

An Anglo-Norman Reader

By far the most thorough and detailed of the books in the field, Trial Techniques and Trials, Tenth Edition is a comprehensive yet concise handbook that covers all aspects of the trial process and provides excellent examples illustrating strategies for opening statements, jury selection, direct- and cross-examination, exhibits, objections, and more. Extensive examples are clustered into three groups: personal injury, commercial, and criminal for ease in finding particular areas of trial practice. Tom Mauet, renowned for his skills both as a writer and litigator, breaks the trial process down into its critical components for better and quicker student comprehension.

Animal Magnetism, Early Hypnotism, and Psychical Research, 1766-1925

"Berek and Novak's Gynecology is the gold standard text in general gynecology serving both as a comprehensive reference and a practical, clinically-oriented text. This reference is not only a must-have product for residents in training, but it offers information for the practicing physician. The book covers the entire spectrum of women's healthcare by offering guidance for the management of specific gynecologic conditions in eight sections. The first two sections cover principles of practice and initial assessment and the relevant basic science. The third section is on preventive and primary care for women, and the remaining five sections are directed at methods of diagnosis and management in general gynecology, operative general gynecology, urogynecology and pelvic reconstructive surgery, reproductive endocrinology, and gynecologic oncology"--Provided by publisher.

Strategies and Tactics for the MBE

Emanuel CrunchTime provides the right information, in the right format, at the right time. Problems in Contract Law

This streamlined text offers a straightforward guide to developing legal writing and analysis skills for beginning legal writers. Legal Writing and Analysis, Fifth Edition by Linda Edwards, leads students logically through reading and analyzing the law, writing the discussion of a legal question, and writing office memos, letters, and briefs. The text includes chapters on citation form, writing style, professionalism, and oral argument. The book features special focus on forms of legal reasoning (rules, analogies, policies, principles, customs, inferences, and narrative) complete with examples and exercises. It teaches students to recognize rule structures and use them to organize their document. New to the Fifth Edition: Streamlined chapters and exercises Updated citation materials covering current editions of both citation manuals Product page featuring more material on professional letters and accessible coverage and use of legal theory Professors and students will benefit from: Contextual learning, including important legal method material Superior treatment of how to organize a legal discussion Clear, ample coverage of legal reasoning Practice-oriented approach Numerous examples and short exercises for formative assessment Strong coverage of professional responsibility The purchase of this Kindle edition does not entitle you to receive access to the online e-book, practice questions from your favorite study aids, and outline tool available through CasebookConnect.

The Summons

Social Media and Democracy

Over the last five years, widespread concern about the effects of social media on democracy has led to an explosion in research from different disciplines and corners of academia. This book is the first of its kind to take stock of this emerging multi-disciplinary field by synthesizing what we know, identifying what we do not know and obstacles to future research, and charting a course for the future inquiry. Chapters by leading scholars cover major topics – from disinformation to hate speech to political advertising – and situate recent developments in the context of key policy questions. In addition, the book canvasses existing reform proposals in order to address widely perceived threats that social media poses to democracy. This title is also available as Open Access on Cambridge Core.

Civil Procedure

The Law of Healthcare Administration

Patient-centered, high-quality health care relies on the well-being, health, and safety of health care clinicians. However, alarmingly high rates of clinician burnout in the United States are detrimental to the quality of care being provided, harmful to individuals in the workforce, and costly. It is important to take a systemic approach to address burnout that focuses on the structure, organization, and culture of health care. Taking Action Against Clinician Burnout: A Systems

Approach to Professional Well-Being builds upon two groundbreaking reports from the past twenty years, *To Err Is Human: Building a Safer Health System* and *Crossing the Quality Chasm: A New Health System for the 21st Century*, which both called attention to the issues around patient safety and quality of care. This report explores the extent, consequences, and contributing factors of clinician burnout and provides a framework for a systems approach to clinician burnout and professional well-being, a research agenda to advance clinician well-being, and recommendations for the field.

American Political Science Research Guide

The American Political Science Research Guide to their efforts. Individuals in administration is a new series dealing generally with American positions will also find that the APSRG offers a means for keeping current on public government and specifically with public administration, state and local government, policy questions, despite the normal restriction of the legislative and executive branches, and conditions of time and circumstance. The key to the entire program is the use of the database of the Political Science Series of As an innovative idea, the APSRG is an approach to political research which focuses upon a the Universal Reference System. Combining the single area within the discipline of political sciences of the definitive URS Supplement and a science. The first in a proposed series of refined indexing procedure, the APSRG is the softcover research guides, the APSRG is reproduced under the supervision of the same scholarly of the guiding principle of providing scholars who develop that annual supplement.

Remedies

This book is an anthology with a difference. It presents a distinctive variety of Anglo-Norman works, beginning in the twelfth century and ending in the nineteenth, covering a broad range of genres and writers, introduced in a lively and thought-provoking way. Facing-page translations, into accessible and

engaging modern English, are provided throughout, bringing these texts to life for a contemporary audience. The collection offers a selection of fascinating passages, and whole texts, many of which are not anthologised or translated anywhere else. It explores little-known byways of Arthurian legend and stories of real-life crime and punishment; women's voices tell history, write letters, berate pagans; advice is offered on how to win friends and influence people, how to cure people's ailments and how to keep clear of the law; and stories from the Bible are retold with commentary, together with guidance on prayer and confession. Each text is introduced and elucidated with notes and full references, and the material is divided into three main sections: Story (a variety of narrative forms), Miscellany (including letters, law and medicine, and other non-fiction), and Religious (saints' lives, sermons, Bible commentary, and prayers). Passages in one genre have been chosen so as to reflect themes or stories that appear in another, so that the book can be enjoyed as a collection or used as a resource to dip into for selected texts. This anthology is essential reading for students and scholars of Anglo-Norman and medieval literature and culture. Wide-ranging and fully referenced, it can be used as a springboard for further study or relished in its own right by readers interested to discover Anglo-Norman literature that was written to amuse, instruct, entertain, or admonish medieval audiences.

Casenote Legal Briefs

Berek & Novak's Gynecology

Introduction to Civil Engineering Systems

In the 25 years since the first edition of Comprehensive Gynecology, many scientific advances have occurred in medical practice. The first four editions were largely the work of the original four editors: Drs. William Droegemueller, Arthur L. Herbst, Daniel R. Mishell, Jr., and Morton A. Stenchever. With the staggering volume of medical literature published and the complexities of the gynecologic subspecialties, we have collaborated with additional experts for the sixth edition. We've "examined disease" and added a new chapter on the interaction of medical diseases and female physiology. We've "investigated discord" with new authors to completely rewrite the emotional and psychological issues in gynecology and the legal issues for obstetrician-gynecologists. Other chapters have delved into the controversies in breast cancer screening, vitamin D use, the ongoing debates in hormone therapy, and vaginal mesh use for pelvic organ prolapse surgery. (from Preface -- MD Consult, viewed April 9, 2012)

The Educator's Guide to Texas School Law

This classic casebook traces the development of contract law in the English and American common law traditions. Like earlier editions, the 8th Edition features authoritative introductions to major topics, carefully selected cases, and well-tailored notes and problems. The casebook is ecumenical in its outlook, presenting a well-balanced approach to the study of contract law without ever losing sight of

the importance of doctrine in all its detail. Cases are situated within a variety of disciplines history, economics, philosophy, and ethics and present the law in a variety of settingscommercial, familial, employment, and sports and entertainment. The 8th Edition will feel familiar yet fresh to current users and both exciting and comfortable to newcomers to contracts or to this casebook.

General Surgery Examination and Board Review

The Torts Process

The first edition of this book (titled “The Clinician’s Guide to Medical Writing”) has become a standard in its field and remains an indispensable reference for any clinician, academic physician, or health professional who wishes to hone their writing skills. However, since its publication in 2004, significant changes have taken place in the way medical professionals communicate with each other and the world. Medical Writing: A Guide for Clinicians and Academicians, 2e retains all of the fundamental writing advice of the first edition and has been expanded to include two brand new chapters: How to Write a Research Protocol (including why a research project needs a written protocol, elements of the research protocol and common problems) How to Write a Grant Proposal (including sections on government and private grant funding sources, what you need to know about grant writing, and elements of a successful grant proposal) New information is also included throughout the book on becoming a successful writer, medical tables and figures, conflict of interest and disclosures, how to review a scientific article, statistical analysis, “pay-to-publish” journal publishing, electronic submission of manuscripts, issues in medical publishing and the future of medical writing and publication. New appendices address commonly encountered research and statistical terms and memorable aphorisms regarding writing, medical and otherwise.

Contracts

The 'Precautionary Principle' has sparked the central controversy over European and U.S. risk regulation. The Reality of Precaution is the most comprehensive study to go beyond precaution as an abstract principle and test its reality in practice. This groundbreaking resource combines detailed case studies of a wide array of risks to health, safety, environment and security; a broad quantitative analysis; and cross-cutting chapters on politics, law, and perceptions. The authors rebut the rhetoric of conflicting European and American approaches to risk, and show that the reality has been the selective application of precaution to particular risks on both sides of the Atlantic, as well as a constructive exchange of policy ideas toward 'better regulation.' The book offers a new view of precaution, regulatory reform, comparative analysis, and transatlantic relations.

Taking Action Against Clinician Burnout

Any law school graduate will tell you that when picking your outline tool you need to pick the best because your outlines are the most important study tool you will

use throughout your law school career. Developed by legendary study aid author Steve Emanuel, Emanuel® Law Outlines (ELOs) are the #1 outline choice among law students. An ELO ensures that you understand the concepts as you learn them in class and helps you study for exams throughout the semester. Here's why you need an ELO from your first day of class right through your final exam: ELOs help you focus on the concepts and issues you need to master to succeed on exams. Trial Techniques and Trials

Medicine and health care generate many bioethical problems and dilemmas that are of great academic, professional and public interest. This comprehensive resource is designed as a succinct yet authoritative text and reference for clinicians, bioethicists, and advanced students seeking a better understanding of ethics problems in the clinical setting. Each chapter illustrates an ethical problem that might be encountered in everyday practice; defines the concepts at issue; examines their implications from the perspectives of ethics, law and policy; and then provides a practical resolution. There are 10 key sections presenting the most vital topics and clinically relevant areas of modern bioethics. International, interdisciplinary authorship and cross-cultural orientation ensure suitability for a worldwide audience. This book will assist all clinicians in making well-reasoned and defensible decisions by developing their awareness of ethical considerations and teaching the analytical skills to deal with them effectively.

Legal Writing and Analysis

Leadership Roles and Management Functions in Nursing

The best cases, the best questions, the best review for the General Surgery boards and ABSITE General Surgery Examination and Board Review is the perfect way to prepare for General Surgery certification exams. Emanuel Law Outlines for Wills, Trusts, and Estates Keyed to Sitkoff and Dukeminier

Ray Atlee and his brother, Forrest, receive a letter from their father, a reclusive, retired judge, instructing them to return home to Clanton, Mississippi, to discuss his estate, but the judge dies before his sons arrive, leaving behind a secret known only to Ray. Reprint. 35,000 first printing.

The Reality of Precaution

Civil Procedure is written by one of the leading voices on Procedure, Stephen Yeazell, who for this Ninth Edition is joined by his colleague Joanna Schwartz. Yeazell and Schwartz employ a pedagogical style that offers flexible organization at a manageable length. The book gives students a working knowledge of the procedural system and introduces the techniques of statutory analysis. The cases selected are factually interesting and do not involve substantive matters beyond the experience of first-year students. The problems following the cases present real-life issues. Finally, the book incorporates a number of dissenting opinions to dispel the notion that most procedural disputes present clear-cut issues.

Civil Procedure

The most trusted name in law school outlines, Emanuel Law Outlines support your class preparation, provide reference for your outline creation, and supply a comprehensive breakdown of topic matter for your entire study process. Created

Examples & Explanations for Constitutional Law

Jesse Dukeminier's trademark wit, passion, and human interest perspective has made Property, now in its Ninth Edition, one of the best—and best loved—casebooks of all time. A unique blend of authority and good humor, you'll find a rich visual design, compelling cases, and timely coverage of contemporary issues. In the Ninth Edition, the authors have created a thoughtful and thorough revision, true to the spirit of the classic Property text. Key Benefits: A new chapter on the Intellectual Property/Property relationship, that gives students a taste of patent law, copyright law, trademark law, and trade secrets law. The chapter highlights the differences and similarities among the legal treatment of real, chattel, and intellectual property. A dynamic, two-color designed casebook that encompasses cases, text, questions, problems, examples and numerous photographs and diagrams. Extended coverage of major recent Supreme Court decisions, including *Murr v. Wisconsin*, *Horne v. Department of Agriculture*, and *Marvin M. Brandt Revocable Trust v. United States*.
