### How to Have a Millionaire Mindset

#### Hayalleri Olanlar Asla Uyumaz

Provides simple and practical keys to becoming and remaining motivated, whether you want to be a success in business, in your career or simply in the art of living.

#### Strong Women in Tough Times

Examination of the youth culture of today and the influence of modern music from a fundamental Christian perspective. Discusses what the author perceives as the powers and dangers of rock, rap and metal as well as the positive role music can have. The author is the New South Wales director of Youth Alive and a Pastor at the Hills Christian Life Centre in Sydney.

#### Money on Demand

A first collection of short works is set in a range of fantastical settings and explores such themes as disproportional guilt, the reinvention of self and the powerful urges to defend and provide for loved ones, in a volume that includes such tales as "The Artist's Voice" and "The Sounds of Early Morning."

This interdisciplinary volume brings together leading writers and thinkers to provide a critique of a broad range of topics related to Hillsong Church. Hillsong is one of the most influential, visible, and (in some circles) controversial religious organizations/movements of the past thirty years. Although it has received significant attention from both the academy and the popular press, the vast majority of the scholarship lacks the scope and nuance necessary to understand the complexity of the movement, or its implications for the social, cultural, political, spiritual, and religious milieus it inhabits. This volume begins to redress this by filling important gaps in knowledge as well as introducing different audiences to new perspectives. In doing so, it enriches our understanding of one of the most influential Christian organizations of the late 20th and early 21st centuries.

### **How to be Motivated All the Time**

Discover the simple but effective ways for owners and renters to maximize a home's energy efficiency and begin slashing

their households energy bills starting immediately. After reading this book, you will be numbered amongst the very few people in the world who clearly understand the advantages of building and living in a home where nature passively keeps the internal ambient temperatures stable and comfortable throughout the seasons. You will also begin to know how to put this knowledge to good use. When applied in conjunction with meeting your home's energy demands with the most efficient sources and practising energy-efficient habits, a family's home becomes more comfortable to live in and requires less energy. You can have the best of both worlds. The end result is a win-win outcome every time. Even simple changes made to a home or to a family's habits can result in a significant reduction in the consumption of electricity without a compromise in living standards. Who doesn't want to live in a home that is warm in the winter and cool in the summer? For many reasons, it is advantageous to have nature do the heavy lifting for you. Keeping the temperature in your home as close as possible to the "sweet spot" all year can simply be taken for granted with a home that has been correctly designed and built. Saving on electricity expenses is merely par for the course. Well-designed, thermally efficient homes are worth increasingly more in the marketplace. They attract higher rent, they are more comfortable to live in, and they use significantly less energy to operate. A solid understanding of the fundamentals will open up a whole new world to you, providing access to opportunities that very few people even know exist.

El libro que usted tiene en sus manos contiene uno de los paradigmas más poderosos y a la vez más simples que el hombre ha enfrentado: la vida y el éxito están disponibles para dos tipos de personas, tanto las que aprovechan las oportunidades como las que no lo hacen. ¿Es en verdad muy sencillo, cierto? Un ejemplo claro de este paradigma es el que está ocurriendo en este instante mientras usted lee este texto. Usted tiene la oportunidad de continuar leyéndolo o puede decidir ignorarlo. No obstante, leerlo le ayudará a fijar un curso de acción que le beneficiará a usted, a su familia, a sus clientes y asociados. Esta sencilla elección determina la diferencia entre un futuro financiero de éxito o uno de fracaso, una vida feliz y plena o una llena de estrés y desesperación. La oportunidad está en sus manos. Está allí para ser aprovechada. Muchos de nosotros hacemos con las oportunidades lo mismo que los niños hacen en la playa. Ellos llenan sus manos de arena y ven cómo grano a grano se va escapando entre sus dedos, hasta que no queda nada. No deje que esto mismo ocurra con sus sueños. Permita que este corto pero sustancioso relato, lleno de consejos valiosos, lo lleve a un viaje de autodescubrimiento y aprendizaje para lograr abrir la puerta hacia una vida extraordinaria.

### **Feeling Well, Living Well**

"It's so sad," she told me, "because you could have been something. You could have gotten to the top. You're smart enough. But now you're going to end up as just another dirty, scummy, rotten crimwife." How far would you go for love?

Some women commit crimes to help their lovers, while others spend years on the run. Tanya Levin gave up her career as a prison social worker to pursue romance with an inmate. From her first day over on the visitors' side of the fence, she became a crimwife. Some women make the leap in the chaos of their loved one's arrest; others, like Levin, choose a relationship knowing the stakes. "Crimwife" is a glimpse inside a secret and brutal world, where convicted men live by unwritten codes and expect their women to do the same. In her five years as a crimwife, Levin met women of all ages and backgrounds who lived behind invisible bars, stuck in the house awaiting daily six-minute phone calls. She became curious about their different paths. How did they fall for a bad boy? How did they cope with their partner locked up? What made them stay - or finally walk away? In "Crimwife," she tells their stories, and her own, with the honesty, black humour and insight that can only come from experience. "In this rueful, edgy and clear-eyed tale, being a crimwife is not a matter of choice. It's a twist of fate." - the "Age"

A Library Journal Best Book of 2015 Go behind the scenes of seven of today's most popular narrative radio shows and podcasts, including This American Life and RadioLab, in graphic narrative. Every week, millions of devoted fans tune in to or download This American Life, The Moth, Radiolab, Planet Money, Snap Judgment, Serial, Invisibilia and other narrative radio shows. Using personal stories to breathe life into complex ideas and issues, these beloved programs help us to understand ourselves and our world a little bit better. Each has a distinct style, but every one delivers stories that are brilliantly told and produced. Out on the Wire offers an unexpected window into this new kind of storytelling—one that literally illustrates the making of a purely auditory medium. With the help of This American Life's Ira Glass, Jessica Abel, a cartoonist and devotee of narrative radio, uncovers just how radio producers construct narrative, spilling some juicy insider details. Jad Abumrad of RadioLab talks about chasing moments of awe with scientists, while Planet Money's Robert Smith lets us in on his slightly goofy strategy for putting interviewees at ease. And Abel reveals how mad—really mad—Ira Glass becomes when he receives edits from his colleagues. Informative and engaging, Out on the Wire demonstrates that narrative radio and podcasts are creating some of the most exciting and innovative storytelling available today. From the Trade Paperback edition.

## **The \$1 Million Reason to Change Your Mind**

The eighties were my formative years, and while other teenagers were gyrating to rock 'n' roll, we were praying for revival. We were taking communion, not cocaine. We treated virginity like a wedding present, not a cold sore. And why wouldn't we? We were told we could be, we already were, anything we wanted to be We were armed and dangerous. Armed with the power of God and dangerous in the eyes of Satan. Tanya Levin grew up in the church that became Hillsong—the country's most ambitious, entrepreneurial and influential religious corporation. People in Glass Houses tells how a small Assemblies of God church in a suburban school hall became a multi-million dollar tax-free enterprise and a powerful force in Australia today. Opening up the world of Christian fundamentalism, this is a powerful, personal and at times very funny exploration of an all-singing, all-swaying mega church.

In 1971, the author and her family moved into a historic home known as the Fontaine Manse. Two days after moving in, she and her husband had an extraordinary experience that left them with no doubt that unseen residents occupied the house, too. This is the true story of how Kathleen McConnell came to know and care for the spirit children who lived in the attic of the mansion: Angel Girl, Buddy, and Baby. From playing ball with Kathleen, to saving her son Duncan from drowning, the spirit children became part of the McConnell family in ways big and small. Finally, a heart-wrenching dilemma triggered an unexpected and dramatic resolution to the spirit children's plight. Don't Call Them Ghosts is an inspiring story of the transcendent and lasting power of a mother's love. Coalition of Visionary Resources (COVR) 2nd Runner Up for Biographical/Self Help category

The Boy They Tried to Hide is the startling, true account of how truth is sometimes stranger than fiction Shane Dunphy was working as a resource teacher in a rural town when he was approached by the mother of one of his pupils, seeking help. She is worried for her troubled young son, who has been found leaving the house late at night to go deep into the woods near their home. He has spoken of meetings with a friend, Thomas, but no one else has seen him or knows who he is. As Shane tries to discover what's going on, a sexual predator he helped bring to justice years before reappears. The man is

looking to settle a score, and has picked someone close to Shane as his next victim. In *The Boy They Tried to Hide*, Shane Dunphy revisits cases he encountered during his time as a child protection worker and journalist and, in doing so, once again discovers that leaving the past behind is harder than it seems.
