To: Female Baby Boomers Cc: Young women who may grow old one day Subject: The Joy of Life Dearest Baby Boomers and Future Bifocal Wearers, Are you old enough to need bifocals, but young enough to deny it? Are you tired of exercise programs that leave you . . . tired? Are you weary of self-help books that expect you to change your evil ways? Do you consider sloth a virtue youd like to pursue? If you answered yes to any of these questions, the attached book is for you. Bikini Is a State of Mind gives you magical advice on the joy of wearing nothing but a bikini and a smile, even if you have reached an age when a muumuu might be more appropriate. Buy the book, curl up in a lounge chair beside the pool, and get into the best shape of your life. Respectfully yours, Coach This book centers on five fifty-something women who form the Bikini Team in Davidson, North Carolina. During the summer, the women meet at the local Swimming Hole clad in bikinis. At other

times of year, they gather together for parties, retreats, and social outings, usually wearing a little more than bikinis. At the heart of the book lies the metaphor of wearing bikinis in middle age. This small concept is the seed of something much larger a holistic approach to aging without giving up edginess and attractiveness. This is a book by, for, and about women who, although aging, still take care of themselves; still relish dressing up, down, and scantily; and still turn heads. Their bodies are not what they used to be. But their spirit, camaraderie, and flair make a statement that others read as stylish, free, and lots of fun. They want to spread the word.
