The New Politics of Immigration and the End of Settler Societies

The first book to comprehensively describe the history, theory, and application of prosecutorial discretion in immigration law When Beatles star John Lennon faced deportation from the U.S. in the 1970s, his lawyer Leon Wildes made a groundbreaking argument. He argued that Lennon should be granted "nonpriority" status pursuant to INS's (now DHS's) policy of prosecutorial discretion. In U.S.

immigration law, the agency exercises prosecutorial discretion favorably when it refrains from enforcing the full scope of immigration law. A prosecutorial discretion grant is important to an agency seeking to focus its priorities on the “truly dangerous” in order to conserve resources and to bring compassion into immigration enforcement. The Lennon case marked the first moment that the immigration agency’s prosecutorial discretion policy became public knowledge. Today, the concept of prosecutorial discretion is more widely known in light of the Obama Administration’s Deferred Action for Childhood Arrivals or DACA program, a record number of deportations and a stalemate in Congress to move immigration reform. *Beyond Deportation* is the first book to comprehensively describe the history, theory, and application of prosecutorial discretion in immigration law. It provides a rich history of the role of prosecutorial discretion in the immigration system and unveils the powerful role it plays in protecting individuals from deportation and saving the government resources. Shoba Sivaprasad Wadhia draws on her years of experience as an immigration attorney, policy leader, and law professor to advocate for a bolder standard on prosecutorial discretion, greater mechanisms for accountability when such standards are ignored, improved transparency about the cases involving prosecutorial discretion, and recognition of “deferred action” in the law as a formal benefit.

Immigration Practice

Immigration For Everyone!

Border Wars

Incorporating the sweeping changes that have followed the terrorist attacks of September 11, 2001, the updated *Immigration Law and Policy* mixes theory, policy, and politics with practice-oriented materials to provide an overview of immigration law and the Constitution. Topics covered include inadmissible aliens, admission procedures, deportation, refugees, undocumented aliens, relief for deportable aliens, and citizenship. Adopted at more than 140 U.S. law schools since its initial publication, the book focuses on policy questions, fact problems, and simulation exercises. The new edition also contains a revised chapter on immigration and national security and new information on the immigration debate, which discusses issues such as history, moral philosophy, race, culture, language, economics, population and the environment, politics, and the concept of home. The book offers a new simulation exercise in which the student plays the role of an attorney interviewing a prospective asylum claimant. It also provides detailed coverage of topics such as the recent Supreme Court decisions in *Rasul v. Bush*, *Hamdi v. Rumsfeld*, *Clark v. Martinez*, and *Leocal v. Ashcroft*; the Bush guest-worker proposal; caps on H-1B temporary workers; changes to the visa waiver program; domestic violence; and the U.S.-Canada safe third country agreement.

Beyond Deportation

Still a category killer, after all these years. Takes one of the most complex areas of

U.S. law and presents it in understandable terms, covering both eligibility and application procedures, for would-be immigrants and those who assist them.

Immigration Law and Defense

Two New York Times Washington correspondents provide a detailed, “fact-based account of what precipitated some of this administration’s more brazen assaults on immigration” (The Washington Post) filled with never-before-told stories of this key issue of Donald Trump’s presidency. No issue matters more to Donald Trump and his administration than restricting immigration. Julie Hirschfeld Davis and Michael D. Shear have covered the Trump administration from its earliest days. In *Border Wars*, they take us inside the White House to document how Stephen Miller and other anti-immigration officials blocked asylum-seekers and refugees, separated families, threatened deportation, and sought to erode the longstanding bipartisan consensus that immigration and immigrants make positive contributions to America. Their revelation of Trump’s desire for a border moat filled with alligators made national news. As the authors reveal, Trump has used immigration to stoke fears (“the caravan”), attack Democrats and the courts, and distract from negative news and political difficulties. As he seeks reelection in 2020, Trump has elevated immigration in the imaginations of many Americans into a national crisis. *Border Wars* identifies the players behind Trump’s anti-immigration policies, showing how they planned, stumbled and fought their way toward changes that have further polarized the nation. “[Davis and Shear’s] exquisitely reported *Border Wars* reveals the shattering horror of the moment, [and] the mercurial unreliability and instability of the president” (The New York Times Book Review).

U.S. Immigration Made Easy

"In June 2007, the Fraser Institute held a conference in Toronto, Ontario, titled, "Immigration Policy, Border Controls, and the Terrorist Threat In Canada and the United States."The chapters in this volume, which arose from this conference, raise fundamental questions about weaknesses in Canada's current immigration policies

and procedures." "The contributors to this volume identify serious threats and weaknesses in the immigration, asylum, and border regimes from both Canadian and American perspectives. The authors are not opposed to effectively managed immigration or allowing genuine refugees who pose no security threat to enter the country through a well-vetted system. All believe that the vast majority of immigrants pose no danger, but are simply seeking to improve their freedom and prosperity. Nevertheless given the stakes raised by terrorist attacks, the entry of even a small number of potentially dangerous individuals should warrant major attention and policy review."--BOOK JACKET.

Immigration Policy and the Terrorist Threat in Canada and the United States

How to Get a Green Card

Immigration & Nationality Law Handbook

Over the past several years, immigration has become a very important subject for lawmakers, key politicians, and of course those who enter the United States hoping to one day become a citizen. After 9/11, the United States government issued numerous laws addressing immigration and citizenship guidelines as well as the institutions and bodies who oversee the implementation of these laws. This latest edition of The Law of Immigration serves as a perfect introduction for those seeking to familiarize themselves with the most recent changes in immigration law. The Law of Immigration, 3rd Edition discusses immigration law, including an overview of the history of immigration laws, a discussion of the current laws as well as the evolution of the laws post-9/11. Author, Maragaret Jasper addresses key issues such as the rights and obligations of the alien, including issues of entry and admission, exclusion, employment, naturalization and citizenship, asylum, deportation, as well as visas and limitations. She outlines the process of becoming an American citizen through naturalization, and the requirements that must be met, including eligibility, the application process, testing and the oath of allegiance. The structure of the Immigration department and the Department of Homeland Security's role within the law as it applies after 9/11 is explained along with increases in border security. Various US Citizenship and Immigration resources are provided, including pertinent forms and guideline revisions.

Kurzban's Immigration Law Sourcebook

Researched and written by a top immigration lawyer, here's the complete reference for anyone needing the most recent information to immigrate legally to the United States, including instructions for registering visas, green cards, citizenship and more.

The Law of Immigration

Vulnerable But Not Broken

Kurzban's Immigration Law Sourcebook

Includes statistical tables and graphs.

Immigration Procedures Handbook

As the United States becomes more diverse, religious groups and other organizations are inviting religious workers to teach and serve in their communities. Leading immigration practitioners in this area have collaborated to bring you *Immigration Options for Religious Workers*. With this book, you will gain insight to the complexities of this category. It covers--Practical Guidance to Presenting Nonimmigrant and Special Immigrant Visa Petitions --Limits of Government Authority Within the Constraints of the First Amendment --IRS Guidelines on What is Considered a Religious Organization --Filing Requirements, Denials, Appeals and Motions --Different Occupations and How They Differ From Vocations --Whether a Foreign National Qualifies as a Religious Worker and more

Debating Immigration

Given the many ways in which immigration law can affect a single individual as well as as large corporation, most lawyers will encounter a client needing immigration law advice. Yet for the nonspecialist, immigration law can be daunting, particularly because it is governed by a complex mix of statutes, regulations, and federal and administrative court guidance as well as by adjudicatory policies from multiple administrative agencies. Thus, it is important for lawyers to understand how best to spot immigration issues for clients, and when to involve an immigration attorney for assistance with a client. This book was written by immigration law specialists who insights, guidance, and practice tips can offer help in understanding these issues. The book is meant to provide attorneys working in various areas of law with enough information to identify problematic immigration issues, counsel their clients accordingly and if the matter is advanced to know when to advise the client to consult with immigration counsel. It will also introduce attorneys to the myriad of agencies involved in the immigration process."

Immigration and Nationality Laws of the United States

This book analyzes the contemporary politics of immigration from the asylum crisis to Islamophobia, multiculturalism, and post-colonialism.

The Integration of Immigrants into American Society

The United States prides itself on being a nation of immigrants, and the country has a long history of successfully absorbing people from across the globe. The integration of immigrants and their children contributes to our economic vitality and our vibrant and ever changing culture. We have offered opportunities to immigrants and their children to better themselves and to be fully incorporated

into our society and in exchange immigrants have become Americans - embracing an American identity and citizenship, protecting our country through service in our military, fostering technological innovation, harvesting its crops, and enriching everything from the nation's cuisine to its universities, music, and art. Today, the 41 million immigrants in the United States represent 13.1 percent of the U.S. population. The U.S.-born children of immigrants, the second generation, represent another 37.1 million people, or 12 percent of the population. Thus, together the first and second generations account for one out of four members of the U.S. population. Whether they are successfully integrating is therefore a pressing and important question. Are new immigrants and their children being well integrated into American society, within and across generations? Do current policies and practices facilitate their integration? How is American society being transformed by the millions of immigrants who have arrived in recent decades? To answer these questions, this new report from the National Academies of Sciences, Engineering, and Medicine summarizes what we know about how immigrants and their descendants are integrating into American society in a range of areas such as education, occupations, health, and language.

Immigration Options for Religious Workers

Thoroughly revised and expanded, this is the definitive reference on American immigration from both historic and contemporary perspectives. It traces the scope and sweep of U.S. immigration from the earliest settlements to the present, providing a comprehensive, multidisciplinary approach to all aspects of this critically important subject. Every major immigrant group and every era in U.S. history are fully documented and examined through detailed analysis of social, legal, political, economic, and demographic factors. Hot-topic issues and controversies - from Amnesty to the U.S.-Mexican Border - are covered in-depth. Archival and contemporary photographs and illustrations further illuminate the information provided. And dozens of charts and tables provide valuable statistics and comparative data, both historic and current. A special feature of this edition is the inclusion of more than 80 full-text primary documents from 1787 to 2013 - laws and treaties, referenda, Supreme Court cases, historical articles, and letters.

Michigan Law and Practice Encyclopedia

Immigration and Naturalization Law of the United States serves as a one-stop source for the most important federal legislation affecting immigration and naturalization, supplementing any casebook on the subject. With its consistent timeliness and reasonable pricing, this publication is a staple in classrooms nationwide. The 2005 edition reflects important amendments to the Immigration and Nationality Act, including changes in the Legal Immigration Family Equity (LIFE) Act and LIFE Act Amendments, as well as the Child Citizenship Act of 2000, the disability oath waiver legislation, and the new H-1B and V and K visa provisions. Other forms include I-551, the Alien Registration Receipt Card; I-589, the Request for Asylum in the United States; I-9, the Employee Eligibility Verification; I-94, the Arrival-Departure Record; I-130, the Petition for Alien Relative; ETA-750, the Application for Alien Certification; I-140, the Petition for Prospective Immigration Employee; and I-485, the Application for Permanent Residence.

What Every Lawyer Needs to Know about Immigration Law

This completely revised and updated guide provides the most up-to-date information available on the ever-changing U.S. immigration regulations and provides accurate, easy-to-follow information on employment categories and types of visas. Legal guidelines have been translated into a readable format and include instructions for employers, a question-and-answer chapter, sample forms, addresses and telephone numbers of Immigration and Labor Department offices, and a directory of immigration lawyers. New information on the US-Visit program and the Child Status Protection Act is provided.

The Immigration Act of 1990 Today

Immigration and Refugee Law and Policy

This report, *Vulnerable But Not Broken*, provides an overview on the myriad issues facing unaccompanied children from Central America apprehended at the Southwest border of the United States. The document highlights these children's ability to overcome challenging histories and adapt to the changes in familial and social environment that life in the United States presents, and identifies some of the key supportive resources that can help them to do so. The psychosocial aspects of this humanitarian crisis are reviewed, outlining priority areas for future research and providing recommendations for culturally and developmentally informed practice, programs, and legal advocacy.

Immigration and Nationality Act

Federal Procedural Forms, Lawyers Edition

The Law Library presents the complete text of the Affidavits of Support on Behalf of Immigrants (U.S. Citizenship and Immigration Services Regulation) (USCIS)

(2018 Edition). Updated as of May 29, 2018 This final rule adopts, with specified changes, an interim rule published by the former Immigration and Naturalization Service on October 20, 1997. This final rule clarifies several issues raised under the interim rule regarding who needs an affidavit of support, how sponsors qualify, what information and documentation they must present, and when the income of other persons may be used to support an intending immigrant's application for permanent residence. These changes are intended to make the affidavit of support process clearer and less intimidating and time-consuming for sponsors, while continuing to ensure that sponsors will have sufficient means available to support new immigrants when necessary. The final rule also makes clear that, when an alien applies for adjustment of status in removal proceedings, the immigration judge's jurisdiction to adjudicate the adjustment application includes authority to adjudicate the sufficiency of the affidavit of support. This ebook contains: - The complete text of the Affidavits of Support on Behalf of Immigrants (U.S. Citizenship and Immigration Services Regulation) (USCIS) (2018 Edition) - A dynamic table of content linking to each section - A table of contents in introduction presenting a general overview of the structure
