An irresistible story from Kasie West that explores the timeless question What do you do when you fall for the person you least expect? When Autumn Collins finds herself accidentally locked in the library for an entire weekend, she doesn't think things could get any worse. But that's before she realizes that Dax Miller is locked in with her. Autumn doesn't know much about Dax except that he's trouble. Between the rumors about the fight he was in (and that brief stint in juvie that followed it) and his reputation as a loner, he's not exactly the ideal person to be stuck with. Still, she just keeps reminding herself that it is only a matter of time before Jeff, her almost-boyfriend, realizes he left her in the library and comes to rescue her. Only he doesn't come. No one does. Instead it becomes clear that Autumn is going to have to spend the next couple of days living off vending-machine food and making conversation with a boy who clearly wants nothing to do with her. Except there is more to Dax than meets the eye. As he and Autumn at first grudgingly, and then not so grudgingly, open up to each other, Autumn is struck by their surprising connection. But can their feelings for each other survive once the weekend is over and Autumn's old life, and old love interest, threaten to pull her from Dax's side?

Award-winning author Duncan Tonatiuh reimagines one of Mexico's cherished legends. Princess Izta had many wealthy suitors but dismissed them all. When a mere warrior, Popoca, promised to be true to her and stay always by her side, Izta

fell in love. The emperor promised Popoca if he could defeat their enemy Jaguar Claw, then Popoca and Izta could wed. When Popoca was near to defeating Jaguar Claw, his opponent sent a messenger to Izta saying Popoca was dead. Izta fell into a deep sleep and, upon his return, even Popoca could not wake her. As promised Popoca stayed by her side. So two volcanoes were formed: Iztaccíhuatl, who continues to sleep, and Popocatepetl, who spews ash and smoke, trying to wake his love.

The framework for teaching document is an evolving instrument, but the core concepts and architecture (domains, components, and elements) have remained the same. Major concepts of the Common Core State Standards are included. For example, deep conceptual understanding, the importance of student intellectual engagement, and the precise use of language have always been at the foundation of the Framework for Teaching, but are more clearly articulated in this edition. The language has been tightened to increase ease of use and accuracy in assessment. Many of the enhancements to the Framework are located in the possible examples, rather than in the rubric language or critical attributes for each level of performance.

When I Was Puerto Rican

Saxon Math Course 3

Esmeralda Santiago's story begins in rural Puerto Rico, where her childhood was full of both tenderness and domestic strife, tropical sounds and sights as well as poverty. Growing up, she learned the proper way to eat a guava, the sound of tree frogs in the mango groves at night, the taste of the delectable sausage called morcilla, and the formula for ushering a dead baby's soul to heaven. As she enters school we see the clash, both hilarious and fierce, of Puerto Rican and Yankee culture. When her mother, Mami, a force of nature, takes off to New York with her seven, soon to be eleven children, Esmeralda, the oldest, must learn new rules, a new language, and eventually take on a new identity. In this first volume of her much-praised, bestselling trilogy, Santiago brilliantly recreates the idyllic landscape and tumultuous family life of her earliest years and her tremendous journey from the barrio to Brooklyn, from translating for her mother at the welfare office to high honors at Harvard.
