Under The Volcano

'Her name was Felicia, a name Cullen liked. He wondered as he sipped his beer, what ancestral dance had produced such impish racoon eyes -eyes she was fond of hiding behind oversized sunglasses that only served to emphasise her nose, a perfect minature. And what, he wondered, might be the genealogy of that wickedly sullen mouth?' Cullen Kinnell, precariously employed by a small Catholic college in Honolulu, commits a fatal error. He falls for one of his students -Felicia Mattos. Cullen Kinnell is an intelligent man and old enough to know better than to play with fire. Gary Kissick's witty and richly expressive first novel explores how unsuitable love can cause an eruption of conflicting emotions, from which no one emerges

unscathed.

Transactions of the Pacific Fisheries Society at Its Annual Meeting

The highest conception of the ultimate reality must also be the highest form of ānanda, ecstasy. Śrī Chaitanya Mahāprabhu is Kṛṣṇa, ecstasy Himself, tasting His own sweetness and dancing in ecstatic joy. His own Holy Name is the cause of His ecstasy, expressed as dancing, and the Holy Name is the effect of His ecstasy, expressed as chanting and singing. The cause is the effect. The dynamo is creating ecstatic energy which makes Him dance, and His chanting and singing distributes that ecstasy to others. This is the all-conquering conclusion.

Volume 8 of the Palik Series, published in conjunction with the North American Jules Verne Society Take a Trip Down the GOLDEN DANUBE Jules Verne's "Extraordinary Journeys" often used the travelogue mode, and here the author offers a voyage down the entire length of the Danube, from Germany to the Black Sea. However, rather than the placid "blue" Danube of classical conception, Verne offers one which is golden, in multiple ways. Smugglers are operating along the river, with the police in pursuit, and the hero is a champion fisherman who is abducted and forced to prove his courage. Synopsis: Jules Verne's 'Extraordinary Journeys' often used the travelogue mode, and here the author offers a voyage down the entire length of the Danube, from Germany to the Black Sea. However, rather than the placid 'blue' Danube of classical conception, Verne offers one which is golden, in multiple ways. Smugglers are operating along the river, with the police in pursuit, and the hero is a champion fisherman who is abducted and forced to prove his courage. Critique: A true 'time lost' literary treasure, this newly available work of the legendary French author, Jules Verne, 'Golden Danube', is an extraordinarily entertaining novel that has stood up well to the test of time. Ably

translated into English by Kieran M. O'Driscoll, and under the editorial aegis of the North American Jules Verne Society in the person of Brian Taves, 'Golden Danube is a 'must read' for the legion of Jules Verne fans and will prove to be an enduringly popular addition to personal and community library collections. -- Midwest Book Review

Transactions of the 1st-2d Annual Meeting

The Golden Volcano thrusts two Canadian cousins unexpectedly bequeathed a mining claim in the Klondike into the middle of the gold rush, where they encounter disease, disaster, extremes of weather, and human nature twisted by a passion for gold. A deathbed confidence sends the two searching for a fabulous gold-filled volcano on the shore of the Arctic Ocean. But nature, both human and physical, hasn't finished with them, and their story plays out with the nail-biting adventure of an action thriller and the moral and emotional force of high drama. Like many of the works left unpublished when Jules Verne died, The Golden Volcano was altered and edited by his son, Michel. This first translation from the original manuscript allows readers of English to rediscover the pleasures of Verne's storytelling in its original form and to enjoy a virtually unknown gem of action, adventure, and style from a master of French literature.

The Golden Volcano

Golden Volcano of Divine Love The life and precepts of Sri Chaitanya Mahaprabhu. " In the agony of separation from Sri Krishna, volcanic eruptions of ecstasy arise from the heart of Sri Chaitanya Mahaprabhu, and His teachings [Sikshastakam] flow like streams of golden lava from His lips". In the first section of this compelling narrative biography, Swami B.R. Sridhar describes the pastimes, the divine identity, and the supremely merciful nature of Sri Chaitanya Mahaprabhu. His compelling description of Mahaprabhu's sannyas ceremony is both sweet and sad at the same time. The second section contains the eight Siksastakam verses that Sri Chaitanya Mahaprabhu has given us, along with the author's divinely inspired commentary. This glorification of Sri Siksastakam is in itself a unique and deeply devotional gift to the entire world.

Winter In Volcano

Early Days

The Golden Bough: The magic art and the evolution of kings (2 v.)

Scientists estimate that this "rather rare beast" in northern Arizona first erupted in A.D. 1064, and then on and off for a century and a half. Cinders from the final eruption, rusty red from the iron they contain, give the cone a distinctive sunset glow, hence the name.

First Stop

The Golden Volcano

A Companion to Under the Volcano

Under the Volcano is a popular history written by a master storyteller. It explores the island of Bali in a way that will enthrall both lovers of history and curious visitors. Bali has been a dream of paradise for many travellers. Nehru said, "This is the last paradise . . . This is the morning of the world. " Yet it has also seen much bloodshed - from the ritual suicides of Balinese warriors to the recent Islamist bombing of the Sari Club. In Under the Volcano, Cameron Forbes looks at the blood and the beauty of Bali, through interviews, legends, reporting and history. He tells the stories of surfers, jihadists and drug-runners, and traces the rich religious and cultural fabric of Balinese life. In so doing, he brings the story of the island paradise up to date.

The Golden Age of Science

The fourteen essays that comprise this volume concentrate on festival iconography, the visual and written languages, including ephemeral and permanent structures, costume, dramatic performance, inscriptions and published festival books that 'voiced' the social, political and cultural messages incorporated in processional entries in the countries of early modern Europe. The volume also includes a transcript of the newly-discovered Register of Lionardo di Zanobi Bartholini, a Florentine merchant, which sets out in detail the expenses for each worker for the possesso (or Entry) of Pope Leo X to Rome in April 1513.

THE GOLDEN BOUGH

Outing

A Book of Golden Deeds

An item-by-item discussion of the innumerable, often obscure details of Malcolm Lowry's novel, this book comprises 1,600 notes covering some 7,000 specific points. The notes are keyed to page numbers in the Penguin paperback and the two standard hardback editions. The appendices include a glossary, bibliography, maps of the region, and an index of motifs. In their comprehensive but unpedantic commentary on the novel's complexities, the authors' emphasis is on the narrative level. All points of obscurity are followed by an interpretation of fact. Thus references are noted to films, books, places, foreign languages, and national and tribal histories. Special attention is given to the literary, mystical, and Mexican background.
