Professionally printed and bound, we've used quality paper stock and a premium weight stock cover to create a book that makes a great gift as well as one you'd love to own. We interviewed people who make beer at home to find out what was most valuable to them in a log book such as this one. You'll find pages to record recipes including room for ingredients, the boil, fermentation and any fermentation additions (fruit etc). We included enough pages to log 47 recipes - that's almost one a week for a year if you are really ambitious or enough to build a great recipe collection over a few years time. At 150 pages - this book will be appreciated and used over and over again - making you the gift giving superstar. Let's face it, this is a much better gift than a generic gift card for the mall. Sized at 6 x 9 - this was the most preferred size by those we interviewed. Big enough for notes yet portable enough to take with you to pick up supplies and to home brewing club meetings, this book is perfectly sided to slide in a desk drawer too. Appreciated gift for members of home brewing clubs - this book is one you'll be so glad to have on hand. Loera Publishing LLC was
