It's the longest road in the world - an asphalt strip that stretches through cities, towns and isolated farms, and that binds mountains, prairies and rugged bush between two coasts. It's been barely two generations since the Trans-Canada Highway's last stretch of blacktop was laid in the Rogers Pass, but that's been plenty of time for it to leave a permanent right-of-way in the national imagination. Everybody loves a road story, and the Trans-Canada Highway is the world's biggest

stage for one. The Longest Road hops in the driver's seat, wind up the engine and heads out to tell it.

Mergers have affected railroads in ways few other industries have experienced, and in the last 50 years they have steered the business direction of American railroads. *Leaders Count* brings readers the dramatic story of how the Aurora Branch Railroad, which spanned from Aurora, Illinois, to Chicago, grew and developed into the modern-day BNSF Railway. The story begins with the many ways railroads shaped and settled the country and tells how the founders' commitment to their dreams ensured the railroad's success. The profiles of tenacious leaders like James J. Hill, known as The Empire Builder, and Matthew Rose, current CEO of BNSF, will inspire readers. This is a case history of the business strategies that have taken this company from its humble beginnings to the industry giant that it is today. More than 75 photos from the company's extensive archives accompany the story of BNSF's evolution. As one of the largest and most successful of U.S. railroads, BNSF Railway is a vibrant example of today's freight railroad industry. While the book provides a brief history of railroads in general, including the five principal companies making up the present day BNSF, its focus is on the critical decisions and strategies implemented by its leaders, choices that ensured the railroad's survival. *Leader Count* will be released on the tenth anniversary of the merger that brought the Burlington Northern and the Santa Fe railroads to create the industry titan that it is today.

In June 2008 Ben Cunningham and five friends set out to cycle from Alaska to Argentina, along the Pan-American Highway, the world's longest land route. It measures 25,000 km and passes through fourteen countries and two continents, from the vast bear country of Alaska and northern Canada to the densely populated cities of Los Angeles and Lima. It moves from hot to cold, from forest to desert, English to Spanish and everything in between. In Ireland, the expedition generated national interest: it was the first time such a cycling challenge had been attempted by Irish people. An inspirational tale of adventure and endurance, of what can happen when you get on your bike.

This carefully crafted ebook: “The Count of Monte Cristo + The Three Musketeers + The Man in the Iron Mask (3 Unabridged Classics)” contains 3 unabridged classic books in one volume and is formatted for your eReader with a functional and detailed table of contents. The Count of Monte Cristo is an adventure novel by Alexandre Dumas, first published in serial form from August 1844 until January 1846. The story takes place in France, Italy, islands in the Mediterranean, and in the Levant during the historical events of 1815–1838. It begins from just before the Hundred Days period and spans through to the reign of Louis-Philippe of France. The historical setting is a fundamental element of the book. It focuses on a man who is wrongfully imprisoned, escapes from jail, acquires a fortune and sets about getting revenge on those responsible for his imprisonment. However, his plans have devastating consequences for the innocent as well as the guilty. The Three Musketeers is a novel by Alexandre Dumas, first published in serial form in 1844. Set in the 17th century, it recounts the adventures of a young man named d'Artagnan after he leaves home to travel to Paris, to join the Musketeers of the Guard. D'Artagnan is not one of the musketeers of the title; those are his friends Athos, Porthos and Aramis, inseparable friends who live by the motto "all for one, one for all", a motto which is first put forth by d'Artagnan. The Man in the Iron Mask climactically concludes the epic adventures of the three Musketeers. The Man in

the Iron Mask is a name given to a prisoner arrested as Eustache Dauger in 1669 or 1670, and held in a number of jails, including the Bastille and the Fortress of Pignerol. He was held in the custody of the same jailer, Bénigne Dauvergne de Saint-Mars, for a period of 34 years. The possible identity of this man has been thoroughly discussed and has been the subject of many books, because no one ever saw his face, which was hidden by a mask of black velvet cloth. Alexandre Dumas, père (1802 - 1870) was a French writer, best known for his numerous historical novels of high adventure which have made him the most widely read French author in the world. Prolific in several genres, Dumas began his career by writing plays, which were successfully produced from the first. He also wrote numerous magazine articles and travel books.

in the Iron Mask

The Longest Road: Finding Peace with the Past is a powerful, compelling and true story. Starting with the trauma of growing up poor in a dysfunctional family caught in extreme denial, Lyttle captivates her readers with tales of profound fear, pain and tragic betrayal. It is the story of a young, single mother's courageous and often desperate struggle to survive and raise a son in a life filled with hardship. It is the story of how she suffers unspeakable trauma when her son is finally reunited with the real birth father and how it all goes terribly wrong. Finally, it is a story of a mother's love for her son and her journey down the longest road to find peace and reconcile with the past. The book covers many compelling, complex issues that many of us, in some form, deal with—alienation, birthright, reunification, family of origin issues and abandonment. Shocking, real, moving and completely captivating—it is a story you will not want to put down.

“Forgiveness is the longest road, yet it is the shortest distance between two hearts.” —Whinburg Amish proverb Thirteen years ago, two little Amish girls

disappeared from an orchard in Whinburg Township, Pennsylvania. It was just a blip on the TV news ... until it became very, very personal for Megan and Ashley Pearson. Ashley doesn't believe the story has anything to do with her. A straight-A student, she's leaving for college with her boyfriend, and nothing is going to interfere with her plans for her life. But Megan isn't so sure. She's had dreams and nightmares that could be explained by long-buried memories. A road trip to Whinburg Township might give her some answers—and give her empty life a purpose besides playing video games in her parents' basement. Samuel Riehl left the Amish church when his shame over his part in his sisters' disappearance grew too heavy to carry, and is trying to live Englisch, never quite able to look into a passing buggy in case he sees his mother's face. And Rebecca Riehl, the Amish woman who lost not two, but three children all those years ago, has never stopped loving them, never stopped praying for them, and never stopped hoping that God will grant her a miracle. Two sisters want the truth. Two mothers want their daughters back. But will betrayal and loss prove stronger than love on the longest road home?

farm in ruins, twelve-year-old Laurie Field and her younger brother, Buddy, believe their world has ended when their grieving, debt-ridden father brings them to live with their reprobate grandfather in the Oklahoma Panhandle, promising to send for them when he finds one of those fabled jobs luring thousands to California. Abandoned and afraid, the children find hope in the songs taught them by Johnny Morrigan, an itinerant oil field worker who hitched a ride with the family on his way to Texas. Desperate to escape their brutal grandfather, Laurie and Buddy hop a train clanging west and become fall in with a hobo named Way after he saves them from a sinister tramp. In California, the children find only heartbreak, so they and Way set out for Texas in the hopes of reuniting with Johnny Morrigan. Like the fellow travelers they encounter on the roads and rails crisscrossing America, Laurie, Buddy, and Way take joy in simple pleasures such as a campfire meal, a starry night, and a song. They learn firsthand the kindness ordinary folk can show to those even poorer. At last, in lusty Texas oil field towns, they find work, Morrigan, and a deadly menace as Laurie grows from innocent girl to vibrant woman. A riveting story of hardship, adventure, and romance, *The Longest Road* pays glorious tribute to the men and women who kept the American dream alive during the Great Depression.
