The Purpose Driven Life

The controversial journalistic analysis of the mentality that fostered the Holocaust, from the author of *The Origins of Totalitarianism* Sparking a flurry of heated debate, Hannah Arendt's authoritative and stunning report on the trial of German Nazi leader Adolf Eichmann first appeared as a series of articles in *The New Yorker* in 1963. This revised edition includes material that came to light after the trial, as well as Arendt's postscript directly addressing the controversy that arose over her account. A major journalistic triumph by an intellectual of singular influence, *Eichmann in Jerusalem* is as shocking as it is informative—an unflinching look at one of the most unsettling (and unsettled) issues of the twentieth century.

When Calls the Heart

Foreword by Julia Sweeney
In his own inimitable style, Robert Price in this volume challenges Rick Warren's bestselling book: *A Purpose Driven Life*. With the rapier's sword of Price's insight wrapped in a devastating sense of humor, he leaves not just Warren but all similar fundamentalistic religious leaders bleeding and exposed for what they are: anxiety-driven, survival-seeking, power-hungry people masquerading under the banner of piety or hiding behind the sounds of the sacred.
-John Shelby Spong, Author of *A New Christianity for a New World*
The wittiest, most thorough, and most devastating critique of the religion of the Evangelicals that I have ever read. It left me wondering how the religion of great Protestant heroes of faith like Luther and Bunyan can have turned into the inane religion of Ned Flanders, Homer Simpson's neighbor.
-Don Cupitt, Anglican priest, Fellow of Emmanuel College in Cambridge University, religious philosopher, and the author of forty books
Pastor Rick Warren's *The Purpose-Driven Life* has been both a commercially successful best seller and a widely influential book in the Christian community. As a rejoinder to the fundamentalist assumptions of Warren's book, Robert M. Price, a biblical scholar, a member of the Jesus Seminar, and a former liberal Baptist pastor, offers this witty, thoughtful, and detailed critique. Following the concise forty-chapter structure of Warren's book, Price's point-counterpoint approach emphasizes the importance of reason in understanding life's realities as opposed to Warren's devotional perspective. Price, who was once a born-again Christian in his youth, is in a unique position to offer an appreciation of the wisdom that Warren shares while at the same time challenging many of his main points. In particular, Price takes issue with Warren's use of numerous scriptural quotations, demonstrating how many of them have little to do with the points Warren is trying to make. An important section of the book shows that the popular evangelical notion of a personal relationship with Jesus Christ is utterly without any scriptural basis. Besides criticism, Price also provides many persuasive arguments for the use of reason as a tool for developing moral maturity and an intelligent, realistic perspective on life's highs and lows. Ultimately, the reason-driven life offers a healthier, alternative approach to wisdom and motivation, says Price, than the simplistic answers and feel-good emotionalism at the heart of Warren's prescription for life.
Robert M. Price, Ph.D. (Selma, NC), professor of scriptural studies at the Johnnie Colemon Theological Seminary, is the editor (with

The Purpose Driven Life

What on Earth Am I Here For? Purpose Driven Life

Life crises can throw you into a tail-spin—a lost job, a failed relationship, a struggling business, a financial mess. Where do you start? How do you pull it together? How do you begin again? Tom Holladay experienced a catastrophe firsthand when a sudden flood in California destroyed his home, his church, and the homes of many church members. Tom and his congregation had to rebuild, and they used the principles in the book of Nehemiah to get back on their feet. Now a teaching pastor at Saddleback Church, Tom will help you discover seven principles for putting it together again that will give you the direction you need to get rolling on that fresh start. Holladay will walk you through seeing every problem as an opportunity, facing the obstacles head on and taking your first step, knowing how to expect and reject opposition, build on your success, and dedicating yourself to the One who rebuilds our souls. The task of starting again can seem impossible. And sometimes you just need to rebuild your confidence and regain a sense of purpose. If you're trying to find the emotional energy, but you just don't have it in you, let Holladay encourage you. He understands how difficult and rewarding the business of rebuilding is. This book is your encouraging how-to guide to starting again and stepping into a better future.

"I'm pregnant." Author Brianna Lightfoot Smith never actually said those words to her husband. She just walked through the kitchen, shell-shocked, and handed him the pregnancy test. It shouldn't have come as a surprise. They were not using birth control and many of her recent, seemingly random encounters involved children--couples with children already or couples planning to have them. Nevertheless, the possibility of a life-changing event happening versus staring at the proof that it has in fact happened evokes a different set of emotions. In this twenty-one-day devotional, Lightfoot Smith shares her journey from fear to faith and how one unexpected pregnancy would forever empower both her and others to do bold and scary things.

The Purpose-driven Life

With her characteristic brilliance, grace and radical audacity, Angela Y. Davis has put the case for the latest abolition movement in American life: the abolition of the prison. As she quite correctly notes, American life is replete with abolition movements, and when they were engaged in these struggles, their chances of success seemed almost unthinkable. For generations of Americans, the abolition of slavery was sheerest illusion. Similarly, the entrenched system of racial segregation seemed to last forever, and generations lived in the midst of the practice, with few predicting its passage from custom. The brutal, exploitative (dare one say lucrative?) convict-lease system that succeeded formal slavery reaped millions to southern jurisdictions (and untold miseries for tens of thousands of men, and women). Few predicted its passing from the American penal landscape. Davis expertly argues how social movements transformed these social, political and cultural institutions, and made such practices untenable. In *Are Prisons Obsolete?*, Professor Davis seeks to illustrate that the time for the prison is approaching an end. She argues forthrightly for "decarceration", and argues for the transformation of the society as a whole.
