## Farmed and Dangerous

This book offers a revolutionary way to tell bedtime stories helping to make bedtime a time of peace, calm and sleep for your child. Based on psychological principles and techniques, these stories will help to guide your child comfortably asleep. They are to be read to your child at bedtime, rather than with or by your child. These bedtime stories are written to be read to 4-7 year old's (they can be read to children as young as two) as they rest in bed with their eyes shut listening along. Each of the stories takes about 10-15 minutes to read. The sleepy bedtime story approach has been taught to many parents and used by professionals working in care homes to help children fall asleep at night. This approach can be used with any story, but this is the first time that stories have been written specifically to optimise the effectiveness of the techniques. If you are after a scientific, calming, relaxing approach to getting your child to sleep, then this is definitely the bedtime stories book for you.

## Sacred Souls

The myths—and reality—behind the state of Israel In this groundbreaking book,

published on the fiftieth anniversary of the Occupation, the outspoken and radical Israeli historian Ilan Pappé examines the most contested ideas concerning the origins and identity of the contemporary state of Israel. The “ten myths” that Pappé explores—repeated endlessly in the media, enforced by the military, accepted without question by the world’s governments—reinforce the regional status quo. He explores the claim that Palestine was an empty land at the time of the Balfour Declaration, as well as the formation of Zionism and its role in the early decades of nation building. He asks whether the Palestinians voluntarily left their homeland in 1948, and whether June 1967 was a war of “no choice.” Turning to the myths surrounding the failures of the Camp David Accords and the official reasons for the attacks on Gaza, Pappé explains why the two-state solution is no longer viable.

Beloved storyteller Belva Plain understands the rich tapestry of the human heart like no other. Her many dazzling New York Times bestsellers probe the shifting bonds of marriage and family with insight, compassion, and uncommon grace. And her new novel is no exception. A tale of fathers and daughters, lovers and families, acts of love and acts of betrayal, *Her Father’s House* is Belva Plain’s most powerful and unforgettable novel yet. It is the spring of 1968 when Donald Wolfe, a young graduate of a midwestern law school, arrives in New York. Filled with ambition and idealism, he is dazzled not only by the big city but by the vivacious, restless Lillian, whom he marries in the heat of infatuation. Surely theirs is no marriage made in heaven, but they have a child, Tina, and she is the love of Donald’s heart. For her he would give up everything--his home, his distinguished career, and his freedom. When his flawed marriage begins to fail, a choice must be made. Shall he consider a step that would force him into flight and a life of hiding? From her earliest years, Tina is exceptional, a brilliant student and a joyous, loving spirit. At the university she falls in love with Gilbert, who graduates from law school just as she is about to enter medical school. Together they go to New York, where she learns the truth about her family’s past, a truth that must change her regard for the father who has protected and cherished her. When a terrible lie has been told out of love, can it be forgiven? With courage and compassion, Belva Plain paints a moving portrait of the choices that shape the course of our lives, the secrets that haunt us, and the love that helps us heal and move on. It is a work of riveting storytelling and rare emotional power by one of the most gifted novelists of our time.
