Triumph of a Time Lord

The 1940's: Decade of Triumph and Trouble

It's about joy, strength, and triumph in the most unlikely and chilling circumstances. It's about people who faced and conquered frightening challenges. Then they opened windows into their lives to let the rest of us see how they overcame.

Country Music Changed My Life

The Triumph of Seeds

NEW YORK TIMES BESTSELLER • NAMED ONE OF THE BEST BOOKS OF THE YEAR BY THE NEW YORK TIMES BOOK REVIEW AND THE ECONOMIST
Winner of the Natan Book Award, the National Jewish Book Award, and the Anisfield-Wolf Book Award

An authoritative and deeply personal narrative history of the State of Israel, by one of the most influential journalists writing about the Middle East today Not since Thomas L. Friedman's groundbreaking *From Beirut to Jerusalem* has a book captured the essence and the beating heart of the Middle East as keenly and dynamically as *My Promised Land*. Facing unprecedented internal and external pressures, Israel today is at a moment of existential crisis. Ari Shavit draws on interviews, historical documents, private diaries, and letters, as well as his own family's story, illuminating the pivotal moments of the Zionist century to tell a riveting narrative that is larger than the sum of its parts: both personal and national, both deeply human and of profound historical dimension. We meet Shavit's great-grandfather, a British Zionist who in 1897 visited the Holy Land on a Thomas Cook tour and understood that it was the way of the future for his people; the idealist young farmer who bought land from his Arab neighbor in the 1920s to grow the Jaffa oranges that would create Palestine's booming economy; the visionary youth group leader who, in the 1940s, transformed Masada from the neglected ruins of an extremist sect into a powerful symbol for Zionism; the Palestinian who as a young man in 1948 was driven with his family from his home during the expulsion from Lydda; the immigrant orphans of Europe's Holocaust, who took on menial work and focused on raising their children to become the leaders of the new state; the pragmatic engineer who was instrumental in developing Israel's nuclear program in the 1960s, in the only interview he ever gave; the zealous religious Zionists who started the settler movement in the 1970s; the dot-com entrepreneurs and young men and women behind Tel-Aviv's booming club scene; and today's architects of Israel's foreign policy with Iran, whose nuclear threat looms ominously over the tiny country. As it examines the complexities and contradictions of the Israeli condition, *My Promised Land* asks difficult but important questions: Why did Israel come to be? How did it come to be? Can Israel survive? Culminating with an analysis of the issues and threats that Israel is currently facing, *My Promised Land* uses the defining events of the past to shed new light on the present. The result is a landmark portrait of a small, vibrant country living on the edge, whose identity and presence play a crucial role in today's global political landscape. Praise for *My Promised Land* "This book will sweep you up in its narrative force and not let go of you until it is done. [Shavit's] accomplishment is so unlikely, so total . . . that it makes you believe anything is possible, even, God help us, peace in the Middle East."—Simon Schama, *Financial Times* "[A] must-read book."—Thomas L. Friedman, *The New York Times* "Important and powerful . . . the least tendentious book about Israel I have ever read."—Leon Wieseltier, *The New York Times Book Review* "Spellbinding . . . Shavit's prophetic voice carries lessons that all sides need to hear."—*The Economist* "One of the most nuanced and challenging books written on Israel in years."—*The Wall Street Journal*

J. Robert Oppenheimer is one of the iconic figures of the twentieth century, a brilliant physicist who led the effort to build the atomic bomb for his country in a time of war, and who later found himself confronting the moral consequences of scientific progress. In this magisterial, acclaimed biography twenty-five years in the making, Kai Bird and Martin Sherwin capture Oppenheimer's life and times, from his early career to his central role in the Cold War. This is biography and history at its finest, riveting and deeply informative. From the Trade Paperback edition.

Times of Challenge

#1 New York Times Bestseller OPRAH'S BOOK CLUB PICK "Extraordinary." —Stephen King "This book is not simply the great American novel; it's the great novel of las Americas. It's the great world novel! This is the international story of our times. Masterful." —Sandra Cisneros También de este lado hay sueños. On this side, too, there are dreams. Lydia Quixano Pérez lives in the Mexican city of Acapulco. She runs a bookstore. She has a son, Luca, the love of her life, and a wonderful husband who is a journalist. And while there are cracks beginning to show in Acapulco because of the drug cartels, her life is, by and large, fairly comfortable. Even though she knows they'll never sell, Lydia stocks some of her all-time favorite books in her store. And then one day a man enters the shop to browse and comes up to the register with a few books he would like to buy—two of them her favorites. Javier is erudite. He is charming. And, unbeknownst to Lydia, he is the jefe of the newest drug cartel that has gruesomely taken over the city. When Lydia's husband's tell-all profile of Javier is published, none of their lives will ever be the same. Forced to flee, Lydia and eight-year-old Luca soon find themselves miles and worlds away from their comfortable middle-class existence. Instantly transformed into migrants, Lydia and Luca ride la bestia—trains that make their way north toward the United States, which is the only place Javier's reach doesn't extend. As they join the countless people trying to reach el norte, Lydia soon sees that everyone is running from something. But what exactly are they running to? American Dirt will leave readers utterly changed. It is a literary achievement filled with poignancy, drama, and humanity on every page. It is one of the most important books for our times. Already being hailed as "a Grapes of Wrath for our times" and "a new American classic," Jeanine Cummins's American Dirt is a rare exploration into the inner hearts of people willing to sacrifice everything for a glimmer of hope.

The Life and Times of Alexander Hamilton

When the Bad Times Are Over for Good

Journalist Riley MacCormick enjoys spending weekends at his rural home in Virginia west of DC. His fiancée Rebekah Storm agrees to tie the knot with him, but life takes a vicious twist. Cataclysmic events in the U.S. threaten to unravel its superpower status, sending devastating shockwaves through world governments and markets. Riley creates a political firestorm, when he reveals the identity of the "son of perdition" in his column. The sinister night invasion of his home by the U.S. government sends him scrambling for the safety of the forests. There he unifies his friends into a dynamic force to be reckoned with, as he renews his battle against the enemy of men's souls. Life in the USA is dramatically impacted by the unfolding narrative in Israel and the middle-east. The serpent/dragon has wrested control of the world to himself through his servant lord Shachar. There is much glory to be had, but Riley is in it for a much nobler cause. He resolves to fight to the death if necessary. Mickey McConnell lives in Georgia USA. Life experiences for Mickey include: being father of a wonderful son and a wonderful daughter, having terrific parents, being a preacher for 18 years, pastor for two years, prison ministry, business man in the home construction industry and columnist in his local newspaper. Mr. McConnell is an intensive Bible scholar and thoroughly enjoys life application discussions of every sort. He has traveled to all 50 states and seven countries. He has authored two other books: "Almighty God Refuses Access" and "Everyone Must Choose." He also loves history and geography and possesses a voracious appetite for national and international geopolitical news. His unusual diversity of interests, talents, and life experiences have uniquely prepared him to write such a book as this.

Life and Times of Daniel O'Connell

The #1 New York Times bestseller that has all America talking: as seen/heard on Morning Joe, CBS This Morning, The Bill Simmons Podcast, Rich Roll, and more. Shortlisted for the Financial Times/McKinsey Business Book of the Year Award "The most important business—and parenting—book of the year." —Forbes "Urgent and important. . . an essential read for bosses, parents, coaches, and anyone who cares about improving performance." —Daniel H. Pink "So much crucial and revelatory information about performance, success, and education." —Susan Cain, bestselling author of Quiet "As David Epstein shows us, cultivating range prepares us for the wickedly unanticipated... a well-supported and smoothly written case on behalf of breadth and late starts." —Wall Street Journal Plenty of experts argue that anyone who wants to develop a skill, play an instrument, or lead their field should start early, focus intensely, and rack up as many hours of deliberate practice as possible. If you dabble or delay, you'll never catch up to the people who got a head start. But a closer look at research on the world's top performers, from professional athletes to Nobel laureates, shows that early specialization is the

exception, not the rule. David Epstein examined the world's most successful athletes, artists, musicians, inventors, forecasters and scientists. He discovered that in most fields—especially those that are complex and unpredictable—generalists, not specialists, are primed to excel. Generalists often find their path late, and they juggle many interests rather than focusing on one. They're also more creative, more agile, and able to make connections their more specialized peers can't see. Provocative, rigorous, and engrossing, *Range* makes a compelling case for actively cultivating inefficiency. Failing a test is the best way to learn. Frequent quitters end up with the most fulfilling careers. The most impactful inventors cross domains rather than deepening their knowledge in a single area. As experts silo themselves further while computers master more of the skills once reserved for highly focused humans, people who think broadly and embrace diverse experiences and perspectives will increasingly thrive.

Unveiling the End Times in Our Time

Twilight Triumph

This historic book may have numerous typos and missing text. Purchasers can usually download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1855 edition. Excerpt: (c)HA IP TIGS XX. "Tis to create, and in creating live A being more intense, that we endow With form our fancy, gaining aa we giv(c) The life we image, ev'n as I do now." Byron. (Mrs. Hebenlioff alone.) J hear the voices of Lina and Mr. Korner coming up the yard. I will read this chapter of my Tale to them, and see if (hey approve it. They give me right cordial encouragement in my work, hut tremble a little for my free pen. I fear that this will startle them--Hilda and Zoe, too! and better still, the little three-year-old. You are welcome, friends; be seated, pray. And seeing that my larder is unfurnished with dainties for your refreshment, shall I give you a tit-bit from my romance? or are you not in the mood for it?" "O yes," said all at once; "pray give it us." "I like to see your progress; go on, you will be read, never fear," said Mr. Korner. "When are we to be immortalized, dear Lisbet?" said Mrs. Korner, " for I see your fashion is to serve us up for the benefit of the public." "Yes, I am acting upon your motto, ' make your friends useful as well as ornamental.' Do you feel damaged thereby?" "O no! I like myself very well, idealized as I am. But are you sure that every one you dress up in this way will?" "I have not asked them. They must get used to it. My revelations are nothing to what will be made of them at the day of judgment, when we shall know as we are known. Won't that be a glorious time?" "Ha, ha! a woman's heaven that, where her curiosity will bo fully gratified. But why don't you imagine characters, or take them from a greater distance? Novelists usually do, I believe," said Mr. Korner. "O you

and a few others are good enough for me; only tip you off with a little glory here and there, excepting you, however, wh

Signs of the Times

An analysis of the four-term president's famous "fear itself" speech evaluates how FDR transformed his office and revitalized American morale throughout the first 100 days of his presidency, in an account that cites the contributions of his family members, advisors, and fellow polio survivors. Reprint. 50,000 first printing.

Restoration and Revival, Or, Times of Refreshing

The Defining Moment

“The one who reads this is blessed, and those who hear the words of this prophecy and keep what is written in it are blessed, because the time is near!” —Revelation 1:3 (HCSB) Respected Bible teacher and beloved pastor Adrian Rogers takes readers on a breathtaking journey through the “blessing book” of Revelation with Unveiling the End Times in Our Time. Indeed, Revelation offers every Christian believer a dramatic and hope-filled overview of what the end of days will be like. Although some think Revelation is confusing, or even scary, with its talk of dragons and beasts, the text contains a proper understanding of where his- tory is headed. Rogers makes clear how the signs of the times already reveal God's plan for bringing his people to full redemption, empowering us to live boldly while expecting the return of King Jesus as the triumphant Lamb.

American Prometheus

Times of Challenge

A New Selection of Seven Hundred Evangelical Hymns

Jan Swafford's biographies of Charles Ives and Johannes Brahms have established him as a revered music historian, capable of bringing his subjects vibrantly to life. His magnificent new biography of Ludwig van Beethoven peels away layers of legend to get to the living, breathing human being who composed some of the world's most iconic music. Swafford mines sources never before used in English-language biographies to reanimate the revolutionary ferment of Enlightenment-era Bonn, where Beethoven grew up and imbibed the ideas that would shape all of his future work. Swafford then tracks his subject to Vienna, capital of European music, where Beethoven built his career in the face of critical incomprehension, crippling ill health, romantic rejection, and "fate's hammer," his ever-encroaching deafness. Throughout, Swafford offers insightful readings of Beethoven's key works. More than a decade in the making, this will be the standard Beethoven biography for years to come.

TRling TIMES

The intent and uses of science are a continuing preoccupation, especially in public debates on issues such as new pharmaceuticals, cloning, stem cells, genetically modified foods, and assisted reproduction. Times of Triumph, Times of Doubt, written by the eminent geneticist and historian Elof Carlson, explores the moral foundations of science and their role in these hot-button issues. Carlson chooses a variety of case histories and describes their scientific background and the part played by scientists in the application of their work, including their motivations and reactions to bad outcomes, both real and alleged. He examines why ethical lapses have occurred in these areas, why bad things happen when, for the most

part, those who worked on the science had only good intentions in mind, and how such lapses can be prevented from occurring in the future. This exploration of ethics and science is important reading for those interested in issues of science and society, including journalists, theologians, legislators, lawyers, and scientists themselves.

My Promised Land

A fascinating work of the Torah outlook on astrology and the mazalot, examining the power and limits of the Zodiac in classical Jewish sources.

Labour & Triumph

The Triumph of Injustice: How the Rich Dodge Taxes and How to Make Them Pay

America's runaway inequality has an engine: our unjust tax system. Even as they became fabulously wealthy, the ultra-rich have had their taxes collapse to levels last seen in the 1920s. Meanwhile, working-class Americans have been asked to pay more. The Triumph of Injustice presents a forensic investigation into this dramatic transformation, written by two economists who revolutionized the study of inequality. Eschewing anecdotes and case studies, Emmanuel Saez and Gabriel Zucman offer a comprehensive view of America's tax system, based on new statistics covering all taxes paid at all levels of government. Their conclusion? For the first time in more than a century, billionaires now pay lower tax rates than their secretaries. Blending history and cutting-edge economic analysis, and writing in lively and jargon-free prose, Saez and Zucman dissect the deliberate choices (and sins of indecision) that have brought us to today: the gradual exemption of capital owners; the surge of a new tax avoidance industry, and the spiral of tax competition among nations. With clarity and concision, they explain how America turned away from the most progressive tax system in history to embrace policies that only serve to compound the wealth of a few. But The Triumph of Injustice is much more than a laser-sharp analysis of one of the great political and intellectual failures of our time. Saez and Zucman propose a visionary, democratic, and practical reinvention of taxes, outlining reforms that can allow tax justice to triumph in today's globalized world and democracy to prevail over concentrated wealth. A pioneering companion website allows anyone to evaluate proposals made by the authors, and to develop their own alternative tax reform at taxjusticenow.org.

The life, writings, opinions, and times of lord Byron, by an English gentleman in the Greek military service

Beethoven

The Prophetic Times

Why do many people and companies crumble in the face of difficulty, while others use adversity to bounce back even stronger? Here from New York Times bestselling author Keith McFarland is a leadership fable for those wary of fables, a story that rejects pat, heard-it-before advice and shows—in a startlingly fresh way—how to use challenges to make both yourself and your organization stronger. Mike Maloney, division manager for Boston-area tech firm CRX, returns from a business trip late one night feeling demoralized. His unit is about to lose its biggest customer and its most valuable employee. Mike wonders how much longer he and his staff can keep up their relentless work schedule and meet upper management's new request for cost cuts. Something has to give. Hoping to blow off steam, he heads to a gym, where he runs into Joe, a former army Ranger. After listening to Mike vent about the cards he's been dealt, the ex-soldier says, "Sounds like your company is ready to bounce." Mike looks confused, so Joe begins tutoring him in lessons from the battlefield. It is precisely when all seems lost, says Joe, that the opportunity exists to rethink a situation and make real progress. Over the next two weeks, Joe turns Mike's view of himself and his company upside down. Despite his Ivy League MBA and extensive experience running companies, Mike has a lot to learn from this young grunt just back from Afghanistan. For example, he learns that under pressure, people experience two kinds of anxiety—one that hurts performance and one that helps it. Mike uses the insight to get his troops running toward the sound of gunfire, and in the process, learns that "bounce" can happen outside the workplace, too. With Joe's help, he finds his own personal bounce. Drawing inspiration from such sources as the work of M.I.T. social scientist Ed Schein, the film Saving Private Ryan, and his own experiences as a CEO leading companies, McFarland cleverly weaves a story whose practical insights can be put to use immediately. With an invaluable wrap-up section at the book's end that analyzes each of the key ideas and shows how they can be applied in work and personal life, Bounce may be the most indispensable guide to facing challenges ever written. From the Hardcover edition.

Times of Triumph, Times of Doubt

If merely coping with the pain in your life is all you're doing, then you aren't living as you were meant to live. Granted, coping is admirable, but there is a way to metabolize suffering--to transform it into strength, turning trouble into triumph.

Zoë, Or, the Quadroon's Triumph; a Tale for the Times

Life and Times of Girolamo Savonarola

In this business fable, Mike Maloney, division manager for tech firm CRX, wonders if he and his staff can keep up their relentless work schedule and meet all their objectives, but his increasing despair turns into proactive leadership after he receives va

American Dirt (Oprah's Book Club)

"The genius of Hanson's fascinating, inspiring, and entertaining book stems from the fact that it is not about how all kinds of things grow from seeds; it is about the seeds themselves." --Mark Kurlansky, New York Times Book Review We live in a world of seeds. From our morning toast to the cotton in our clothes, they are quite literally the stuff and staff of life: supporting diets, economies, and civilizations around the globe. Just as the search for nutmeg and pepper drove the Age of Discovery, coffee beans fueled the Enlightenment and cottonseed sparked the Industrial Revolution. Seeds are fundamental objects of beauty, evolutionary wonders, and simple fascinations. Yet, despite their importance, seeds are often seen as commonplace, their extraordinary natural and human histories overlooked. Thanks to this stunning new book, they can be overlooked no more. This is a book of knowledge, adventure, and wonder, spun by an award-winning writer with both the charm of a fireside story-teller and the hard-won expertise of a field biologist. A fascinating scientific adventure, it is essential reading for anyone who loves to see a plant grow.

Range

Before Saturday March 26th 2005, "Doctor Who" had been off the air as a regular, new TV series for more than fifteen years; until a production team led by Russell T. Davies re-imagined the programme so successfully, so triumphantly, that it's become an instant Christmas tradition, a BAFTA winner, an international 'superbrand' and a number one rated show. It's even been credited with reinventing family TV. This is the first full-length book to explore the 'new Who' phenomenon through to the casting of Matt Smith as the new Doctor. It explores "Doctor Who" through contemporary debates in TV Studies about quality TV and how can we define TV series as both 'cult' and 'mainstream'. Further, the book challenges assumptions in focusing on the importance of breath-taking, dramatic moments along with narrative structures, and in analysing the significance of Murray Gold's music as well as the series' visual representations. Matt Hills is a lifelong "Who" fan and he also considers the role of fandom in the show's return. He investigates too the multi-generic identity, the monster-led format, and the time-travelling brand of BBC Wales' 'Doctor Who'. In the twenty-first century, TV is changing, but the last of the Time Lords has been more than ready: he's been fantastic.

A Time to Triumph

The African-born daughter of missionaries, nineteen-year-old Leonie Benedict arrives in New York in 1913. She knows no one in the city, and she is newly pregnant as a result of her love affair with her cousin's husband, journalist Grayson Marlowe. Refusing to be afraid in this strange and challenging new world, and using her brief experience in a restaurant, she undertakes to open her own eating establishment. Rose Manero, the first person she hires will, in time, become not only a friend for life but a partner in what evolves into a successful chain of restaurants. Having given up hope of ever again seeing the father of her child, Leonie gets on with her life, and loses both a dear friend and a lover to the First World War and to the Spanish Influenza epidemic that follows. Yet she forges ahead. Set in the period between the start of WWI and the end of WWI, we travel through the time with Leonie, her children, Grayson, and Rose; following the social and political events of the time. With a heart and a spirit that will not be broken, Leonie is a rare and remarkable woman.

Bounce

In this book based on new interviews, some of country music's greatest stars share personal moments of redemption, inspiration, and heartache related to the music that shaped their lives. Brenda Lee explains how her childhood singing gift raised her entire family out of dire poverty, and Pat Boone speaks about the spiritual influence of his father-in-law, Red Foley. Barbara Pittman talks about her childhood friendship with Elvis Presley, while Little Jimmy Dickens divulges how Hank Williams came to write a song for him and why he never recorded it. Mickey Gilley talks about gladly living in, then gladly escaping, the shadow of his cousin Jerry Lee Lewis, and Hank Thompson reveals how his background in electrical engineering helped revolutionize country music. More stories from Glen Campbell, Don Williams, Johnny Legend, Chris Hillman, and many others explain the inspiration and effect of country music in their lives.

The Life and Times of the Right Honourable Sir James R. G. Graham, Bart., G.C.B., M.P.

Powerful Prophetic Vision for the Church Amid the Current Global Tumult We are living in one of the most violent, chaotic, and permissive times in history--and each year the darkness looms larger. In the face of such overwhelming evil, how can we, the church, even begin to overcome? In this empowering and practical book, Chuck Pierce--one of the most accurate prophets ministering today--shows believers how to embrace their prophetic destiny in the midst of these tumultuous times. Offering a glimpse into what lies ahead, specifically the years 2017-2026, he explains · China's and Russia's crucial roles in the end times · how the Antichrist system is aligning with existing government structures · Israel's pivotal role in world events · prophecies fulfilled through the blood moons · changing alliances among nations and what these mean · the coming harvest in the church · the culmination of a new world order in 2026 Many kingdoms in this age are vying to rule.

We must understand what it means to stand strong as believers in Jesus Christ--and what spiritual forces we are facing. The stage is set; the battle is waging. It's time to fight as never before. And it's time for God's Kingdom to triumph.
