This season Frommer's America on Wheels takes you across the country with complete coverage of 35 states, including reliable ratings and reviews of more than 10,000 new lodgings and restaurants. The five new titles complete the nine-book series, which now covers virtually the entire country. As always, every hotel, motel, resort, lodge, and inn has been fully inspected and rated from one to five flags according to America on Wheels' benchmark rating system, with our special "Ultra" award reserved for the best of the best. Restaurants, too, have undergone the scrutiny of our tireless experts, who have highlighted local favorites, exceptional values, and those restaurants that are worth a splurge. Our hard-nosed, experienced travel professionals gain the trust of readers by providing them with the unvarnished truth about a property's weaknesses as well as its strong points: "Shoe-horned into a tiny spot just a corner too far from the shops, but the curved driveway with fountains and flowers makes an appropriately posh

entrance", "Recent rehab has brightened the decor, but deep-pile wall-to-wall carpeting conjures up memories of early Howard Johnsons", "All the usual refinements, including Italian marble bathrooms; but even in a climate where temperatures climb over 100degrees F, many guests might prefer windows that can be opened.". More than just lists of data, our reviews give readers the know-how of travel professionals. New this season: -- Reliable ratings and reviews of more than 10,000 properties -- Expanded major city coverage, with lodgings and restaurants keyed to neighborhood maps -- 24 pages of 4-color maps -- \$500 in money-saving coupons -- Increased attention to the needs of today's traveler, from dataports to low-fat menus In addition, coverage of each state includes: -- Hundreds of lodging and restaurant listings, featuring super-clear icons that make it easy for readers to find what they're looking for at a glance -- from golf courses to kid-friendly restaurants -- An in-depth introduction, including essential trip-planning information and background highlighted by fun facts about each state Graceland is the second most-visited house in America (only the White House has more visitors) Seattleites buy more sunglasses per capita than the people of any other city Portland is the only city in America with an extinct volcano within its city limits -- Mount Tabor -- Our "Best of the State" section, featuring highlights of what to see and do, information on events and festivals, and everything enthusiasts need to know about outdoor recreation and spectator sports -- Scenic driving tours ranging from afternoon outings to longer trips, with all tours keyed to maps. -- Hundreds of sights and attractions that are worth a detour,

Popular Science

This reference book is a complete guide to the trends and leading companies in the engineering, research, design, innovation and development business fields: those firms that are dominant in engineering-based design and development, as well leaders in technology-based research and development. We have included companies that are making significant investments in research and development via as many disciplines as possible, whether that research is being funded by internal investment, by fees received from clients or by fees collected from government agencies. In this carefully-researched volume, you'll get all of the data you need on the American Engineering & Research Industry, including: engineering market analysis, complete industry basics, trends, research trends, patents, intellectual

property, funding, research and development data, growth companies, investments, emerging technologies, CAD, CAE, CAM, and more. The book also contains major statistical tables covering everything from total U.S. R&D expenditures to the total number of scientists working in various disciplines, to amount of U.S. government grants for research. In addition, you'll get expertly written profiles of nearly 400 top Engineering and Research firms - the largest, most successful corporations in all facets of Engineering and Research, all cross-indexed by location, size and type of business. These corporate profiles include contact names, addresses, Internet addresses, fax numbers, toll-free numbers, plus growth and hiring plans, finances, research, marketing, technology, acquisitions and much more. This book will put the entire Engineering and Research industry in your hands. Purchasers of either the book or PDF version can receive a free copy of the company profiles database on CD-ROM, enabling key word search and export of key information, addresses, phone numbers and executive names with titles for every company profiled.
