Best in Show is a collection of photographs of well-groomed and award-winning dogs by New York City-based photographer Dolly Faibyshev. The images from the Westminster Kennel Club Dog Show and beyond focus on the unique—and often humorous—relationship between each dog and their handler. Dolly Faibyshev focuses on kitsch, irony, and the larger than life human and canine characters that make up Best in Show. The result is a colorful, vibrant, campy, and satirical take on this specific slice of Americana.

- The colorful, closely cropped juxtapositions of each coiffed canine contestant and their dedicated human are both humorous and charming.
- Sure to delight fans of all breeds of dogs
- A universal and ideal book for all canine lovers with a sense of humor Best in Show captures a specific subculture of dog devotees primarily from the infamous Westminster Kennel Club Dog Show at Madison Square Garden in New York.
- A perfect book for anyone who is completely and totally obsessed with dogs and the Westminster Kennel Club Dog Show
- Photographers and contemporary art lovers will also love this celebration of Dolly Faibyshev's work
- Great for fans of The Dogist: Photographic Encounters with 1,000 Dogs by Elias Weiss Friedman, Dogs by Lewis

Yamaha Warrior 1987-2004

Veteran journalist and author of *The Commandos* Douglas Waller chronicles his rare and intimate experience with the training program for Navy pilots in this “engrossing saga that will likely become an unofficial recruiting tool for naval aviation” (Publishers Weekly). Waller, who was granted permission to participate in the pilots’ grueling training regime, has written an absorbing behind-the-scenes account of the physical and psychological trials endured by the

most specialized group of pilots in military history. From his bird's-eye view in the passenger's seat, Waller follows pilot trainees through two years of intense preparation. He offers vivid illustrations from the fray: hair-raising aerial dogfights; stomach-swallowing dive-bombing runs; high-speed tactical maneuvers grazing the desert floor; and numerous nerve-twisting aircraft carrier takeoffs and landings. In addition to his own experiences and those of the group of trainees he joins, his research is based on interviews with hundreds of other students and their instructors. Hurling through the air at death-defying speeds, these pilots-in-training struggle to maintain their composure while withstanding conditions that are designed to challenge them to the very limits of human endurance. Waller's deftly drawn portraits of the men and women he encounters in this singular culture of elite pilots are as satisfying as his adventure narrative. The pilots, whose grit, determination, and mental agility operate on an elevated threshold, come into sharp focus behind Waller's keen lens: their aspirations, awe inspiring. *Air Warriors* combines an examination of the modern Navy, recovering from past sex scandals, with a portrayal of a privileged cadre of men and women whose ambition and commitment coexist within a tightly knit group. Waller is able to capture images of these pilots training, living, and fighting with an acuity and intelligence that are often absent from Hollywood and television treatments of this diverse and fascinating subculture. *Air Warriors* takes us inside the cockpit and behind closed doors for the real story of the making of a Navy pilot.
