Bound By Duty In a time of raids and ransoms, Aidan MacLeod is responsible for a formidable Scottish keep and all the people within. Yet the fearless Highland laird never forgets his charge to shield his young half-brother from the grave consequences of his tragic birth. Linked By Fate But an alluring stranger known only as Syrena could undo all of Aidan's defenses. For Syrena has vowed to bring Aidan's brother to a realm far from the Scotland of their understanding. To succeed, she is at Aidan's mercy. Divided By Desire Ignoring his attraction to the beautiful Syrena is pointless. But if Aidan lets himself trust the enchanting woman who has so quickly captured his heart, he'll be forced to risk everything he has sworn to protect. . . Praise for Debbie Mazzuca and Lord of the Isles "Delightful. A wonderful debut!" --Hannah Howell "Mazzuca weaves Fairy magic, Scottish highlanders and time travel into a delightful adventure of love that's meant to be!" --Melissa Mayhue

British Welding Journal

The Grower (London).

This popular guide focuses on common misconceptions in the application of the Wiring Regulations. It explains in clear language those parts of the Regs that most need simplifying, outlining the correct procedures to follow and those to avoid. Emphasis has been placed on areas where confusion and misinterpretation is common, such as earthing and bonding, circuit design and protection, and in particular the increased use of RCDs. It is an affordable reference for all electrical contractors and other workers involved in electrical installations. It will enable safe and efficient compliance and help answer queries quickly to ensure work complies with the latest version of the Wiring Regulations. With the coverage carefully matched to the syllabus of the City & Guilds Certificate in the Requirements for Electrical Installations (2382-10 and 2382-20) and containing sample exam questions and answers, it is also an ideal revision guide. Brian Scaddan, I Eng, MIET, is a consultant for and an Honorary Member of City & Guilds. He has over 35 years' experience in Further Education and training. He is Director of Brian Scaddan Associates Ltd, an approved City and Guilds and NICEIC training centre offering courses on all aspects of Electrical Installation Contracting including the C&G 2382 series. He is also a leading author of books on electrical installation. * Fully up-to-date with the 17th Edition IEE Wiring Regulations and the C&G 2382 syllabus * Simplifies the advice found in the Regs, explaining what they mean in actual working practice * Expert advice from an engineering training consultant,
